#### DIRECTORS' REPORT AND FINANCIAL STATEMENTS

29 November 1996

#### GOLDMAN SACHS HOLDINGS (U.K.)

(unlimited company)

#### REPORT OF THE DIRECTORS

The directors present their report and the audited financial statements for the 53 week period ended 29 November 1996.

#### 1. Principal activities

The company is a holding company to a group which provides a wide range of financial services to clients located worldwide. The group's share capital is denominated in US dollars and the group is part of a US dollar reporting group, accordingly, the financial statements have been prepared in that currency.

#### 2. Review of business and future developments

During the year the operating activities of Goldman Sachs Futures ('GSF') were transferred to Goldman Sachs International ('GSI') and its subsidiary undertaking, Goldman Sachs International Finance ('GSIF'), was sold to Goldman Sachs Holdings (U.K.). Subsequently, the share capital of GSF was reduced to US\$100. The net monetary effect to the group of this reorganisation was a loss of \$2,407,000, resulting from an indennity payment made to the minority shareholders of GSIF.

The profit and loss account for the period is set out on page 4.

The directors consider that the period end financial position of the group was satisfactory and do not anticipate any significant changes in its activities in the forthcoming year.

#### 3. Dividends

The directors declared and paid ordinary dividends of US\$28,273,000 and preference dividends of US\$36,485,000 during the period (1995; US\$ Nil).

#### 4. Exchange rate

The US dollar/sterling exchange rate at the balance sheet date was 1.6816 (1995; 1.5597). The average rate for the period was 1.5594 (1995; 1.5870).

#### 5. Preference share capital

On 29 December 1995, the company allotted 68,965,517 preference shares of US\$ 0.01 each, fully paid, at US\$ 1.16 each.

#### Directors' responsibilities

The directors are required by UK company law to prepare financial statements for each financial period which give a true and fair view of the state of affairs of the company and the group as at the end of the financial period and of the profit or loss of the group for that period. In preparing the financial statements, appropriate accounting policies have been used and applied consistently, and reasonable and prudent judgements and estimates have been made. Applicable accounting standards have been followed with the exception of the departures disclosed and explained in notes 1(d) and 1(e) to the financial statements, and the financial statements have been prepared on a going concern basis. The directors are responsible for keeping proper accounting records, and for taking reasonable steps to safeguard the assets of the company and the group and to prevent and detect fraud and other irregularities.

BY ORDER OF THE BOARD

Report of the auditors to the members of GOLDMAN SACHS HOLDINGS (U.K.)

We have audited the financial statements set out on pages 4 to 20.

#### Respective responsibilities of directors and auditors

As described on page 2 the company's directors are responsible for the preparation of financial statements. It is our responsibility to form an independent opinion, based on our audit, on those statements and to report our opinion to you.

#### Basis of opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the cempany's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

#### Opinion

In our opinion the financial statements give a true and fair view of the state of affairs of the company and the group at 29 November 1996 and of the profit and cash flows of the group for the 53 week period then ended and have been properly prepared in accordance with the Companies Act 1985.

#### NOTES TO THE FINANCIAL STATEMENTS - 29 NOVEMBER 1996

#### 1. ACCOUNTING POLICIES

The financial statements have been prepared under the historical cost convention, modified as explained in notes 1(d) and 1(e) below, and in accordance with applicable Accounting Standards in the United Kingdom. The principal accounting policies, which have been consistently applied, were as follows:

- (a) <u>Basis of consolidation:</u> The consolidated financial statements include the company and all of its subsidiaries made up to 29 November 1996. The results of subsidiaries disposed of during the period are included in the consolidated profit and loss account to the date of their disposal.
- (b) <u>Tangible fixed assets:</u> Tangible fixed assets are stated at cost less accumulated depreciation. Depreciation is calculated so as to write off the cost of the assets, on a straight line basis, over their estimated useful lives. The principal annual rates used for this purpose are:

Fixtures, fittings & equipment Motor vehicles

% 10 to 33 1/3 25

Leasehold improvements are depreciated over the life of the lease.

