DYMAG RACING U.K. LIMITED - IN ADMINISTRATION

Report and Proposals of the Administrators under the provisions of Paragraph 49 of Schedule B1 to the Insolvency Act 1986

CONTENTS

1. Introduction
2. Company history and circumstances giving rise to the appointment of administrators
3. The administration period
4. Other matters
5. The administrators' proposals
6. Statement of affairs
7. Conclusion

APPENDICES

- I Statutory information and details of appointment of administrators
- II Directors' estimated statement of affairs
- III Administrators' account of receipts and payments, incorporating estimated outcome for creditors and trading account
- IV Information in support of administrators' remuneration
- V Administrators' time costs and expenses
Form 2.20B - Notice of Creditors' Meeting, along with an abstract of Rule 2.38 Insolvency Rule 1986 relating to voting rules.

Enclosures

- o Statement of Claim
- o Proxy Form

1. INTRODUCTION

- 1.1 Following our appointment as joint administrators on 16 October 2009 by the directors, we are submitting our proposals for achieving the purposes of the administration.

2. COMPANY HISTORY AND CIRCUMSTANCES GIVING RISE TO THE APPOINTMENT OF ADMINISTRATORS

- 2.1.1 Dymag Racing U.K. Limited ("the Company") commenced trading in 1990. Having purchased the trade and assets from another company.
- 2.1.2 The Company established a reputation as a leading designer and manufacturer of racing & performance road wheels for cars and motorcycles.
- 2.1.3 Throughout the Company's trading life it had been supported financially by its principal shareholder Yoshiyuki Takei. To this end the total amount advanced by him was in excess of £5million, most of which had been introduced as long term loans to the Company.
- 2.1.4 The Company invested large amounts of its capital in the development and design of carbon fibre wheels and rapidly saw itself as a market leader in this field. However, this research and development put a huge financial toll on an already cash-strapped business.
- 2.1.5 By the time of our appointment it had designed and developed a five and three spoke single piece carbon fibre bike wheel. It had also manufactured and patented a process for manufacturing a carbon fibre rim and mounting it to a metal centre for car wheels.
- 2.1.6 Through this period the Company continued to produce and sell its "traditional" magnesium alloy race wheels and design specialist wheels for customers such as Koenigsegg and Ariel.
- 2.1.7 With these contracts and a number of other key customers either already ordering or in the process of placing orders the Company appeared to be getting to a position where it was able to sustain itself. However, it was never able to achieve this, with further investment required of approximately \$800,000 in 2009.
- 2.1.8 With this in mind the management sought a partner or purchaser with which to take the business forward. Whilst these discussions were positive they failed, eventually, to come to fruition.
- 2.1.9 At the same time the Company received a claim from one of its customers. The customer had been supplied with wheels which were later found to be faulty. The Company recalled those wheels and replaced them with ones of a higher quality.
- 2.1.10 However, further recompense was requested for loss of reputation on the part of the customer. Whilst attempts were made to reach a settlement no agreement could be found.

- 2.1.11 My firm, Milsted Langdon of One Redcliff Street, Bristol, BS1 6NP, first met with one of the directors, Andrew Goswell, on 6 August 2009 with a view to providing advice on the Company's financial position to him. He was concerned as to what action should be taken if a deal could not be reached with the customer in light of the Company's poor cash position.
- 2.1.12 Prior to that consultation, neither we nor the firm, had any dealings or involvement with the Company, the directors, or its secretary.
- 2.1.13 We were approached again on 9 October 2009 and advised that the board were becoming increasingly concerned that a settlement with the customer was not achievable and a concern that a further injection of capital would be required. This view was strengthened by an investigation by HM Revenue & Customs which concluded that £100,000 may be required to deal with outstanding import/export duties.
- 2.1.14 Our conclusions and recommendations in respect of the financial position of the Company can be summarised as follows:
- i The Company was insolvent as it could not afford to pay its creditors as they fell due.
 - ii Due to the level of losses being made, the Company should not continue to trade, either with or without the protection of an administration, unless further funding could be obtained.
 - iii That a purchaser should be found for the business and that if there were concerns that a creditor may take enforcement action against the Company, this could take place through an administration.
- 2.1.15 Having considered all the options, the directors considered the best route for the Company was for it to be placed into administration and subsequently, on 16 October 2009, the shareholders made the direct appointment of an administrator in accordance with paragraph 14 of Schedule B1 to the Insolvency Act 1986.

