STRATEGIC REPORT

FOR THE YEAR ENDED 31 DECEMBER 2019

The directors present the strategic report for the year ended 31 December 2019.

Review of Business 2019

ARAG is a leading specialist legal expenses and assistance insurance provider offering a diverse range of products through a broad UK distribution network that includes insurance intermediaries, brokers, insurers, managed general agents, solicitors and claims management companies.

Performance during 2019 was in line with expectations and was largely influenced by the successful outcome of the landmark Court of Appeal judgment in West v Stockport NHS Foundation Trust and Demouilpied v Stockport NHS Foundation. This represented a triumph for access to justice for the victims of clinical negligence and enabled ARAG to at last recognise certain After the Event (ATE) income in 2019 from prior year legal settlements. This delay is only partially made up, so further income is expected to be received in the future.

Overall income increased by 14.7% from £12.3m to £14.1m with the strongest growth being achieved in Before the Event (BTE) sales. Commercial legal expenses and assistance products have been especially successful, partly through organic growth but also because of continuing remedial portfolio hygiene measures being introduced.

ARAG has prepared and is ready for the intended introduction in 2020 of the Civil Liability Act and the Civil Litigation (Expenses and Group Proceedings) (Scotland) Act. Whist Brexit has become more certain, its consequences and timings still remain unclear, so ARAG continues to monitor developments closely. ARAG plc has played a key supporting role in the acquisition and development of a new operation for the ARAG Group in the Republic of Ireland during 2019 and this support will continue indefinitely. This new outlet will enable ARAG to enjoy cross border trading between the UK and Ireland in the post-Brexit era.

The result for 2019 showed a pre-tax profit of £0.5m, in line with expectations. Furthermore, solvency remains very adequately covered.

In addition, the Company makes a valuable contribution to other ARAG Group business via reinsurance and branch operations arising from its premium under management that increased from £37.8m to £40.1m

Costs and expenses were slightly above plan, mostly due to some unbudgeted Group charges and costs associated with the acquisition of the Irish operation. However, the costs ratio was better than expected due to the very successful outcome of the ATE test cases.

ARAG continues to have an impressive market reputation, having won again in 2019 numerous trade and general business awards. This has been achieved through loyal support from our customers and business partners, who have been served by devoted and committed employees both here in the UK and within the wider ARAG Group.

Principal risks and uncertainties

The Company has established a risk management and governance framework that is designed to identify and mitigate risk. Key policies and controls include;

- * Regular 3 meetings per annum are supplemented by ad hoc meetings of the Board of Directors Biannual meetings of the Compliance Committee and the Groups General Executive Council at which key aspects of the Company's business are reviewed.
- * Underwriting and Claims guidelines and controls are aligned with the Company's binding authorities and embedded in the Company's operating systems and processes. Quarterly meetings of the Underwriting and Claims Committee regularly review performance of BTE and ATE segments (ie: 8 meetings per annum)

STRATEGIC REPORT (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2019

Principal risks and uncertainties

Quarterly reviews are undertaken with all insurers

- * Insurers audit underwriting and claims processes annually
- * The Group Reserve Committee reviews biannually the adequacy of claims reserves
- * The Company's risk register is reviewed monthly by the Senior Management and reported to the Group quarterly
- * Group internal audit carries out regular audits every year
- * Human resources policies and guidelines designed to include that the operations are adequately resourced by sufficiently skilled people
- * Financial policies and controls that cover expense management, cash flow and other financial projections, credit risk and debt collection
- * Key performance indicators are monitored on a regular basis and form part of the monthly reporting cycle. These include indicators on financial (gross written and net written premium, commission, fee income, EBITDA performance and underwriting loss ratio's) and non-financial (customer outcomes, conduct risk and employee indicators) performance.

Furthermore, at the time of approval of the financial statements the company and group face additional risk and uncertainty as a result of the Coronavirus pandemic which has had impacted global economies post balance sheet.

