1. ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

The financial statements have been prepared on a going concern basis, which assumes that the company will continue trading in the foreseeable future. The validity of this assumption depends on the continuing financial support of its principal creditor as detailed in note 8. Having considered all the information available, the directors have reasonable expectation that the company has adequate financial support for the foreseeable future. They therefore consider that it is appropriate to prepare the financial statements on the going concern basis.

Turnover

The turnover shown in the profit and loss account represents the value of services provided during the year, exclusive of Value Added Tax.

Fixed assets

All fixed assets are initially recorded at cost.

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Fixtures & Fittings and Office Equip - 10% & 33 1/3% on cost

Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more, tax.