3. THE ADMINISTRATION PERIOD

3.1 Trading

- 3.1.1 We were made aware that a number of parties had expressed an interest in purchasing the business prior to our instruction. However, in order to achieve a sale the Company needed to continue trading. Having carried out an initial review of the Company's cash requirement over a period of 10 weeks it appeared to need approximately £170,000 of funding.
- 3.1.2 The Company's bank HSBC Bank Plc were fully secured, against guarantee monies provided by Mr Y Takei and therefore were unwilling to advance further funds without further security being given. Consequently Mr Takei offered to provide the required funding to the administration, as a loan, to allow sufficient time to find a purchaser.
- 3.1.3 With sufficient funding in place we were able to re-engage suppliers in order to ensure continued supply to the Company's customers and for us to make the necessary payments for the supplies that were required.

- 3.1.4 Once trading started it became clear that the Company's cash requirement was likely to be higher than anticipated and therefore further action was required. It proved necessary to make 6 of the staff redundant and to reduce the expected trading period by half. In addition to this having reviewed the Company's costing methods and its pricing structure it proved necessary to increase the Company's trade and retail prices by up to 35%.
- 3.1.5 Unfortunately, in the period up to our appointment the Company had taken a number of deposits from customers for goods that had not yet been supplied or, in some cases, produced. As a consequence of the administration it was necessary to contact all of these customers and advise them that the wheels could not be provided without further payment being made. In some cases this was forthcoming and the wheels later supplied, in others the order was cancelled.
- 3.1.6 There were also a number of suppliers who claimed retention of title over goods supplied but not paid for. Where these claims were proven to be valid, agreements were entered into to pay for the supplies used or to return the goods if they were no longer required.
- 3.1.7 In addition to the Company's manufactured wheels it also provided wheels for one large customer. These wheels were produced in Taiwan and shipped to the UK and then passed direct to the customer. This appeared to be one of the Company's most prestigious and profitable contracts and to that end it was imperative that this supply chain was kept functioning. By liaising with the parties involved we were able to keep this contract going. (This contract was later sold.)
- 3.1.8 Unfortunately, as explained below it was not possible to attain a sale of the business as a going concern and therefore the trade ceased on 27 November 2009. All employees were made formally redundant and the factory closed. The majority of orders were able to be fulfilled before trade ceased although inevitably there were a small proportion that could not.

3.2 Sale of the business

- 3.2.1 As stated above there were a number of parties who had expressed an interest in the business in the lead-up to our appointment and further parties came forward once my appointment was announced.
- 3.2.2 I also advertised the business for sale on specialist mailing lists as well as advertising my appointment as administrator. Whilst this produced some interest the majority of the interest came from the racing community and word of mouth.
- 3.2.3 A basic sales memorandum was circulated to all interested parties and indicative offers were requested by 6 November 2009. During this period I provided any available information requested to interested parties and attended site visits to those that wished to view the facilities.
- 3.2.4 On 6 November 2009 I had 3 indicative offers to consider. The highest being for £2.7million with another just below. I proceeded with these two offers and requested proof of funding from both parties, before heads of terms were drawn up. Unfortunately, by 12 November 2009 no proof of funding was provided by either party. Consequently, I had to restart the negotiations with my third highest bidder Mr Takei.

