MB Commodities Limited

Strategic report

The directors, in preparing this Strategic report, have complied with s414C of the Companies Act 2006.

Principal activities and future developments

MB Commodities Limited (the "Company") ceased trading on 1 April 2015 and management intends to liquidate the Company in the near future.

Business review

The profit and loss of the business is mainly due to interest earned on bank balances and on-going administration costs until the company is liquidated. The Company has pre-tax profit of \$7k (2018: pre-tax profit \$nil) and net assets of \$545k (2018: \$483k).

As the Company has ceased trading, it has no principal risks and monitors no KPI.

Dividend

The directors have not recommended the payment of an ordinary dividend for the year ended 31 March 2019 (2018: \$Nil).

Capital structure

The capital structure of the Company consists of equity from Mitsui Bussan Commodities Ltd, comprising issued capital, reserves and retained earnings as disclosed in the Company's statement of changes in equity.

Going concern

The Company ceased trading on 1 April 2015 and as a result, the directors believe that a going concern basis is not appropriate and have decided to prepare the financial statements on a basis other than going concern. The Directors believe that current book values as disclosed on the Balance sheet equal net realisable value and therefore no adjustments are required to apply the going concern basis.

There have been no subsequent events.

Approved by the board of directors and signed on its behalf by:

Stuart Aitken

MB Commodities Limited

Directors' report

The directors present their annual report and the audited consolidated financial statements for the year ended 31 March 2019.

Details of principal risks and uncertainties, future developments, events after the balance sheet date, dividends and subsequent events can be found in the Strategic report on page 2.

Directors

The directors who served during the year are listed below, all of whom have served throughout the year:

Stuart Aitken

Ryutaro Takeuchi

Appointed 2 July 2018

Kengo Iwamoto

Directors' indemnities

The Company has granted an indemnity to all of its directors against liability in respect of proceedings brought by third parties as outlined in section 21 of the Company's Articles of Association. Such qualifying third party indemnity provision remains in force as at the date of approving the Directors' report.

Auditor

Each of the persons who is a director at the date of approval of this report confirms that:

- so far as the director is aware, there is no relevant audit information of which the Company's auditor is unaware; and
- the director has taken all the steps that he ought to have taken as a director to make himself aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of section 418 of the Companies Act 2006.

Deloitte LLP has expressed their willingness to continue in office as auditor and a resolution to reappoint them will be proposed at the forthcoming board of directors meeting.

MB Commodities Limited

Directors' responsibilities statement

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law) including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland. Under Company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in on a going concern basis.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

MB Commodities Limited

Independent auditor's report to the members of MB Commodities Limited

Report on the audit of the financial statements

Opinion

In our opinion the financial statements of MB Commodities Limited (the 'company'):

- give a true and fair view of the state of the company's affairs as at 31 March 2019 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland"; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements which comprise:

- the Profit and loss account;
- the Statement of comprehensive income;
- the Balance sheet;
- the Statement of changes in equity;
- the related notes 1 to 10.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report.

We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (the 'FRC's') Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter – financial statements prepared other than on a going concern basis

We draw attention to note 1 in the financial statements, which indicates that the financial statements have been prepared on a basis other than that of a going concern. Our opinion is not modified in respect of this matter.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in respect of these matters.

MB Commodities Limited

Independent auditor's report to the members of MB Commodities Limited

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Report on other legal and regulatory requirements

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified any material misstatements in the strategic report or the directors' report.

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report in respect of the following matters if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in respect of these matters.

MB Commodities Limited

Independent auditor's report to the members of MB Commodities Limited

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

MB Commodities Limited

Notes to the financial statements

For the year ended 31 March 2019

1. Statement of accounting policies

The principal accounting policies are set out below and have all been applied consistently throughout the current and preceding year.

General information and basis of accounting

MB Commodities Limited is a company incorporated in the United Kingdom under the Companies Act.

The Company is a private Company limited by shares and is registered in England and Wales. The address of the Company's registered office is shown on page 1.

The Company ceased trading on 1 April 2015 and management intends to liquidate the Company in the near future.

The financial statements have been prepared under the historical cost convention, modified to include certain items at fair value, and in accordance with Financial Reporting Standard 102 (FRS 102) issued by the Financial Reporting Council. The Group has applied the amendments to FRS 102 issued by the FRC in July 2015 and the amendments to Company law made by The Companies, Partnerships and Groups (Accounts and Reports) Regulations 2015.

The functional currency of the Company is considered to be US dollars because that is the currency of the primary economic environment in which the Company operates.

The Company meets the definition of a qualifying entity under FRS 102 and has therefore taken advantage of the disclosure exemptions available to it in respect of its separate financial statements. Exemptions have been taken in relation to financial instruments, presentation of a cash flow statement and remuneration of key management personnel.

Going concern

The Company ceased trading on 1 April 2015 and will be liquidated in the near future. This has been set out in the Strategic report on page 2. As a result, the directors believe that a going concern basis is not appropriate and have decided to prepare the financial statements on a basis other than going concern.

Turnover

The Company presents revenue on a net basis. Turnover comprises profits and losses on dealing operations, being:

- net gains and losses on financial instruments designated as held for trading and movements in fair value adjustments on such instruments;
- gross commissions earned from investment business; and
- commissions expenses incurred in generating business.

