1 Accounting Policies

Basis of accounting

The financial statements are prepared under the historical cost convention, as modified by the revaluation of certain fixed assets, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover comprises the invoiced value of goods and services supplied by the company, net of Value Added Tax and trade discounts.

Operating lease rentals

Rentals payable under operating leases are charged against income on a straight line basis over the lease term.

Pension Costs

The company operates a defined contribution pension scheme for the benefit of its directors/and employees.

Contributions payable are charged to the profit and loss account in the period in which they are payable.

Deferred taxation

Deferred taxation arises when items are charged or credited in accounts in different periods to those in which they are included in the company's tax computations. Deferred tax is provided in full on timing differences that result in an obligation to pay more (or less) tax at a future date. Deferred tax is calculated at the average rates that are expected to apply when the timing differences reverse, based on current tax rates and laws. The resulting deferred tax asset or liability is not discounted.

Dividends

Proposed dividends are only included as liabilities in the financial statements when their payment has been approved by the shareholders prior to the balance sheet date.

Intangible assets

Intangible assets (including purchased goodwill and patents) are amortised at rates calculated to write off the assets on a straight line basis over their estimated useful economic lives. Impairment of intangible assets is only reviewed where circumstances indicate that the carrying value of an asset may not be fully recoverable.

Tangible fixed assets

Tangible fixed assets, other than freehold land, are stated at cost or valuation less depreciation and any provision for impairment. Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful lives on the following basis:

Land and Buildings	4% Straight line
Plant and Machinery	15% to 33% Straight line
Hire Covers	50% Straight line
Motor Vehicles	25% Straight line

C J COVERS LIMITED
Notes to the Abbreviated Financial Statements
For the year ended 31 March 2013

The company's freehold properties were professionally valued in November 2005. This valuation has been reduced by subsequent depreciation. Under the transitional provisions of the Financial Reporting Standard for Smaller Entities (effective April 2008) the properties continue to be stated at that valuation less accumulated depreciation to date and that valuation has not been updated.

No depreciation is provided on the company's freehold properties since in the opinion of the directors the expected useful lives are sufficiently long and the estimated residual values are sufficiently high that any such depreciation would be immaterial. The directors undertake an annual impairment review of these properties.

Fixed asset investments

Fixed asset investments are stated at cost less provision for any permanent diminution in value.

Stocks and work in progress

Stocks and work in progress are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow moving items. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads.

2 Tangible fixed assets

	Tangible fixed assets
Cost or valuation	£
At 01 April 2012	517,498
Additions	10,215
Disposals	(1,625)
