Business overview

Business description

The company operates as a retailer of a wide variety of merchandise, trading under the 'Poundland' banner. All items of merchandise have a selling price of £1.

There are three main companies within the Poundland group. Poundland Holdings Limited is the holding company of the group. Poundland Willenhall Limited, a wholly-owned subsidiary of Poundland Holdings Limited, is the intermediate holding company which holds the investment in Poundland Limited. Poundland Limited is the main trading company of the group, and accounts for all the retail activities of the group. The group also has a number of other subsidiaries, which do not trade.

Business overview

The year has been one of substantial change for the group.

Store portfolio:

The company continued to grow rapidly as a result of its store development programme. During the year 26 new stores were opened in towns where Poundland had not previously traded and three stores were relocated to a better site within the same town. At the end of the year the company traded from 147 stores.

During the 2006/2007 financial year the company has been focusing its effort and resources to improving existing stores within the portfolio. This involves refitting stores and undertaking a programme of upgrading shelving and merchandising equipment so that all stores can more effectively merchandise the new and improved product ranges planned for 2007. So far, in 2006/07, the company has opened 7 new stores, and 2 stores have been relocated to a better site within the same town.

Systems and infrastructure:

The major event during the year was the commissioning of the 300,000 sq.ft. Springvale distribution centre through which all store orders are processed. The Wellmans Road distribution centre has been retained as a bulk storage location. The changes to the company's distribution arrangements required a significant upgrading of the company's store ordering and warehouse management systems which were completed during the year.

Management:

A number of senior management changes took place during the year and subsequently.

Mr Jim McCarthy was appointed CEO in August 2006. Jim joined from J Sainsbury's plc (Sainsbury's) where he served as Managing Director of Convenience from June 2004. Jim (50) has over 30 years experience in retailing. Prior to Sainsbury's, he was CEO at T&S Stores plc, which operated over 1200 stores, driving compound double digit EPS growth over a period of eight years. T&S Stores plc was acquired by Tesco plc in January 2003.

Mr Dave Dodd relinquished his position as CEO in October 2005, becoming Deputy Chairman and resigned as a director in May 2006.

Mr Rob Adams resigned as Finance Director in May 2006 and was succeeded by Mr Nick Hateley in November 2006. Nick (41) joined from Sainsbury's where he worked very closely with Jim McCarthy for two years as the Finance Director of Sainsbury's Convenience. Nick has 20 years experience in finance and business improvement which he gained with PriceWaterhouseCooper's, Accenture and Lucas Industries Plc.

Mr David Coxon joined the group as Buying and Merchandising director in October 2005. David has previously had senior buying and merchandising roles with Kwik Save and Allied Domecq, Mint group and recently Somerfield.

Business overview (continued)

Results

Turnover, net of VAT, for the 52 week period was £281.2 million (53 weeks 2005: £239.9 million). This represents an overall increase of 17.2% on the previous period. This increase incorporates improved sales from like-for-like stores, the impact of new stores opened during the period and the full year effect of new stores opened during the previous period.

The cost base of the business has increased during the period, principally as a result of the increase in the number of stores in our portfolio. Consequently, operating costs have increased to £96.6 million (34.3% of turnover) from £78.7 million (2005: 32.8% of turnover).

Operating profit, before the exceptional item, has reduced to £5.5 million during the period (53 weeks 2005: £10.7 million). After taking account of the exceptional item of £1.6m, which principally related to the write down in stock value of the old legacy stock, profit on disposal of £0.3 million and a tax charge of £1.6 million, the company incurred a profit for the period of £2.6 million (2005: profit of £7.0m).

Finances

The company has available to it a substantial facility with Bank of Scotland, which provides adequate headroom for the company's current and future anticipated requirements.

The company uses foreign exchange forward contracts and options only to hedge the cost of unfulfilled orders placed on foreign suppliers for product denominated in foreign currency. The company does not speculate with foreign currency transactions.

