DIRECTORS' REPORT

FOR THE PERIOD ENDED 31 JANUARY 2008

The directors present their report and audited financial statements of Automobile Association Insurance Services Holdings Limited (the "Company") for the 13 month period ended 31 January 2008.

PRINCIPAL ACTIVITY AND REVIEW OF THE BUSINESS

The principal activity of the Company is that of a holding company. The Company did not trade during the period.

On 18 September 2007, the AA Group, of which the Company is a member, was acquired by the Acromas Group for £3.35 billion. Further details of this acquisition can be found in the accounts of Acromas Holdings Limited.

As a result of this acquisition, the Company changed its year end to 31 January 2008, being the Acromas group year end, meaning that these financial statements cover a thirteen month period.

Due to the nature of the Company, the directors are of the opinion that analysis using key performance indicators is not necessary for an understanding of the development, performance or position of the business.

PRINCIPAL RISKS AND UNCERTAINTIES

The Company is part of the Acromas Holdings Limited Group. Its financial risks are managed centrally by the Group Treasury team taking into account the Company's position as part of the group with due consideration being given to the impact of transactions with other group entities. The most important components of financial risk impacting the Company are interest rate risk, credit risk and liquidity risk.

Interest rate risk arises from inter-company balances which bear interest at LIBOR plus a margin, bank borrowings and from short term investments held with financial institutions. The directors have reviewed the Company's exposure to interest rates and have concluded that the risk is appropriate in relation to financial results of the Company. No action has therefore been taken to mitigate the Company's exposure to movements in interest rates.

Credit risk is the risk that a counterparty will be unable to pay amounts in full when due. The exposure on any individual counterparty is assessed as very low so the directors believe that the credit risk for the Company is acceptable.

Liquidity risk is the risk that cash may not be available to pay obligations when due. This risk is managed centrally by the Treasury team, within parameters set by the Acromas Group. The directors are satisfied that the Company is not subject to significant liquidity risk.

In order to manage these risks, the Company has put in place rigorous procedures and controls designed to prevent these risks occurring or, where this is not possible, to mitigate their effects. These controls are monitored both by the Compliance and Internal Audit functions to ensure they are working effectively.

DIRECTORS' REPORT (continued)

FOR THE PERIOD ENDED 31 JANUARY 2008

DIVIDENDS

The directors do not recommend the payment of a dividend in respect of the period (year to 31 December 2006: £nil).

DIRECTORS

The directors of the Company during the period were as follows:

Stuart Howard (appointed 18 September 2007)
Andrew Strong (appointed 18 September 2007)
Timothy Parker (resigned 18 September 2007)
Paul Woolf (resigned 18 September 2007)

John Davies was appointed Company Secretary on 18 September 2007.

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). The financial statements are required by law to give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

APPOINTMENT OF AUDITORS

During the year Ernst & Young LLP were appointed as auditor to the Company to fill a casual vacancy left by the resignation of the previous auditor. The previous auditor had indicated that there are no issues connected with their resignation that they wish to bring to the attention of the shareholders.

DIRECTORS' REPORT (continued)

FOR THE PERIOD ENDED 31 JANUARY 2008

In accordance with s. 386(2) of the Companies Act 1985, the company has elected to dispense with the obligation to appoint auditors annually, in which case the incumbent auditors, Ernst & Young LLP, are deemed re-appointed.

DISCLOSURE OF INFORMATION TO AUDITORS

Each current Director has made enquiries of their fellow directors and the Company's auditor and taken all the steps that they are obliged to take as a director in order to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

Relevant audit information is that information needed by the auditor in connection with preparing its report. So far as each director approving this report is aware, and based on the above steps, there is no relevant audit information of which the auditor is unaware.