- (c) <u>Investments:</u> Shares in subsidiary undertakings are stated at cost, less provision for any permanent diminution in value.
- (d) Securities and other financial instruments: Securities purchased and securities sold not yet purchased include the related interest and dividends. Securities purchased and securities sold not yet purchased and other financial instruments are valued, and stated in the balance sheet, at the market prices ruling at the balance sheet date. The gains or losses resulting from the application of this policy are taken to the profit and loss account, which represents a departure, as far as gains are concerned, from the Companies Act 1985. The directors consider that this departure is necessary in order that the financial statements should give a true and fair view of the results of the group's trading activities, in accordance with section 226(5) of the Companies Act 1985. The directors consider that it would be misleading to quantify the effect of non compliance with the Act.
- (e) Valuation of stocks: Stocks are stated at market value. The gains or losses resulting from the application of this policy are taken to the profit and loss account, which represents a departure, as far as gains are concerned, from the Companies Act 1985. The directors consider that this departure is necessary in order that the financial statements should give a true and fair view of the results of the group's trading activities in accordance with the requirements of Section 226(5) of the Companies Act 1985. The directors consider that it would be misleading to quantify the effect of non compliance with the Act.
- (f) Operating leases: Costs in respect of operating leases are charged on a straight line basis over the lease form.
- (g) Amounts due from/to clients: Amounts due from/to clients in respect of unsettled trading transactions are, unless written agreements exist by which such transactions can be settled on a net basis, stated at the gross amounts.
- (h) Repurchase and resale agreements: Securities purchased under agreements to resell and securities sold under agreements to repurchase are treated as collateralised financing transactions and are carried at the amounts at which the securities will be subsequently resold or reacquired, including accrued interest as specified in the respective agreements.

#### NOTES TO THE FINANCIAL STATEMENTS - 29 NOVEMBER 1996

#### 1. ACCOUNTING POLICIES (CONTINUED)

- (i) <u>Current asset investments:</u> Current asset investments are stated at the lower of cost and net realisable value.
- (i) <u>Deferred taxation:</u> Deferred taxation is provided in respect of all differences in timing between the accounting and tax treatments of income and expenses, to the extent that a liability is expected to crystallise in the foresecable future. Such taxation is provided at the rate of taxation expected to be ruling when the differences reverse.
- (it) Foreign currencies: Assets and liabilities denominated in foreign currencies are translated into US dollars at the rates of exchange ruling at the balance sheet date. Transactions in currencies other than US dollars are converted at the rates of exchange prevailing at the dates the transactions were made. Differences on exchange arising from the retranslation of the opening net investment in subsidiary companies, and from the translation of the results of those companies at average rate, are dealt with through reserves.
- Profit recognition: The operating results for the period include all profits arising from the trading
  operations of the group including net trading interest. Purchases and sales of securities are accounted for
  on a trade date basis.
- (m) Cornorate finance fees: Corporate finance income is accused when all the parties to a transaction are contractually bound. Advisory fees are credited when earned.
- (n) Money broker deposits: Deposits with money brokers and deposits received from money brokers are carried at the amounts of eash collateral advanced and received in connection with the transactions. The company measures the market value of the securities borrowed and loaned against the collateral on a daily basis and obtains additional collateral as appropriate.

#### 2. TRADING PROFIT

Trading profit has been disclosed instead of turnover as this reflects more meaningfully the nature and results of the group's activities. Trading profit, after charging related expenses, includes the net profit arising from transactions in securities, commodities, foreign exchange and other financial instruments, and fees and commissions earned. Related expenses include interest payable less interest and dividends receivable on trading positions.

#### 3. SEGMENTAL REPORTING

All trading profit arises from the provision of financial services to clients, accordingly the directors are of the opinion that the group's activities constitute a single business. No analysis of results by geographical market is provided on the grounds that the group's clients are located worldwide.

#### 31. FINANCIAL COMMITMENTS AND CONTINGENCIES

- (a) The group's only financial commitments and contingencies outstanding at the period end arise from forward foreign exchange, options and financial futures contracts, debt and equity forwards, underwriting commitments and agreements to borrow and lend metals entered into in the ordinary course of business.
- (b) The group leases certain buildings on long term leases from a fellow subsidiary undertaking. Under these leases, which are subject to renegotiation at various intervals specified in the leases, the company pays all insurance, maintenance and repairs of these properties. The rentals that the company is committed to pay in the next year are as follows:
