The Directors present their report and the financial statements for the year ended 31 March 2014.

DIRECTORS' RESPONSIBILITIES STATEMENT

The Directors are responsible for preparing the Strategic report, Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

RESULTS AND DIVIDENDS

The profit for the year, after taxation, amounted to £1,003,000 (2013: £335,000).

The Directors do not recommend payment of a dividend (2013: nil). A dividend of £338,000 (112.66p per share) was paid in the year (2013: £nil).

The Directors who served during the year and to the date of signing of this report were:

SMOOTH RADIO LIMITED

STRATEGIC REPORT FOR THE YEAR ENDED 31 MARCH 2014

The Directors present their Strategic Report for the Company.

BUSINESS REVIEW

The principal activity of the company is that of a radio broadcaster in the North West of England.

The profit for the year before tax was £1,327,000 (2013: £469,000). Turnover was £7,547,000 (2013: £8,559,000) down 11.8% on 2013.

Smooth Radio is the largest commercial radio station in the North West with an overall commercial market share of 7.3%, reaching 1,035,000 adults aged 15+ with over 7.8m of listener hours (Source: RAJAR March 2014).

On 31 March 2014 the Company was acquired by Communicorp UK Limited. The sale was the result of the Competition Commission remedies arising from the acquisition of Real and Smooth Limited (the previous parent company) by This is Global Limited.

PRINCIPAL RISKS AND UNCERTAINTIES

The Company is a subsidiary of Communicorp UK Group. From the perspective of the Company, the principal risks and uncertainties are integrated with the principal risks of the Group and are not managed separately. The principal risks in the view of the Directors are outlined below.

Liquidity risk

In order to maintain liquidity to ensure that sufficient funds are available for ongoing operations and future developments, the Company uses intercompany borrowings from other Group companies.

Market risk

The key risk to the business is that an advertising slowdown may put pressure on traditional revenues, and reduce the value of the investments held. The risk is monitored and managed through Group management.

Interest rate risk

Interest rate risk arises from intercompany balances that bear interest at a fixed rate. The directors have reviewed the Company's exposure to interest rates and have concluded that the risk is appropriate in relation to the financial results of the Company.

FINANCIAL KEY PERFORMANCE INDICATORS

The business uses key performance indicators which are monitored on a regular basis and include audience trends such as weekly reach, listening hours, share of the market and demographic mix, as well as financial indicators such as turnover, Adjusted EBITDA and operating margins. Variance analysis is performed monthly and variances are monitored and discussed within a formal meeting structure.

This report was approved by the board on 13 November 2014 and signed on its behalf.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF SMOOTH RADIO LIMITED

Report on the financial statements

OUR OPINION

In our opinion the financial statements, defined below:

- give a true and fair view of the state of the company's affairs as at 31 March 2014 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

This opinion is to be read in the context of what we say in the remainder of this report.

What we have audited

The financial statements, which are prepared by Smooth Radio Limited, comprise:

- the balance sheet as at 31 March 2014;
- the profit and loss account for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies and other explanatory information.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

In applying the financial reporting framework, the directors have made a number of subjective judgements, for example in respect of significant accounting estimates. In making such estimates, they have made assumptions and considered future events.

What an audit of financial statements involves

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) ("ISAs (UK & Ireland)"). An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of:

- whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed;
- the reasonableness of significant accounting estimates made by the directors; and
- the overall presentation of the financial statements.

In addition, we read all the financial and non-financial information in the Directors' report and financial statements (the "Annual Report") to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

OPINION ON OTHER MATTER PRESCRIBED BY THE COMPANIES ACT 2006

In our opinion the information given in the Strategic Report and the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements.

SMOOTH RADIO LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2014

1. ACCOUNTING POLICIES

1.1 Basis of preparation of financial statements

The financial statements have been prepared on the going concern basis, under the historical cost convention and in accordance with the Companies Act 2006 and applicable accounting standards in the United Kingdom. The principal accounting policies, which have been applied consistently throughout the year, are set out below.