Outlook

Short term financial performance has been affected by the substantial changes the company has been through over the last eighteen months. However, with the new management team in place and key systems and infrastructure changes implemented, the board looks forward to the future with confidence.

Colin Smith

Chairman

31 January 2007

Directors' report

The directors present their annual report and the audited financial statements for the 52 weeks ended 2 April 2006 (53 weeks ended 3 April 2005).

Principal activity and business review

The principal activity of the company is that of a single price value retailer. The business overview on pages 2 and 3 gives a full review of the business for the period.

Results and dividend

The results for the period are set out in the profit and loss account on page 9.

An ordinary dividend of £49 per share was paid during the period (2005: £154 per share).

Directors and directors' interests

The directors who held office during the period and their interests in the share capital of the company at 2 April 2006 were as follows:

	Ordinary shares	
	2 April	3 April
	2006	2005
D Coxon (appointed 24 October 2005)	Nil	Nil
D P Dodd (resigned 9 May 2006)	Nil	Nil
R F Adams (resigned 10 May 2006)	Nil	Nil
R F Sheldon (appointed 11 May 2006)	Nil	Nil
T R Franks (appointed 23 August 2006)	Nil	Nil
J J McCarthy (appointed 23 August 2006)	Nil	Nil
N R Hateley (appointed 30 October 2006)	Nil	Nil
C D Smith	Nil	Nil
C Bales	Nil	Nil
J Maclachlan	Nil	Nil
G Oldridge	Nil	Nil

At the end of the period, the following directors held interests in Poundland Holdings Limited, the company's ultimate parent company:

•	Ordinary shares of 10p each	
	2 April	3 April
	2006	2005
G Oldridge	40,511	40,511
J Maclachlan	25,000	25,000
C Bales	10,000	=
D Coxon	15,000	

G Oldridge has options over 11,619 (2005:11,619) of the authorised 'C' ordinary share capital of Poundland Holdings Limited, J Maclachlan has options over 10,763 (2005: 10,763) of authorised 'C' ordinary share capital of Poundland Holdings Limited, C Bales has options over 17,500 (2005:17,500) of authorised 'C' ordinary share capital of Poundland Holdings Limited.

On 24 October 2005, D Coxon was granted options over 17,500 of the authorised 'C' ordinary share capital of Poundland Holdings Limited.

The interests of J J McCarthy, N R Hateley and C D Smith in Poundland Holdings Limited are set out in the financial statements of that company.

There have been no changes in the directors or their interests since the period end other than as set out above.

Directors' Report (continued)

Employees

The company is an equal opportunity employer and makes every effort to ensure disabled people are not discriminated against on the ground of their disabilities. In the event of staff becoming disabled, every effort is made to ensure that their employment continues and that appropriate training is arranged.

Employees are kept informed regarding the company's affairs and are consulted on a regular basis through meetings, wherever feasible and appropriate.

Policy and practice on payment of creditors

Provided that a supplier is complying with the relevant terms and conditions, including prompt and complete submission of all specified documentation, payment will be made in accordance with these agreed terms. Company policy is to ensure that suppliers know the terms on which payment will take place at the time of entering a transaction. The company does not follow any code or standard on payment practice.

Company trade creditors, expressed as the number of days of purchases, represented 20 days at the period end (2005: 23 days).

Financial instruments

The company is exposed to foreign currency risk on purchases from abroad and uses forward contracts to hedge against these foreign currency risks.

Disclosure of information to auditors

The directors who held office at the date of approval of this directors' report confirm that, so far as they are each aware, there is no relevant audit information of which the Company's auditors are unaware; and each director has taken all the steps that he ought to have taken as a director to make himself aware of any relevant audit information and to establish that the company's auditors are aware of that information.

Auditors

KPMG LLP have expressed their willingness to continue in office as auditors and in accordance with section 384 of the Companies Act a resolution proposing their re-appointment will be submitted at the Annual General Meeting.

By order of the board,

N R Hateley

Director

Wellmans Road Willenhall West Midlands WV13 2QT

31 January 07

Statement of Directors' Responsibilities

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards.