Interest receivable/interest payable

Interest receivable and payable are recognised in the profit and loss account over the term of such instruments at an effective interest rate on the carrying amount of the underlying investment.

Foreign currency

Transactions in foreign currencies are recorded at the rate of exchange at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are reported at the rates of exchange prevailing at that date.

MB Commodities Limited

Notes to the financial statements (continued)

For the year ended 31 March 2019

1. Statement of accounting policies (continued)

Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities.

Financial assets and liabilities

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial assets and liabilities are only offset in the Balance sheet when, and only when there exists a legally enforceable right to set off the recognised amounts and the Company intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Financial assets are derecognised when and only when a) the contractual rights to the cash flows from the financial asset expire or are settled, b) the Company transfers to another party substantially all of the risks and rewards of ownership of the financial asset, or c) the Company, despite having retained some, but not all, significant risks and rewards of ownership, has transferred control of the asset to another party.

Financial liabilities are derecognised only when the obligation specified in the contract is discharged, cancelled or expires.

Taxation

Current tax, including UK corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date.

Timing differences arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date that are expected to apply to the reversal of the timing difference. Deferred tax relating to property, plant and equipment is measured using the revaluation model and investment property is measured using the tax rates and allowances that apply to sale of the asset.

Where items recognised in other comprehensive income or equity are chargeable to or deductible for tax purposes, the resulting current or deferred tax expense or income is presented in the same component of comprehensive income or equity as the transaction or other event that resulted in the tax expense or income.

Cash and cash equivalents

Cash balances comprise demand deposits with banks together with short-term highly liquid investments that are readily convertible to known amounts of cash and subject to insignificant risk of changes in value.

MB Commodities Limited

Notes to the financial statements (continued)

For the year ended 31 March 2019

2. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 1, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. The directors do not consider there to be any significant judgements and estimations in the financial statements at year end aside from the item below. Taxation – the Company's tax liability is a best estimate of future cash outflow and cannot be finally determined until the final settlement with HMRC is made.

There are no critical judgement areas, apart from those involving estimates, that Directors have made in the process of applying the Company's accounting policies and that had a significant effect on the amounts recognised in financial statements.

3. Turnover

There is no turnover for year ended 31 March 2019 and 2018.

4. (Loss)/profit on ordinary activities before taxation

The (loss)/profit on ordinary activities before taxation are stated after:

	2019 US\$'000	2018 US\$'000
Foreign exchange gain/(loss)	2	(3)

The auditor's remuneration for the years ended 31 March 2019 and 2018 were settled by Company's parent entity Mitsui Bussan Commodities Ltd.

5. Interest receivable and similar income

	2019 US\$'000	2018 US\$'000
Non-group interest receivable and similar income	7	4

6. Tax on profit/(loss) on ordinary activities

The tax charge comprises:

	2019 US\$'000	2018 US\$'000
Current tax on profit/(loss) on ordinary activities		
Corporation tax – UK	-	(37)
Adjustment in respect of prior years	54	-
Total current tax	54	(37)
Deferred tax		
Timing differences, origination and reversal	-	-
Total tax on profit/(loss) on ordinary activities	54	(37)

MB Commodities Limited

Notes to the financial statements (continued)

For the year ended 31 March 2019

6. Tax on profit/(loss) on ordinary activities (continued)

The differences between the total tax charge shown above and the amount calculated by applying the standard rate of UK corporation tax to the (loss)/profit before tax are as follows:

	2019 US\$'000	2018 US\$'000
Profit/(loss) on ordinary activities before tax	8	-
Tax on profit/(loss) on ordinary activities at standard UK corporation tax rate of 19% (2017: 20%)	8	-
Tax effects of		
Income and expenses not deductible for tax purposes	-	(37)
Deferred tax not recognised	-	-
Adjustments to tax charge in respect of previous periods	54	-
Total tax charge for the year	54	(37)

The adjustment in respect of a previous period is the result of a prior year revaluation loss against which group relief was obtained during the year ended March 2019.

7. Other creditors

	2019 US\$'000	2018 US\$'000
UK corporation tax and group relief	(1,401)	(1,562)

8. Deferred tax assets

Deferred tax assets have not been recognised in respect of certain of these items (those relating to the UK company) as there is insufficient evidence to indicate that profits will arise within the foreseeable future against which these assets will be recovered. The estimated value of the deferred tax asset not recognised on the Company's balance sheet, measured at the standard rate of 19% (2018: nil) is \$Nil (2017: \$nil).

9. Related party transactions

As a member of a group of companies whose consolidated accounts are publicly available, the Company is exempt from the disclosure requirements of FRS 102 relating to other group companies. The Company is a wholly owned subsidiary of the Mitsui group. Consolidated financial statements of Mitsui & Co., Ltd in which MB Commodities Limited is included are publicly available from the address below. There were no other related party transactions with non-group companies.

10. Parent company

The Company's immediate parent undertaking and the parent of the smallest group which includes the Company, is Mitsui Bussan Commodities Ltd, address 6th Floor, 1 St. Martin's Le Grand, London, EC1A 4BB, which is incorporated in England and Wales. The Company's ultimate parent undertaking is Mitsui & Co., Ltd which is incorporated in Japan. A copy of the consolidated financial statements of Mitsui & Co., Ltd can be obtained from that company's registered office at 1-3, Marunouchi 1-chome, Chiyoda-ku, Tokyo 100-8631 Japan.