Legal and Regulatory Risk

The Company is exposed to potential claims and litigation arising out of the ordinary course of business relating to errors and omissions, or non-compliance with laws and regulations. The Company is directly regulated by the Financial Conduct Authority.

The directors are satisfied that the Company has in place appropriate arrangements to manage these risks including engaging external consultants, compliance monitoring procedures and reporting to the Board. In addition, the Company ensures that solvency is preserved at all times and carries appropriate insurance cover to meet any claims.

The directors consider the risk and uncertainty arising from the UK intending to leave the EU to be minimal. This risk will continue to be monitored and assessed as the UK exit progresses over the next few years.

Financial Risk

The Company has put in place appropriate financial and cash flow management structures so that it is able to anticipate demand for cash and meet obligations as they arise. The controls in place ensure the Company has appropriate cash resource to meet its obligations as they fall due.

The Company places excess funds on deposit and does not hold any investments where market values are impacted by interest rate fluctuations.

The Company monitors its level of exposure to revenues not yet received on a regular basis in order to provide any exposure which will not be collected. The Company regularly monitors its exposure to single and grouped counterparties and ensures that its cash is kept with counterparties with appropriate credit ratings.

STRATEGIC REPORT (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2019

Operational Risk

The Company operates a framework of key risks and controls that includes internal controls, internal audit and compliance checks. Other measures such as back-up procedures, disaster recovery and contingency planning supplement this approach.

Market Risk

The key risks affecting the Company are;

- * The uncertain legal landscape and economic climate that creates additional pressures on demand for the Company's products, on pricing, claims frequencies and settlements and cash flow
- * Regulatory changes that may impact on sales, internal expenses, claims frequencies and claims costs. Additional controls over sales methods have been introduced to ensure that customers receive value from all products and services and that such customers are fully informed at the point of sale.
- * Failure to achieve planned income and consequent shortfall of revenue against expenses
- * Failure to attract or retain high quality staff on which the Company's high service proposition is founded **Key performance indicators**

Turnover

Premium under Management increased by 6.0% in 2019 compared to the previous year (2018 increased by 8.6% v 2017)

STRATEGIC REPORT (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2019

Going concern

In carrying out their duties in respect of going concern, the directors have carried out a review of the Company's financial position and cash flow forecast for a period of 12 months from the date of approval of these financial statements. The forecasts have been based on a comprehensive review of revenue, expenditure and cash flows, taking into account specific business risks and the uncertainties brought about by the current economic environment.

To ensure the continuation of the Company the directors regularly review the cash flows of the Company both in the short and medium term, have a thorough approach to managing the working capital and hold regular reviews includes an assessment of income levels and bad debt risk. This is supported by regular monitoring of key performance indicators.

Post balance sheet, the global economy has been affected by the Coronavirus pandemic. This has had an impact on customer demand. At the time of approving the financial statements the full impact of the

Corona virus pandemic on the UK and Global economy is uncertain and the effect, both immediate and long term, this may have on the company, its customers and suppliers is unknown.

The Directors continue to monitor the situation and the effect this has on liquidity and solvency and to consider mitigation of the negative impact of the pandemic through use of Government financial support packages.

The directors are in discussion with the company's customers, underwriters and staff as to the immediate impact of the Corona virus; on this basis, the Directors continue to adopt the going concern basis of accounting in preparing the financial statements.

By order of the board

Mr R C Moreton **Secretary** 28 May 2020

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 DECEMBER 2019

The directors present their annual report and financial statements for the year ended 31 December 2019.

Principal activities

The principal activity of the company in the year under review was that of the provision of a wide range of legal expenses and assistance insurance, legal services and advice to individuals and businesses, sold through a select number of insurance brokers, agents, insurers and solicitors.

The Company underwrites UK insurance under binding and delegated authorities granted by a number of UK authorised insurers. Reinsurance is separately placed between these insurers and ARAG SE based in Germany.

