World Television Limited

Report of the directors for the year ended 31 December 2011

The directors present their report together with the audited financial statements for the year ended 31 December 2011

Principal activities

World Television Limited is a long established leading video communications company for corporations and international organisations. It provides a fully integrated service across the video value chain from consultancy and initial concept, through content and production, to delivery and results evaluation. It combines with Virtue Corporate Services Ltd who provides streaming media services and together they operate as a UK business unit of World Television Group PLC.

Business review

The profit and loss account is set out on page 5 and shows the loss for the year. The administrative expenses include management recharges made by World Television Group PLC.

Excluding a large one-off project for a client in 2010, revenue decreased by 6%. The directors prioritised sales growth and almost all of the decrease was in the first half of 2011 with improvement made in the second half. Total revenues including the large one-off project for a client decreased during the year from £4,008k to £2,716k, representing a 32.24% decrease.

Key performance indicators

The Company uses two primary key performance indicators (KPI's) to measure and monitor the performance of the business effectively. They are turnover and profitability as measured by EBITDA and EBITDA per employee.

The KPI's for the year ended 31 December 2011, with comparatives for the year ended 31 December 2010, are set out below:

	2011 £'000	2010 £'000
Turnover	2,716	4,008
EBITDA	(225)	(32)
EBITDA per employee	(11)	(2)

Dividends

The directors do not recommend the payment of a dividend (2010 - £Nil).

Financial and commercial risk management

The funding and treasury functions are managed by the parent company centrally under guidelines approved by the parent company's Board.

The directors consider the principal risk facing the company is the uncertain economic conditions. Further information on the company's outlook and commercial risk is set out in the ultimate parent's accounts. Copies of World Television Group PLC consolidated financial statements can be obtained from the company's registered address.

Directors

The directors of the company during the year were:

S Garvey
E Kimber

World Television Limited

Report of the directors for the year ended 31 December 2011 (*continued*)

Going concern

After making due and careful enquiry, the directors have formed a judgement at the time of approving the financial statements that there is a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future, given the ongoing support of its parent, World Television Group PLC. For this reason, the directors continue to adopt a 'Going Concern' basis in preparing the financial statements.

Directors' responsibilities

The directors are responsible for preparing the report of the directors and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Auditors

All of the current directors have taken all the steps that they ought to have taken to make themselves aware of any information needed by the company's auditors for the purposes of their audit and to establish that the auditors are aware of that information. The directors are not aware of any relevant audit information of which the auditors are unaware.

BDO LLP have expressed their willingness to continue in office and a resolution to re-appoint them will be proposed at the annual general meeting.

On behalf of the Board

E Kimber

Director

Date 21 May 2012

World Television Limited

Independent auditor's report

TO THE MEMBERS OF WORLD TELEVISION LIMITED

We have audited the financial statements of World Television Limited for the year ended 31 December 2011 which comprise the profit and loss account, the balance sheet and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

As explained more fully in the statement of directors' responsibilities, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the APB's website at www.frc.org.uk/apb/scope/private.cfm.

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 31 December 2011 and of its loss for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements.

World Television Limited

Independent auditor's report (*continued*)

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

Andrew Viner, (senior statutory auditor)
For and on behalf of BDO LLP, statutory auditor

Director

The notes on pages 7 to 15 form part of these financial statements

World Television Limited

Notes forming part of the financial statements for the year ended 31 December 2011

1 Accounting policies

The financial statements have been prepared under the historical cost convention and are in accordance with applicable accounting standards

The following principal accounting policies have been applied

Group financial statements

The financial statements contain information about World Television Limited as an individual company and do not contain consolidated financial information as the parent of a group. The company has taken advantage of s400 of the Companies Act 2006 not to produce consolidated financial statements as the company is a wholly owned subsidiary of World Television Group PLC

Going concern basis

The company is supported by its parent company, World Television Group PLC. The directors consider that World Television Group PLC has sufficient funds to continue funding the company's business. On this basis the directors believe the going concern basis is appropriate, as they believe that World Television Group PLC will make sufficient funds available to the company

Cash flow

Under the provisions of Financial Reporting Standard No 1 (Revised) 'Cash Flow Statements', the company has not prepared a cash flow statement because its ultimate parent undertaking, World Television Group PLC, which is registered in England and Wales, has prepared consolidated accounts for the year. These accounts contain a consolidated cash flow statement and are publicly available

