Directors' Report

for the 52 weeks ended 30th August 2015

The directors present their annual report on the affairs of Costco Limited together with the financial statements and auditor's report, for the 52 weeks ended 30th August 2015. Comparatives are stated for 52 weeks ended 31st August 2014.

Statement of directors' responsibilities in respect of the Directors' Report and the financial statements

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial period. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice).

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that its financial statements comply with the Companies Act 2006. They have a general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Principal Activity and Business Review

The company is a wholly owned subsidiary of the Costco Wholesale UK Limited group which is engaged in operating cash & carry membership warehouses.

The principal activity of the company has been the holding of a freehold property for the group's operations and subsequent leaseback to the operating company, Costco Wholesale UK Limited.

The directors continue to review the property structure of the UK group, including Costco Limited, and are currently evaluating if there is a continued need to have the remaining property in a separate company.

Key Performance indicators and outlook

The directors use the turnover, profit before tax and retained profit as the key performance indicators. Rental income was consistent with the prior period as the property leased to the operating company has a fixed annual rent which was unchanged.

Under the current lease contract held by the company future rental income is expected to remain steady for the foreseeable future, subject to any impact from changes in the group property structure.

Directors' Report (continued)

Directors

The directors who served during the period were as follows:

Magan K. Chauhan James P. Murphy Stephen M. Pappas

Disclosure of information to auditor

The directors who held office at the date of approval of this directors' report confirm that so far as they are each aware, there is no relevant audit information of which the company's auditor is unaware; and each director has taken all the steps that he ought to have taken as a director to make himself aware of any relevant audit information and to establish that the company's auditor is aware of that information.

Auditor

Pursuant to a shareholders' resolution, the company is not obliged to reappoint its auditor annually and KPMG LLP will therefore continue in office.

Statement of Accounting Policies

for the 52 weeks ended 30th August 2015

Accounting policies

The principal accounting policies are summarised below. They have all been applied consistently throughout the current and the preceding period. The accounting period covers the 52 weeks ended 30th August 2015. Comparative figures are shown for the 52 weeks ended 31st August 2014.

a) Basis of accounting

The financial statements are prepared under the historical cost convention in accordance with applicable accounting standards.

b) Tangible fixed assets

Tangible fixed assets are stated at cost, net of depreciation and any provision for impairment.

Depreciation is provided on all tangible fixed assets other than freehold land, at rates calculated to write off the cost, less estimated residual value, of each asset on a straight line basis over its expected useful life, as follows:

Freehold buildings

15-50 years

c) Taxation

Current tax is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantially enacted by the balance sheet date.

Deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more, or a right to pay less, tax in the future have occurred at the balance sheet date, with the following exception:

Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on a non discounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantially enacted at the balance sheet date.

d) Turnover

Turnover comprises rent receivable on property leases (excluding VAT and similar taxes) on an accruals basis.

e) Cash flow Statement

Under the provisions of FRS 1, the company has not prepared a cash flow statement because its ultimate parent company, Costco Wholesale Corporation, has prepared consolidated financial statements which are publicly available and which include the results of the company.
