Notes to the Abbreviated Financial Statements
for the Year Ended 30 June 2000

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective March 2000).

Turnover

Turnover represents the net amounts invoiced to customers during the period net of value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life or, if held under a finance lease, over the lease term, whichever is the shorter.

Optical Equipment	- 10%-14% on cost
Fixtures & Fittings	- 14%-25% on cost
Motor vehicles	- 25% on cost
Computer equipment	- 20% on cost

Stocks

Stock is valued at the lower of cost and net realisable value. Cost is determined on an average cost price basis. Net realisable value is based on estimated selling price allowing for all further costs of completion and disposal.

Deferred taxation

Provision is made at current rates for taxation deferred in respect of all material timing differences except to the extent that, in the opinion of the directors, there is reasonable probability that the liability will not arise in the foreseeable future.

Hire purchase and leasing commitments

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to the profit and loss account over the relevant period. The capital element of the future payments is treated as a liability.

Pension Costs

The company operates a defined contribution scheme for one of the directors under which the pension costs charged against profits represent the amount of contributions payable to the scheme for the period.

Going Concern

The financial statements are prepared on a going concern basis on the grounds that continued support will be received from the directors.