Directors

Mr A J Buss Dr R H Dirksen Mr D M Haynes Mr W Nicoll Mrs K Khelaifla

Results and dividends

The results for the year are set out on page 8.

Ordinary dividends were paid amounting to £370,463. The directors do not recommend payment of a further dividend.

Statement of disclosure to auditor

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

By order of the board

Mr R C Moreton **Secretary** 28 May 2020 Mr A J Buss **Director** 28 May 2020

DIRECTORS' RESPONSIBILITIES STATEMENT FOR THE YEAR ENDED 31 DECEMBER 2019

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures
 disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF ARAG PLC

Opinion

We have audited the financial statements of Arag Plc (the 'company') for the year ended 31 December 2019 which comprise the profit and loss account, the statement of comprehensive income, the balance sheet, the statement of changes in equity and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland* (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2019 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast
 significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a
 period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

INDEPENDENT AUDITOR'S REPORT (CONTINUED) TO THE MEMBERS OF ARAG PLC

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report and the directors' report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; cr
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: http://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2019

1 Accounting policies

Company information

Arag Plc is a private company limited by shares incorporated in England and Wales. The registered office is 9 Whiteladies Road, Clifton, Bristol, BS8 1NN.

1.1 Accounting convention

These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary a mounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

This company is a qualifying entity for the purposes of FRS 102, being a member of a group where the parent of that group prepares publicly available consolidated financial statements, including this company, which are intended to give a true and fair view of the assets, liabilities, financial position and profit or loss of the group. The company has therefore taken advantage of exemptions from the following disclosure requirements:

- Section 7 'Statement of Cash Flows': Presentation of a statement of cash flow and related notes and disclosures;
- Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instrument Issues': Interest income/expense and net gains/losses for each category of financial instrument; basis of determining fair values; details of collateral, loan defaults or breaches, details of hedges, hedging fair value changes recognised in profit or loss and in other comprehensive income;
- Section 26 'Share based Payment': Share-based payment expense charged to profit or loss, reconciliation of opening and closing number and weighted average exercise price of share options, how the fair value of options granted was measured, measurement and carrying amount of liabilities for cash-settled share-based payments, explanation of modifications to arrangements;
- Section 33 'Related Party Disclosures': Compensation for key management personnel.

The company has taken advantage of the exemption under section 400 of the Companies Act 2006 not to prepare consolidated accounts. The financial statements present information about the company as an individual entity and not about its group.

Arag Plc is a wholly owned subsidiary of ARAG SE and the results of Arag Plc are included in the consolidated financial statements of ARAG SE which are available from ARAG Platz 1, Düsseldorf, 40472, Germany.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2019

1 Accounting policies

(Continued)

1.2 Going concern

In carrying out their duties in respect of going concern, the directors have carried out a review of the Company's financial position and cash flow forecast for a period of 12 months from the date of approval of these financial statements. The forecasts have been based on a comprehensive review of revenue, expenditure and cash flows, taking into account specific business risks and the uncertainties brought about by the current economic environment.

To ensure the continuation of the Company the directors regularly review the cash flows of the Company both in the short and medium term, have a thorough approach to managing the working capital and hold regular reviews includes an assessment of income levels and bad debt risk. This is supported by regular monitoring of key performance indicators.

Post balance sheet, the global economy has been affected by the Coronavirus pandemic. This has had an impact on customer demand. At the time of approving the financial statements the full impact of the Corona virus pandemic on the UK and Global economy is uncertain and the effect, both immediate and long term, this may have on the company, its customers and suppliers is unknown.

The Directors continue to monitor the situation and the effect this has on liquidity and solvency and to consider mitigation of the negative impact of the pandemic through use of Government financial support packages.

The directors are in discussion with the company's customers, underwriters and staff report to the as to the immediate impact of the Corona virus; on this basis, the Directors continue to adopt the going concern basis of accounting in preparing the financial statements.

