1. Accounting policies

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A of Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical costs convention as modified by the revaluation of certain assets.

Revenue recognition

The company has not traded throughout the year.

Intangible assets

Intangible assets (including purchased goodwill and patents) are amortised at rates calculated to write off the assets on a straight line basis over their estimated useful economic lives. Impairment of intangible assets is only reviewed where circumstances indicate that the carrying value of an asset may not be fully recoverable.

Property, plant and equipment

Tangible fixed assets, other than freehold land, are stated at cost or valuation less depreciation and any provision for impairment. Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful lives on the following basis:

Land and buildings	4% Straight line
Plant and machinery	15% to 33% Straight line
Hire covers	50% Straight line
Motor vehicles	25% Straight line
Fixtures and fittings	33.3% Reducing balance

The company's freehold properties were professionally valued in November 2005. This valuation has been reduced by subsequent depreciation. Under the transitional provisions of the Financial Reporting Standard for Smaller Entities (effective January 2015) the properties continue to be stated at that valuation less accumulated depreciation to date and that valuation has not been updated.

The company's freehold properties are revalued in full when it is likely that there has been a material change in value.

No depreciation is provided on the company's freehold properties since in the opinion of the directors the expected useful lives are sufficiently long and the estimated residual values are sufficiently high that any such depreciation would be immaterial. The directors undertake an annual impairment review of these properties.

Inventories

Stocks are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow moving items. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the statement of financial position date.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme for the benefit of its directors/and employees. Contributions payable are charged to the profit and loss account in the period in which they are payable.