Turnover

The company is a communications agency that specialises in video for large corporations, governments and international organisations. Turnover relating to webcasting is recognised when the webcasting services are performed, which is compliant with FRS 5 Application Note G. Turnover in respect of television programme production is recognised on the basis of the amount earned during the year in accordance with the contractual arrangements. Turnover excludes VAT

Tangible fixed assets

Tangible fixed assets are stated at cost net of depreciation and any provision for impairment

Depreciation is charged so as to allocate the cost of each asset less its estimated residual value to the periods expected to benefit from its use at the following rates

Leasehold improvements	-	20% straight line
Computer and office equipment	-	33% straight line
Specialist equipment	-	20% straight line

Investments

Investments are stated at cost less provision for any impairment

World Television Limited

Notes forming part of the financial statements for the year ended 31 December 2011 (*continued*)

1 Accounting policies (*continued*)

Stocks

Stocks are stated at the lower of cost and net realisable value. Provision is made for obsolete, slow moving or defective items where appropriate.

Long term contracts and work in progress

Amounts recoverable on long term contracts, which are included in debtors as accrued income, are stated at the net sales value of the work done less amounts received as progress payments on account. Excess progress payments are included in creditors as deferred income. Cumulative costs incurred net of amounts transferred to cost of sales, less provision for contingencies and anticipated future losses on contracts, are included as work in progress balances in stock.

Deferred taxation

Deferred tax is recognised in respect of timing differences that have originated but not reversed by the balance sheet date subject to the deferred tax assets being recognised to the extent that they are regarded as recoverable. Assets are regarded as recoverable when it is regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax balances are not discounted.

Leased assets

Where assets are financed by leasing agreements that give rights approximating to ownership ('finance leases'), the assets are treated as if they had been purchased outright. The amount capitalised is the present value of the minimum lease payments payable during the lease term. The corresponding leasing commitments are shown as payable to the lessor. Depreciation on the relevant assets is charged to the profit and loss account.

Lease payments are analysed between capital and interest components so that the interest element of the payment is charged to the profit and loss account over the period of the lease and represents a constant proportion of the balance of capital repayments outstanding. The capital part reduces the amounts payable to the lessor.

All other leases are treated as operating leases. Their annual rentals are charged to the profit and loss account on a straight-line basis over the term of the lease.

Pensions

Contributions made by the company to money purchase pension schemes are charged to the profit and loss account in the period to which they relate. Differences between contributions payable in the year and contributions actually paid are shown as either accruals or prepayments in the balance sheet.

Foreign currency

Transactions in foreign currencies are recorded at the rate of exchange at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are reported at the rates of exchange prevailing at that date. All exchange differences are included in the profit and loss account.

World Television Limited

Notes forming part of the financial statements for the year ended 31 December 2011 (continued)

1 Accounting policies (continued)

Share-based payments

Where share options are awarded by World Television Group PLC to employees, the fair value of the options at the date of grant is charged to the profit and loss account over the vesting period. Non-market vesting conditions are taken into account by adjusting the total number of equity instruments expected to vest at each balance sheet date so that, ultimately, the cumulative amount recognised over the vesting period is based on the number of options that will eventually vest.

When shares and share options are granted by World Television Group PLC to employees of subsidiary companies, the fair value of the awards is recharged to the profit and loss account of that subsidiary. All options have now vested, therefore no charge (2010 - £nil) has been included in the profit and loss account of the company. The information relevant and assumptions used to determine the fair value of the options granted under the equity-settled based remuneration schemes are disclosed in the accounts of the ultimate parent.

2 Turnover

Turnover is wholly attributable to the principal activity of the company, and arises solely within the United Kingdom. Turnover excludes VAT.

3 Employees

	2011 £'000	2010 £'000
Staff costs consist of		
Wages and salaries	682	868
Social security costs	91	86
Other pension costs	11	11
	<u>784</u>	<u>965</u>
The average number of employees and officers (including executive directors) employed by the company is set out below		
	Number	Number
Sales and operations	17	13
General, finance and administration	4	5
	<u>21</u>	<u>18</u>

Average number of employees in 2011 excludes staff performing group functions

4 Directors

The directors of the company are paid for services to the group by the company's ultimate parent undertaking, World Television Group PLC. There were no emoluments paid during the year by World Television Limited.