- 3.2.5 Mr Takei had not made an offer for the whole of the business but only for the “carbon” wheel intellectual property and the outsourced work mentioned above at 3.1.7. Whilst discussions were had about extending this offer, it became apparent that it was not going to be achievable given the level of further capital injection any such business would need.
- 3.2.6 Proof of funding was provided and a sale agreement was completed on 23 November 2009. As part of this sale agreement we were permitted to continue manufacturing and selling carbon fibre wheels for a further week to complete existing orders.
- 3.2.7 The total consideration to be paid by Mr Takei under the sale agreement was £428,439 although a proportion of this was set off against the loan to the administration referred to above.
- 3.2.8 As this sale had been agreed and no parties had come forward to purchase the “metal” wheel business we instructed agents to put together a sale of the machinery the Company used. This was largely of an elderly nature, the two newer items were under a rental agreement which provided the Company with no financial interest. The auction closed on 8 December 2009 and there still remain a few items left to be sold. However, it is anticipated that this sale should realise approximately £25,000.
- 3.2.9 Whilst there was no interest in the “metal” wheel business there has been interest in the tooling and intellectual property relating to this part of the business. Whilst it is not anticipated that this will realise significant sums for the administration I have asked for best and final offers by close of business on 9 December 2009.

3.3 Receipts and payments

- 3.3.1 Appendix III comprises a summary of the administrators’ receipts and payments. This summary shows both receipts and payments to date together with an estimate of the outcome for creditors.

3.4 Secured creditors

- 3.4.1 HSBC Bank Plc held fixed and floating charges over the assets of the Company secured by a debenture created on 28 November 2002 and registered on 11 December 2002. The Bank’s lending at the date of the administration amounted to some £124,349. This has been repaid as part of the sale to Mr Takei.
- 3.4.2 Legal advice was provided by my solicitor to the validity of the debenture prior to a distribution being made. Since the debenture pre-dates 15 September 2003 when the Enterprise Act 2002 came into force, the provisions contained within that legislation as regards making funds available to unsecured creditors from floating charge realisations will not apply.
- 3.4.3 As the Bank’s liability was extinguished by the sale of fixed charge assets (intellectual property and patents) any surplus and realisations from other assets can be made available to other creditors in the order of priorities.

4. OTHER MATTERS

4.1 Report on the Directors' conduct

- 4.1.1 I am obliged to submit a report on the conduct of all directors who have acted in the three years prior to the insolvency to the Department for Business Innovation and Skills. The report will remain confidential between myself and the Secretary of State, since to disclose its content may prejudice any action which the Secretary of State may bring under the Company Directors Disqualification Act 1986.
- 4.1.2 I would ask that any creditor with information that may be relevant to the submission of the report provide this to me as soon as possible.

4.2 Preferential creditors

- 4.2.1 Under the terms of the Enterprise Act 2002, the Crown's preferential status in respect of VAT and PAYE debts has now been abolished.
- 4.2.2 I estimate that some of the employees who were made redundant following my appointment have preferential claims in respect of outstanding wages and holiday pay of approximately £15,000. Some of these claims have been paid by the Redundancy Payments Service which stands in the shoes of employees in respect of preferential elements of their claims. The employees who were made redundant were given the appropriate forms to claim compensation from the Redundancy Payments Service.

4.3 Unsecured creditors

- 4.3.1 Due to the realisations made from the sale of the business we think it is likely that there will be a distribution to unsecured creditors in this case. Unfortunately, as can be seen from the statements in appendix II, the quantum of these will depend on funds due to be received from trading receipts and therefore cannot be certain at this time.
- 4.3.2 It is, however, important to note that the level of unsecured debt is high (in excess of £5million) and therefore the percentage return for individual creditors may be relatively low. A list of creditors is enclosed at Appendix III, along with the directors' estimated statement of affairs as at 23 November 2009. No work has been undertaken in respect of verification of these claims and this work will only be undertaken once we are in a position to ascertain the value of the distribution.

5. THE ADMINISTRATORS' PROPOSALS

5.1 Purpose of the administration

- 5.1.1 We are required to set out our proposals for achieving the purpose of the administration which, in this context, means one of the objectives specified in paragraph 3 of Schedule B1 to the Act, as set out at Appendix I of this report.
- 5.1.2 For the reasons set out in this report, we presently consider that it is not reasonably practicable to achieve the objective specified in sub-paragraph 3(1)(a) (see Appendix I), and consequently the most appropriate objective to pursue in this case is that specified in sub-paragraph 3(1)(b), namely achieving a better result for the Company's creditors as a whole than would be likely if the Company were wound up (without first being in administration).
- 5.1.3 It is proposed that we remain in office for the time being to deal with the realisation of the Company's remaining assets, to deal with the agreement and payment of preferential creditors, to distribute any other surplus funds appropriately, and to complete certain statutory duties.

