Report of the Independent Auditors to
Abit Ltd
Under Section 247B of the Companies Act 1985

We have examined the abbreviated accounts set out on pages two to four, together with the financial statements of Abit Ltd for the year ended 31 August 2008 prepared under Section 226 of the Companies Act 1985.

This report is made solely to the company, in accordance with Section 247B of the Companies Act 1985. Our work has been undertaken so that we might state to the company those matters we are required to state to it in a special auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company, for our work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

The directors are responsible for preparing the abbreviated accounts in accordance with Section 246 of the Companies Act 1985. It is our responsibility to form an independent opinion as to whether the company is entitled to deliver abbreviated accounts prepared in accordance with Sections 246(5) and (6) of the Act to the Registrar of Companies and whether the abbreviated accounts have been properly prepared in accordance with those provisions and to report our opinion to you.

Basis of opinion

We conducted our work in accordance with Bulletin 2006/3 "The Special Auditor's Report on Abbreviated Accounts in the United Kingdom" issued by the Auditing Practices Board. In accordance with that Bulletin we have carried out the procedures we consider necessary to confirm, by reference to the financial statements, that the company is entitled to deliver abbreviated accounts and that the abbreviated accounts to be delivered are properly prepared.

Opinion

In our opinion the company is entitled to deliver abbreviated accounts prepared in accordance with Sections 246(5) and (6) of the Companies Act 1985, and the abbreviated accounts have been properly prepared in accordance with those provisions.

Other information

On 5 March 2009 we reported, as auditors to the shareholders of the company on the financial statements for the year ended 31 August 2008 prepared under Section 226 of the Companies Act 1985, and our report included the following extract:

"Emphasis of Matter - Going Concern

At 31 August 2008 the company's liabilities exceeded its assets by £30,289. This condition indicates the existence of a material uncertainty which may cast significant doubt about the company's ability to continue as a going concern. In forming our opinion on the financial statements we have considered the adequacy of the disclosures made in note 1 to the financial statements concerning the company's ability to continue as a going concern and in particular, that the directors have agreed to extend financial support for the foreseeable future. The financial statements do not include the adjustments that would result if the company was unable to continue as a going concern."

Our opinion is not qualified in this respect.

Profit and loss account			<u>(30,388)</u>		<u>(69,153)</u>
SHAREHOLDERS' FUNDS			<u>(30,289)</u>		<u>(69,054)</u>

These abbreviated accounts have been prepared in accordance with the special provisions of Part VII of the Companies Act 1985 relating to small companies.

The financial statements were approved by the Board of Directors on 5 March 2009 and were signed on its behalf by:

R Thomas - Director

The notes form part of these abbreviated accounts

1. **ACCOUNTING POLICIES**

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007).

The financial statements have been prepared on the basis that the directors consider the company to be a going concern. This conclusion has been made because the directors have agreed to extend financial support for the foreseeable future.

Turnover

Turnover represents sales revenues from the design and installation of computer systems.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery	- 25% on cost
Fixtures and fittings	- 25% on reducing balance

Stock and long term contracts

Stock is valued at the lower of cost and net realisable value.

Amounts recoverable on long term contracts, which are included in debtors are stated at the net sales value of the work done after provisions for contingencies and anticipated future losses on contracts, less amounts received as progress payments on account. Excess progress payments are included in creditors as payments received on account.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. The company does not recognise deferred tax assets from trading losses as it is unable to predict with reasonable certainty as to when the losses will be used.

Research and development

Research expenditure is written off to the profit and loss account in the year in which it is incurred. Development expenditure is written off in the same year unless the directors are satisfied as to the technical, commercial and financial viability of individual projects. In this situation, the expenditure is deferred and amortised over the period from which the company is expected to benefit.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.

Pension costs and other post-retirement benefits

Pension costs charged in the financial statements represent the contribution payable by the company during the year.

The regular cost of providing retirement pensions and related benefits is charged to the profit and loss account over the employees' service lives on the basis of a constant percentage of earnings.

Turnover

The percentage of turnover attributable to overseas markets is 94% (2006: 96%)

Notes to the Abbreviated Accounts - continued
for the Year Ended 31 August 2008