1.3 Turnover

Turnover represents brokerage and commissions earned as an insurance intermediary facilitating Legal Expenses insurance services. Commissions are received on the placing of insurances through UK insurers and reinsurance provided by the company's parent - ARAG SE.

Income is earned in full at inception on all risks except for After The Event risks where the premium is contingent upon successful outcome of the case. In such circumstances the income is only earned at the conclusion of a successful case. Unearned commissions are shown on the Balance Sheet as Deferred Income.

1.4 Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Freehold land and buildings 2% on cost Fixtures and fittings 20% to 33% on cost

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is credited or charged to profit or loss.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2019

1 Accounting policies

(Continued)

1.5 Fixed asset investments

Interests in subsidiaries, associates and jointly controlled entities are initially measured at cost and subsequently measured at cost less any accumulated impairment losses. The investments are assessed for impairment at each reporting date and any impairment losses or reversals of impairment losses are recognised immediately in profit or loss

A subsidiary is an entity controlled by the company. Control is the power to govern the financial and operating policies of the entity so as to obtain benefits from its activities.

An associate is an entity, being neither a subsidiary nor a joint venture, in which the company holds a long-term interest and where the company has significant influence. The company considers that it has significant influence where it has the power to participate in the financial and operating decisions of the associate.

Entities in which the company has a long term interest and shares control under a contractual arrangement are classified as jointly controlled entities.

1.6 Impairment of fixed assets

At each reporting period end date, the company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Recognised impairment losses are reversed if, and only if, the reasons for the impairment loss have ceased to apply. Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

1.7 Cash and cash equivalents

Cash and cash equivalents are basic financial assets and include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.8 Financial instruments

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2019

1 Accounting policies

(Continued)

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Other financial assets

Other financial assets, including investments in equity instruments which are not subsidiaries, associates or joint ventures, are initially measured at fair value, which is normally the transaction price. Such assets are subsequently carried at fair value and the changes in fair value are recognised in profit or loss, except that investments in equity instruments that are not publicly traded and whose fair values cannot be measured reliably are measured at cost less impairment.

Impairment of financial assets

Financial assets, other than those held at fair value through profit and loss, are assessed for indicators of impairment at each reporting end date.

Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows have been affected. If an asset is impaired, the impairment loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment loss is recognised in profit or loss.

If there is a decrease in the impairment loss arising from an event occurring after the impairment was recognised, the impairment is reversed. The reversal is such that the current carrying amount does not exceed what the carrying amount would have been, had the impairment not previously been recognised. The impairment reversal is recognised in profit or loss.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire or are settled, or when the company transfers the financial asset and substantially all the risks and rewards of ownership to another entity, or if some significant risks and rewards of ownership are retained but control of the asset has transferred to another party that is able to sell the asset in its entirety to an unrelated third party.

Classification of financial liabilities

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2019

1 Accounting policies

(Continued)

Basic financial liabilities

Basic financial liabilities, including creditors, bank loans, loans from fellow group companies and preference shares that are classified as debt, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Other financial liabilities

Derivatives, including interest rate swaps and forward foreign exchange contracts, are not basic financial instruments. Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value. Changes in the fair value of derivatives are recognised in profit or loss in finance costs or finance income as appropriate, unless hedge accounting is applied and the hedge is a cash flow hedge.

Debt instruments that do not meet the conditions in FRS 102 paragraph 11.9 are subsequently measured at fair value through profit or loss. Debt instruments may be designated as being measured at fair value through profit or loss to eliminate or reduce an accounting mismatch or if the instruments are measured and their performance evaluated on a fair value basis in accordance with a documented risk management or investment strategy.

Derecognition of financial liabilities

Financial liabilities are derecognised when the company's contractual obligations expire or are discharged or cancelled.