The financial statements are required by law to give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that its financial statements comply with the Companies Act 1985.

They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

KPMG LLP

2 Cornwall Street Birmingham B3 2DL United Kingdom

Independent auditors' report to the members of Poundland Limited

We have audited the financial statements of Poundland Limited for the 52 weeks ended 2 April 2006 which comprise the Profit and Loss Account, the Balance Sheet, and the related notes. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the company's members, as a body, in accordance with section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

The directors' responsibilities for preparing the Annual Report and the financial statements in accordance with applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice) are set out in the Statement of Directors' Responsibilities on page 5.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you whether in our opinion the information given in the Directors' Report is consistent with the financial statements. The information given in the Directors' Report includes that specific information presented in the Business Overview that is cross referred from the Business Review section of the Directors' Report.

In addition we report to you if, in our opinion, the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and other transactions is not disclosed.

We read the other information contained in the Annual Report, and consider whether it is consistent with the audited financial statements. We consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements. Our responsibilities do not extend to any other information.

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Independent auditors' report to the members of Poundland Limited (continued)

Opinion

In our opinion:

- the financial statements give a true and fair view, in accordance with UK Generally Accepted Accounting Practice, of the state of the company's affairs as at 2 April 2006 and of its profit for the 52 weeks then ended;
- the financial statements have been properly prepared in accordance with the Companies Act 1985; and
- the information given in the Directors' Report is consistent with the financial statements.

N R Hateley

Director

Notes to the financial statements

1 Principal accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the financial statements.

Basis of preparation

The financial statements have been prepared in accordance with all applicable accounting standards and under the historic cost convention. In these financial statements, the following new standards have been adopted for the first time:

- FRS 21 'Events after the balance sheet date';
- FRS 23 'The effects of changes in foreign exchange rates';
- The presentation requirements of FRS 25 'Financial Instruments: presentation and disclosure';
- FRS 28 'Corresponding amounts'.

The adoption of these standards has no impact on the financial statements, except for FRS 21 which resulted in the dividend of £7.7 million declared in the prior period being debited directly to equity (see note 19).

Turnover

Turnover, which excludes value added tax, comprises sales to external customers. All sales are made within the United Kingdom. There is only one class of business.

Fixed assets and depreciation

The cost of fixed assets is purchase cost together with any incidental costs of acquisition. Depreciation on fixed assets is calculated on a straight-line basis so as to write off the cost less the estimated residual value of each asset over the term of its estimated useful life. The principal annual rates used for this purpose are:

Freehold buildings

Short leasehold property

Property improvements

Plant and equipment

Motor vehicles

Fixtures and fittings

2%

Over the term of the lease
10% to 15% per annum
15% to 33% per annum
25% per annum
15% per annum

No depreciation is provided on freehold land.

The maximum useful economic life for short leasehold properties is 35 years.

Stocks

Stocks are valued at the lower of cost and net realisable value.

Taxation

The charge for taxation is based on the profit or loss for the period and takes into account deferred tax balances.

Deferred taxation is recognised, without discounting, in respect of all timing differences between the treatment of certain items for taxation and accounting purposes which have arisen but not reversed by the balance sheet date, except where otherwise required by FRS 19 "Deferred Tax".

Foreign currencies

Transactions in foreign currencies are recorded in sterling using the rate of exchange ruling at the date of the transaction or at the contracted rate if the transaction is covered by a forward exchange contract. Monetary assets and liabilities denominated in foreign currencies are translated into sterling using the rate of exchange ruling at the balance sheet date, or, if appropriate, at the forward contract rate, and the gains and losses on translation are included in the profit and loss account.

Notes to the financial statements (continued)

1 Principal accounting policies (continued)

Finance leases and hire purchase contracts

Assets acquired under finance leases and similar hire purchase contracts are recorded in the balance sheet as tangible fixed assets and are depreciated over their estimated useful economic lives or the term of the lease, whichever is the shorter. Future instalments under such leases, net of finance charges, are included within creditors as obligations under finance leases. Rentals payable are apportioned between the finance element which is charged to the profit and loss account, and the capital element which reduces the outstanding obligations for future instalments.

