NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 30 APRIL 2011

1 ACCOUNTING POLICIES

1.1 BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention as modified by the revaluation of freehold property and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

The company is the parent undertaking of a small group and as such is not required by the Companies Act 2006 to prepare group accounts. These financial statements therefore present information about the company as an individual undertaking and not about its group.

12 TURNOVER

Turnover comprises revenue recognised by the company in respect of goods and services supplied, exclusive of Value Added Tax and trade discounts

13 TANGIBLE FIXED ASSETS AND DEPRECIATION

Tangible fixed assets are stated at cost or valuation less depreciation. Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful lives. Freehold property has not been depreciated in accordance with Financial Reporting Standard 15. It is the policy of the company to keep properties in a continuous state of repair, such that in the directors' opinion their net realiseable value at any time is in excess of their net book value in the accounts.

14 REVALUATION OF TANGIBLE FIXED ASSETS

As permitted by the transitional provisions of the Financial Reporting Standard for Smaller Entities (effective April 2008) the company has elected not to adopt a policy of revaluation of tangible fixed assets. The company will retain the book value of land and buildings, previously revalued at 30 April 2005 and will not update that valuation.

1.5 INVESTMENTS

Investments held as fixed assets are shown at cost less provision for impairment

16 LEASING AND HIRE PURCHASE

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible fixed assets. Assets acquired by finance lease are depreciated over the shorter of the lease term and their useful lives. Assets acquired by hire purchase are depreciated over their useful lives. Finance leases are those where substantially all of the benefits and risks of ownership are assumed by the company. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the Profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.