1.9 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of transaction costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

1.10 Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Statement of Comprehensive Income, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the profit and loss account because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2019

1 Accounting policies

(Continued)

Deferred tax

Deferred tax liabilities are generally recognised for all timing differences and deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Such assets and liabilities are not recognised if the timing difference arises from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each reporting end date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised. Deferred tax is charged or credited in the profit and loss account, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity. Deferred tax assets and liabilities are offset when the company has a legally enforceable right to offset current tax assets and liabilities relate to taxes levied by the same tax authority.

1.11 Provisions

Provisions are recognised when the company has a legal or constructive present obligation as a result of a past event, it is probable that the company will be required to settle that obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the reporting end date, taking into account the risks and uncertainties surrounding the obligation. Where the effect of the time value of money is material, the amount expected to be required to settle the obligation is recognised at present value. When a provision is measured at present value, the unwinding of the discount is recognised as a finance cost in profit or loss in the period in which it arises.

Clawback provision

The company provides a financial product upon which it receives commission on inception of the contract. If these policies are cancelled, abandoned or the case is not won, some of the commission received is repayable. The company has provided for this potential clawback of commission on the basis of the historical success rate of completed cases is 70% so accordingly 30% of the policies will fail. The policy is under continual review in order to reflect such liabilities as accurately as possible.

Holding provision

Certain introducers receive a fee on the conclusion of a successful case. The Holding provision represents 70% of the advance commission received by the company referred to in the Clawback provision above that may be paid to Introducers.

Both the holding and clawback provisions have been reversed out to the profit and loss account within the year as Arag Plc no longer has the obligation to make these respective payments.

1.12 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of stock or fixed assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2019

1 Accounting policies

(Continued)

1.13 Retirement benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

1.14 Leases

Rentals payable under operating leases, including any lease incentives received, are charged to profit or loss on a straight line basis over the term of the relevant lease except where another more systematic basis is more representative of the time pattern in which economic benefits from the leases asset are consumed.

1.15 Foreign exchange

Transactions in currencies other than pounds sterling are recorded at the rates of exchange prevailing at the dates of the transactions. At each reporting end date, monetary assets and liabilities that are denominated in foreign currencies are retranslated at the rates prevailing on the reporting end date. Gains and losses arising on translation in the period are included in profit or loss.

2 Judgements and key sources of estimation uncertainty

In the application of the company's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

19	Retirement benefit schemes	2019	2018
	Defined contribution schemes	£	£
	Charge to profit or loss in respect of defined contribution schemes	358,914	353,699

The company operates a defined contribution pension scheme for all qualifying employees. The assets of the scheme are held separately from those of the company in an independently administered fund.

20 Share capital

	2019	2018
	£	£
Ordinary share capital		
Issued and fully paid		
8,600,000 Ordinary shares of £1 each	8,600,000	8,600,000

21 Financial commitments, guarantees and contingent liabilities

Contingent liability

The company, in common with other providers of legal expenses insurance, is involved in litigation for the recovery of premiums on cases of Clinical Negligence. Test cases will be presented to the Court of Appeal and these will determine the level of premiums to be recovered. Whilst the company is very confident of recovering the majority of the premiums and also costs, there exists a possibility of being unsuccessful. In that instance, and following FRS102 guidelines, the company estimates that it may be liable for £240,000 of own party costs and £225,000 of opponent's costs.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2019

22 Operating lease commitments

Lessee

At the reporting end date the company had outstanding commitments for future minimum lease payments under non-cancellable operating leases, which fall due as follows:

· · · ·	2019 £	2018 £
Within one year Between two and five years	351,211 706,337	291,802 852,284
	1,057,548	1,144,086

23 Controlling party

ARAG PLC is a wholly owned subsidiary of ARAG SE and the results of ARAG PLC are included in the consolidated financial statements of ARAG SE which are available from ARAG Platz 1, Düsseldorf, 40472, Germany

This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1072 of the Companies Act 2006.