5.2 Exit from administration

- 5.2.1 It is proposed that the administration will end by the Company going into Creditors Voluntary Liquidation. If the Company is placed into Creditors Voluntary Liquidation it is proposed that Simon Ashley Rowe will be appointed Liquidator. However, creditors may nominate a different liquidator providing nomination to that effect is received before the approval of these proposals.

5.3 Section 176A - Fund for Unsecured Creditors

- 5.3.1 Section 176A of the Insolvency Act 1986 provides that, where the Company has created a floating charge after 15 September 2003, the administrator must make part of the Company's net property available for the unsecured creditors.
- 5.3.2 The charge held by the Bank was created prior to 15 September 2003 and Section 176A will not apply.

5.4 Administrators' remuneration

- 5.4.1 It is proposed that the remuneration of the administrators shall be fixed by reference to time properly spent by them and their staff in attending to matters arising from the administration and that they be authorised to draw remuneration as and when funds are available on account of their time costs.
- 5.4.2 It is proposed that the administrators' disbursements shall be payable on the basis of the firm's published tariff, details of which have been disclosed to creditors. Details of time incurred and disbursements drawn will be reported to creditors in accordance with *Statement of Insolvency Practice 9*.

- 5.4.3 The time costs at 8 December 2009 are £80,263.24. This represents 723.94 hours at an average rate of £110.87 per hour. Attached is a time analysis which provides details of the activity costs incurred by staff grade during this period. To date no costs have been drawn.
- 5.4.4 Also attached is additional information in relation to our policy on staffing, the use of sub-contractors, disbursements and details of current charge-out rates by staff grade. Further information, including a guide to fees, is available on our website at www.milsted-langdon.co.uk.
- 5.4.5 Our firm was paid £7,000 plus VAT for work carried out prior to my appointment in advising the directors and considering the appointment as administrators, including the preparation of initial cashflows and investigations.
- 5.4.7 Approval of the proposals should be indicated by voting for the resolution set out on the attached proxy form which should be completed and returned to this office. This will constitute approval for the basis of my remuneration and proposed exit route detailed above.

5.5 Creditors' meeting

- 5.5.1 An initial meeting of the Company's creditors to consider the proposals has been convened in accordance with paragraph 52(1) of Schedule B1 to the Act, as it appears likely that there will be sufficient funds to declare a dividend to non-preferential creditors.
- 5.5.2 This meeting has been called for 24 December 2009. We apologise for the proximity to the festive period. However, we are under a duty to hold the meeting within strict time periods and there are a shortage of available business days. Creditors are entitled to vote at the meeting by proxy and a form for this purpose is attached.
- 5.5.3 If any creditors wish to discuss the report with us in advance of this date please contact me.

5.6 Administrators' discharge

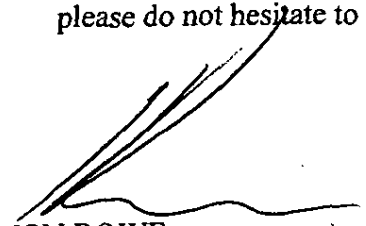

- 5.6.1 It is further proposed that the Administrators be granted their discharge under paragraph 98(1) on the filing by the Registrar of Companies of the notice bringing the Administration to an end.

6. STATEMENT OF AFFAIRS

- 6.1 The directors' estimated statement of affairs as at 23 November 2009 is attached at Appendix II. It makes no provision for the costs of the administration or any subsequent liquidation. The statement of affairs has been prepared by the directors. This document will be filed at Companies House.

