## **DIRECTORS' REPORT**

The directors present their annual report and the audited financial statements for the year ended 31 July 2016.

## **ACTIVITIES**

The principal activity of the company is to provide services such as contract research and consultancy, and to commercially exploit the intellectual and physical resources held by the University of Brighton.

## **BUSINESS REVIEW**

Turnover has declined by £277,519 from last year to £1,117,530, which represents a fall of 19.9%. This reduction is as a result of anticipated falls in income from contract research.

The number of research contracts in place during the year was 16, which compares to 22 for last year. This downward change led to a 41.8% reduction in income (to £355,863 for the year). One of the contributing factors to this change was the shift in research activity by the School of Computing, Engineering and Mathematics to Research Council projects (which are delivered by the University).

Consultancy income has also fallen by 10.4%, which is in line with the reduction in the number of contracts active during the year.

Income from Accommodation & Hospitality Services has increased by 12.7% to £352,960, due mainly to increase in Catering income.

The state of affairs of the company as at the year-end is shown in the Balance Sheet position on page 7. The profit on ordinary activities after taxation for the year ended 31 July 2016 was £1,606 (2015; £1,799 profit) following the payment to the University of Brighton of £174,870 (2015; £267,047) under deed of covenant. The directors are optimistic about the future prospects of the company.

## **PRINCIPAL RISKS AND UNCERTAINTIES**

The key business risks and uncertainties faced by the company are the failure to maximise revenue income generated through the university's commercial activities and the ability to optimise the intellectual property generated by the University.

The Board of Directors receive regular management information reports on the company's activities to mitigate these risks and uncertainties. In addition, as the company is a wholly owned subsidiary of the University of Brighton, additional mitigation is provided through the established risk management processes within the University.

Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice), including Financial Reporting Standard 102.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

**NOTES TO THE ACCOUNTS**  
**Year ended 31 July 2016**

**1. ACCOUNTING POLICIES**

The financial statements have been prepared for the first time in accordance with Financial Reporting Standard 102. The main impact of this is the inclusion in the accounts of a new section entitled "Statement of changes in equity", which is shown on page 8 of the accounts. This new section sets out for the year the taxable profit, the tax charge, and the payment by the Trading Company to the University under Deed of Covenant, the effect of which is to reduce the tax liability for the company to nil. Previously this information was contained in the Profit & Loss Statement.

There are no significant changes due to the introduction of FRS 102.

The particular accounting policies adopted are described below.

**Accounting convention**

The financial statements are prepared under the historical cost convention.

**Cash flow**

Under FRS 102 paragraph 7 point b the company is exempt from the requirement to prepare a cash flow statement on the grounds that a parent undertaking includes the company in its own published consolidated financial statements.

**Turnover**

Turnover represents the invoiced value, excluding value added tax, of services supplied.

**Stocks**

Goods for resale are stated at the lower of cost and net realisable value.

**Going Concern**

After making enquiries, the directors have formed a judgement, at the time of approving the financial statements, that there is a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. For this reason, the directors continue to adopt the going concern basis in preparing the financial statements.

**Investments**

Investments held as fixed assets are stated at cost less any provision for impairment.

**Tax**

Deferred taxation would normally be recognised in respect of all timing differences that have originated, but not reversed, at the balance sheet date, where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred. However, deferred tax assets and liabilities are not recognised as the company has a policy to eliminate taxable profits by deed of covenants and therefore no asset or liability is likely to arise.

These policies have been reviewed in accordance with FRS102 section 8 and are still considered relevant.