1.2 Cash flow

The Company, being a subsidiary undertaking where 90% or more of the voting rights are controlled within the group whose consolidated financial statements are publicly available, is exempt from the requirement to draw up a cash flow statement in accordance with FRS 1.

1.3 Turnover

Revenue comprises the fair value of consideration received or receivable for the sale of goods and services in the ordinary course of business (net of VAT, trade discounts and anticipated returns). Revenue is recognised when the amount of revenue can be reliably measured and it is probable that future economic benefits will flow to the company.

Online advertising revenue is recognised as page impressions are served or evenly over the period, depending on the terms of the contract.

Radio airtime, advertising, sponsorship and other revenue is recognised as the advertising or channel is aired.

Radio advertisement production revenue is recognised when the advert is produced.

Deferred income is recorded in the balance sheet and represents amounts invoiced but not yet recognised in the profit and loss account.

Revenue from barter transactions for advertising is recognised and disclosed only where there is persuasive evidence of the value at which, if it had not been exchanged, the advertising would have been sold for cash in a similar transaction.

1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

| | |
|-----------------------------|---------------|
| Studio and office equipment | - 12.5% - 33% |
|-----------------------------|---------------|

The carrying value of fixed assets is reviewed for impairment if events or changes in circumstances suggest that their carrying amount may not be recoverable. When an impairment review is undertaken, the recoverable amount is calculated as the net present value of expected future cash flows of the relevant income generating unit. Any impairment is recognised in the profit and loss account in the period it occurs.

SMOOTH RADIO LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2014

1. ACCOUNTING POLICIES (continued)

1.5 Operating leases

Leases in which a significant proportion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Rentals under operating leases are charged to the Profit and loss account on a straight line basis over the lease term.

1.6 Current tax

The company provides for corporate taxation on the results for the year at the normal rate applicable to that year and recognises group relief when made available.

1.7 Deferred taxation

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation.

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse.

Deferred tax assets and liabilities are not discounted.

1.8 Pensions

The Company operates a defined contribution pension scheme and the pension charge represents the amounts payable by the Company to the fund in respect of the year.

2. TURNOVER

All turnover arose within the United Kingdom.

3. OPERATING PROFIT

The operating profit is stated after charging:

| | 2014 £000 | 2013 £000 |

7. TAX ON PROFIT ON ORDINARY ACTIVITIES

| | 2014 £000 | 2013 £000 |
|--|----------------------|----------------------|
| Analysis of tax charge in the year | | |

| Deferred tax (see note 11) | | |
| Origination and reversal of timing differences | 13 | (4) |
| Tax on profit on ordinary activities | 324 | 134 |

Factors affecting tax charge for the year

The tax assessed for the year is higher than (2013: *higher than*) the standard rate of corporation tax in the UK of 23% (2013: 24%). The differences are explained below:

| | 2014 £000 | 2013 £000 |
|---|----------------------|----------------------|
| Profit on ordinary activities before tax | 1,327 | 469 |
| Profit on ordinary activities multiplied by standard rate of corporation tax in the UK of 23% (2013: 24%) | 305 | 113 |
| Effects of: | | |
| Expenses not deductible for tax purposes | 3 | 26 |
| Depreciation/(capital allowances) for year in excess of (capital allowances)/depreciation | 3 | (1) |
| Current tax charge for the year (see note above) | 311 | 138 |

Factors that may affect future tax charges

On 19 March 2013 the Chancellor announced the reduction in the main rate of UK corporation tax to 21 per cent with effect from 1 April 2014. The Chancellor also proposed changes to further reduce the main rate of corporation tax by one per cent to 20 per cent by 1 April 2015. These changes were substantively enacted on 2 July 2013 and therefore the effect of the rate changes created a reduction in the deferred tax asset which has been included in the figures above.