Operating leases

All other leases are operating leases. Amounts payable under operating leases are charged to the profit and loss account on a straight-line basis over the lease period.

Pensions

The company operates a defined contribution pension scheme for certain of its employees. The assets of the scheme are held separately from those of the company in an independently administered fund. The amount charged against profits represents the contributions payable to the scheme in respect of the accounting period.

Investments

Shares in subsidiary undertakings are stated at cost less any provision for impairment where in the opinion of the directors there has been a diminution in value of the investment.

Store development costs

New store opening costs are charged to the profit and loss account as incurred. No interest is capitalised on new store developments.

Cash flow

Under FRS 1 (revised 1996) the company is exempt from the requirement to prepare a cash flow statement on the grounds that a parent undertaking includes the company in its own published financial statements.

Classification of financial instruments issued by the company

Following the adoption of FRS 25, financial instruments issued by the company are treated as equity (i.e. forming part of shareholders' funds) only to the extent that they meet the following two conditions:

- they include no contractual obligations upon the company to deliver cash or other financial assets or to exchange financial assets or financial liabilities with another party under conditions that are potentially unfavourable to the company; and
- b) where the instrument will or may be settled in the company's own equity instruments, it is either a non-derivative that includes no obligation to deliver a variable number of the company's own equity instruments or is a derivative that will be settled by the company's exchanging a fixed amount of cash or other financial assets for a fixed number of its own equity instruments.

To the extent that this definition is not met, the proceeds of issue are classified as a financial liability. Where the instrument so classified takes the legal form of the company's own shares, the amounts presented in these financial statements for called up share capital and share premium account exclude amounts in relation to those shares.

Dividends on shares presented within shareholders' funds

Dividends unpaid at the balance sheet date are only recognised as a liability at that date to the extent that they are appropriately authorised and are no longer at the discretion of the company. Unpaid dividends that do not meet these criteria are disclosed in the notes to the financial statements.

ζ,

Notes to the financial statements (continued)

2 Operating profit

1 01	52 weeks	53 weeks
Operating profit is stated after charging:	2006	2005
oporating products assessment to	£'000	£'000
Auditors' remuneration:		
Audit	33	33
Fees paid to the auditors and its associates in respect of other services	62	49
Payments under operating leases:

Notes to the financial statements (continued)

20 Operating lease commitments

	The company has annual commitments under non-	Land and buildings		Other	
	cancellable operating leases as follows:-	2006 £'000	2005 £'000	2006 £'000	2005 £'000
	Operating leases which expire: - within one year - in the second to fifth years inclusive - in over five years	100 2,253 16,475	494 1,640 13,092	83 1,033 85	85 688 -
		18,828	15,226	1,201	773
21	Capital commitments Capital commitments for which no provision has been made in the financial statements of the company were as follows:-		2006 £'000		2005 £'000
	Contracted		1,327		2,732

22 Transactions with related parties

During the period the company engaged in transactions with the following related parties as defined in 'FRS 8 - Related Party Disclosures':

The company paid market rent totalling £215,000 plus VAT (2005: £215,000) to a company in which D P Dodd had an interest. There were no amounts outstanding to this company at the period end.

23 Financial instruments

The fair value of forward contracts outstanding as at 2 April 2006 is a liability of £236,765 (2005: asset £92,412). The fair value has not been recognised as forward contracts mature over varying periods from the balance sheet date and the exchange rate is expected to fluctuate in the period up to maturity.

24 Ultimate parent company

The company's ultimate parent company is Poundland Holdings Limited, a company incorporated in England and Wales. Copies of the financial statements for Poundland Holdings Limited are available from its registered office, which is situated at Wellmans Road, Willenhall, West Midlands, WV13 2QT.
