In addition, we read all the financial and non-financial information in the Directors' Report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

## Notes (forming part of the financial statements)

## Accounting Policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements:

### 1.1 Basis of preparation

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The company is exempt from the requirement of Financial Reporting Standard No 1 to prepare a cash flow statement as it is a wholly owned subsidiary undertaking of The Cheltenham Ladies' College, and its cash flows are included within the consolidated cash flow statement of that entity.

## 1.2 Going Concern

The company is expected to continue to generate positive cash flows on its own account for the foreseeable future. The company participates in the group's centralised treasury arrangements and so shares banking arrangements with its parent and fellow subsidiaries.

The directors, having assessed the responses of the directors of the company's parent, The Cheltenham Ladies' College, to their enquiries have no reason to believe that a material uncertainty exists that may cast significant doubt about the ability of The Cheltenham Ladies' College group to continue as a going concern or its ability to continue with the current banking arrangements.

On the basis of their assessment of the company's financial position and of the enquiries made of the Council of The Cheltenham Ladies' College, the company's directors have a reasonable expectation that the company will be able to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

#### 1.3 Turnover

Turnover, which excludes value added tax, represents the invoiced value of services supplied.

## 1.4 Operating leases

Costs in respect of operating leases are charged against profit on a straight line basis.

# 1.5 Fixed assets and depreciation

Fixed assets are valued at their purchase cost together with any incidental costs of acquisition. Depreciation is provided by the company to write off the cost less the estimated residual value of tangible fixed assets by equal instalments over their estimated useful economic lives as follows:

Leasehold improvements - 5% to 21% straight line
Motor vehicles - 10% to 20% straight line
Sports centre equipment - 10% to 33% straight line
Office equipment - 20% straight line

#### 1.6 Stocks

Stocks are stated at the lower of cost and net realisable value.
