Notes to the Accounts
for the year ended 31 December 2011

1 Accounting policies

Basis of preparation

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Turnover

Turnover represents the value, net of value added tax and discounts, of goods provided to customers and work carried out in respect of services provided to customers

Going concern

The accounts are prepared on a going concern basis the validity of which is dependent upon the belief of the director that the company will continue to receive the financial support of its shareholders

Depreciation

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives

Fixtures, fittings and equipments	25% straight line
-----------------------------------	-------------------

Stocks

Stock is valued at the lower of cost and net realisable value

Deferred taxation

Full provision is made for deferred taxation resulting from timing differences between the recognition of gains and losses in the accounts and their recognition for tax purposes. Deferred taxation is calculated on an un-discounted basis at the tax rates which are expected to apply in the periods when the timing differences will reverse
