### STATEMENT OF DIRECTORS RESPONSIBILITIES

Company law requires the director to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that year. In preparing those financial statements, the director is required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The director is responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with Companies Act 2006. He is also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

### **SMALL COMPANY PROVISIONS**

This report has been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies

By order of the Board

Mr B B Handa

Chairman

Approved by the director on

### A & H FINANCIAL SERVICES LIMITED NOTES TO THE ACCOUNTS

### for the year ended 30th June 2009

### (1) <u>ACCOUNTING POLICIES</u>

### (a) Basis of Accounting

The financial statements have been prepared under the historical cost convention, and in accordance with applicable UK accounting standards.

### (b) <u>Commissions Receivable</u>

Commissions are due on some insurance and pension policies in two or more instalments, the second and subsequent instalments received after twelve months depending on whether the client has paid the appropriate number of premiums. However most insurance companies now pay the full amount of commission in advance. As a result, a provision is made every year to account for the second and subsequent years prepayment to the extent that it is considered likely that it will be recovered by the insurance companies concerned.

### (c) <u>Deferred Taxation</u>

Deferred tax is provided in respect of the tax effect of all timing differences that have originated but not reversed at the balance sheet date.

A deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

### (d) Turnover

The turnover shown in the profit and loss account represents business transacted during the year.

### (2) <u>Turnover</u>

The turnover (commissions and fees receivable) and profit before tax are attributable to the one principal activity of the Company.

An analysis of turnover is given below:
