Shareholders' Funds - All Equity		£ 517298	£ 377622

The directors consider that the company is entitled to exemption from the requirement to have an audit under the provisions of Section 249A(1) of the Companies Act 1985. Shareholders holding 10% or more of the nominal value of the company's issued share capital have not issued a notice requiring an audit under Section 249B. The directors acknowledge their responsibilities for ensuring that the company keeps accounting records which comply with Section 221 of the Companies Act 1985, and for preparing accounts which give a true and fair view of the state of affairs of the company as at 31st October 2008 and of its profit for the year then ended in accordance with the requirements of Section 226, and which otherwise comply with the requirements relating to the accounts so far as applicable to the company.

The accounts, which have been prepared in accordance with the special provisions of Part VII of the Companies Act 1985 applicable to small companies, were approved by the board on 10th June 2009 and signed on its behalf.

The notes on pages 2 to 4 form part of these accounts.

1 Accounting Policies

1.1 Basis of Preparation of Accounts

The accounts are prepared under the historical cost convention and include the results of the company's operations which are described in the Directors' Report, all of which are continuing.

The company has taken advantage of the exemption in Financial Reporting Standard No. 1 from the requirement to produce a cash flow statement on the grounds that it is a small company.

1.2 Turnover

Turnover comprises the invoiced value of goods and services supplied by the company, net of Value Added Tax and trade discounts.

1.3 Tangible Fixed Assets and Depreciation

Tangible fixed assets are stated at cost less depreciation.

Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:-

Plant and Equipment	20% straight line
Motor Vehicles	25% straight line
Computer Equipment	33 $\frac{1}{3}$ % straight line

1.4 Leasing and Hire Purchase

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible fixed assets. Assets acquired by finance lease are depreciated over the shorter of the lease term and their useful lives. Finance leases are those where substantially all of the benefits and risks of ownership are assumed by the company. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

1.5 Stocks and Work in Progress

Stocks and Work in Progress are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow moving stocks. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads.

1 Accounting Policies (Continued)

1.6 Deferred Taxation

Provision is made for taxation deferred as a result of material timing differences between the incidence of income and expenditure for taxation and accounts purposes. In general, deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

1.7 Pensions

The company operates defined contribution pension schemes and the pension charge represents the amounts paid by the company to the funds during the year.