7. CONCLUSION

- 7.1 As stated above, I presently consider that the Company has sufficient assets to enable a distribution to be made to non-preferential unsecured creditors.
- 7.2 I will report on progress again approximately six months after the commencement of the administration, or at its conclusion, whichever is the sooner.
- 7.3 If you have any queries regarding this report or any aspects of the administration, then please do not hesitate to contact me or my colleague Jenny Gwynne on 0117 9452500.

SIMON ROWE
Joint Administrator

Date: 8/12/09

DYMAG RACING U.K. LIMITED - IN ADMINISTRATION

**STATUTORY INFORMATION AND DETAILS OF APPOINTMENT
OF ADMINISTRATORS**

DYMAG RACING U.K. LIMITED - IN ADMINISTRATION

DETAILS OF APPOINTMENT OF ADMINISTRATORS

Name of administrators:	Simon Ashley Rowe Roger Anthony Stanford Isaacs
Date of administrators' appointment:	16 October 2009
Court and reference:	Bristol High Court 2788 of 2009
Person making appointment/ application:	Yoshiyuki Takei Shimo-Maruko 4-26-3-2301 Ohtaku Tokyo Japan 146-0092
Acts of the administrators:	The Administrators act as officer of the Court and as agent of the Company without personal liability. Any act required or authorised under any enactment to be done by an Administrator may be done by any one or more persons holding the office of Administrator from time to time

DYMAG RACING U.K. LIMITED - IN ADMINISTRATION

DETAILS OF APPOINTMENT OF ADMINISTRATORS

Paragraph 3 of Schedule B1 to the Act provides as follows:

1. "The Administrator of a company must perform his functions with the objective of :
 - a) rescuing the company as a going concern, or
 - b) achieving a better result for the company's creditors as a whole than would be likely if the company were wound up (without first being in administration), or
 - c) realising property in order to make a distribution to one or more secured or preferential creditors.
2. Subject to sub-paragraph 4, the Administrator of a company must perform his functions in the interests of the company's creditors as a whole.
3. The Administrator must perform his functions with the objective specified in sub-paragraph 1(a) unless he thinks either:
 - a) that it is not reasonably practicable to achieve that objective, or
 - b) that the objective specified in sub-paragraph 1(b) would achieve a better result for the company's creditors as a whole.
4. The Administrator may perform his functions with the objective specified in sub-paragraph 1(c) only if:
 - a) he thinks that it is not reasonably practicable to achieve either of the objectives specified in sub-paragraph 1(a) and (b), and
 - b) he does not unnecessarily harm the interests of the creditors of the company as a whole."

DYMAG RACING U.K. LIMITED - IN ADMINISTRATION

ADMINISTRATORS' NOTES TO DIRECTORS' STATEMENT OF AFFAIRS

DYMAG RACING U.K. LIMITED - IN ADMINISTRATION

ADMINISTRATORS' NOTES TO DIRECTORS' STATEMENT OF AFFAIRS

1. The statement of affairs appears to have been prepared on the understanding that a sale of the business as a going concern was achievable, otherwise it would be difficult to achieve the asset realisation levels shown, especially for WIP and stock.
2. The statement of affairs does not take in to account the costs of the administration.
3. The list of creditors is drawn from the Company's accounting records and therefore may not be completely up to date. It will be for the administrator, or liquidator, to agree any claims from information supplied by creditors.

INFORMATION IN SUPPORT OF OFFICE HOLDER'S REMUNERATION

**INFORMATION RELATING TO MILSTED LANGDON'S REMUNERATION
AND DISBURSEMENT POLICY**

Case name	Dymag Racing U.K. Limited
Court and number	High Court (Bristol) No.2788 of 2009
Firm	Milsted Langdon LLP
Address	One Redcliff Street, Bristol BS1 6NP
Telephone	0117 9452500
Reference	DYMA

These notes provide creditors with a summary of Milsted Langdon LLP's normal practice in respect of remuneration and disbursements in relation to insolvency appointments. At this stage in the process it is difficult to provide an accurate indication of the likely costs but the attached documents will attempt to do so, where possible.

Statement of Insolvency Practice 9 outlines what information should be provided in support of Office Holder's remuneration. This includes information on disbursements, including the policies for the selection of agents and advisors. The details of these and copies of "Creditors' Guide to Fees" can be found at www.milsted-langdon.co.uk or are available on request.

Current charge out rates for different grades of staff are given below along with our rates for recharging disbursements incurred. These are subject to periodic review and historic details are also provided on the website above.

EXTRACT FROM INSOLVENCY RULES 1986 (AS AMENDED)

2.38.— Entitlement to vote

(1) Subject as follows, at a meeting of creditors in administration proceedings a person is entitled to vote only if—

- (a) he has given to the administrator, not later than 12.00 hours on the business day before the day fixed for the meeting, details in writing of the debt which—
 - (i) he claims to be due to him from the company; or
 - (ii) in relation to a member State liquidator, is claimed to be due to creditors in proceedings in relation to which he holds office;
- (b) the claim has been duly admitted under the following provisions of this Rule; and
- (c) there has been lodged with the administrator any proxy which he intends to be used on his behalf,

and details of the debt must include any calculation for the purposes of Rules 2.40 to 2.42.

(2) The chairman of the meeting may allow a creditor to vote, notwithstanding that he has failed to comply with paragraph (1)(a), if satisfied that the failure was due to circumstances beyond the creditor's control.

(3) The chairman of the meeting may call for any document or other evidence to be produced to him, where he thinks it necessary for the purpose of substantiating the whole or any part of the claim.

(4) Votes are calculated according to the amount of a creditor's claim as at the date on which the company entered administration, less any payments that have been made to him after that date in respect of his claim and any adjustment by way of set-off in accordance with Rule 2.85 as if that Rule were applied on the date that the votes are counted.

(5) A creditor shall not vote in respect of a debt for an unliquidated amount, or any debt whose value is not ascertained, except where the chairman agrees to put upon the debt an estimated minimum value for the purpose of entitlement to vote and admits the claim for that purpose.

(6) No vote shall be cast by virtue of a claim more than once on any resolution put to the meeting.

(7) Where—

- (a) a creditor is entitled to vote under this Rule;
- (b) has lodged his claim in one or more sets of other proceedings; and
- (c) votes (either in person or by proxy) on a resolution put to the meeting; and
- (d) the member State liquidator casts a vote in respect of the same claim, only the creditor's vote shall be counted.

(8) Where—

- (a) a creditor has lodged his claim in more than one set of other proceedings; and
- (b) more than one member State liquidator seeks to vote by virtue of that claim, the entitlement to vote by virtue of that claim is exercisable by the member State liquidator in main proceedings, whether or not the creditor has lodged his claim in the main proceedings.

(9) For the purposes of paragraph (6), the claim of a creditor and of any member State liquidator in relation to the same debt are a single claim.

(10) For the purposes of paragraphs (7) and (8), "other proceedings" means main proceedings, secondary proceedings or territorial proceedings in another member State.

Insolvency Act 1986**Proxy (Administration)

- 1 _____
2 _____
3 _____

I appoint the above person to be my/the creditor's proxy holder at the meeting of creditors to be held on 24 December 2009 or at any adjournment of that meeting. The proxy holder is to propose or vote as instructed below (and in respect of any resolution for which no specific instruction is given, may vote or abstain at his/her discretion).

Voting Instructions for resolutions

*Please delete as appropriate

- 1 That the administrators' proposals be approved. **For/Against***
- 2 In the absence of a Creditors' Committee, the remuneration of the administrators shall be fixed by reference to time properly spent by them and their staff in attending to matters arising from the administration and that they be authorised to draw remuneration as and when funds are available on account of their time costs. **For/Against***
- 3 The administrators' disbursements shall be payable on the basis of the firm's published tariff, details of which have been disclosed to creditors. **For/Against***
- 4 The administrators will be discharged from liability under Paragraph 98(3) of Schedule B1 to the Insolvency Act 1986 immediately upon their appointment as administrator ceasing to have effect. **For/Against***
- 5 For the appointment of _____
of _____
representing _____
as a member of the creditors' committee
