The notes on pages 3 to 5 form part of these abbreviated accounts.

BRITANNIA SERVICES (UK) LIMITED**ABBREVIATED BALANCE SHEET** *(continued)***30 APRIL 2006**

The directors are satisfied that the company is entitled to exemption from the provisions of the Companies Act 1985 (the Act) relating to the audit of the financial statements for the year by virtue of section 249A(1), and that no member or members have requested an audit pursuant to section 249B(2) of the Act.

The directors acknowledge their responsibilities for:

- (i) ensuring that the company keeps proper accounting records which comply with section 221 of the Act, and
- (ii) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of the financial year and of its profit or loss for the financial year in accordance with the requirements of section 226, and which otherwise comply with the requirements of the Act relating to financial statements, so far as applicable to the company.

These abbreviated accounts have been prepared in accordance with the special provisions for small companies under Part VII of the Companies Act 1985.

These abbreviated accounts were approved by the directors on 17/10/06 and are signed on their behalf by:

.....
MR D SHAW.....
MR K HARRIS.....
MR K H DABBS

BRITANNIA SERVICES (UK) LIMITED
NOTES TO THE ABBREVIATED ACCOUNTS
YEAR ENDED 30 APRIL 2006

1. ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2005).

Changes in accounting policies

In preparing the financial statements for the current year, the company has adopted the following Financial Reporting Standards:

-Financial Reporting Standard for Smaller Entities (effective January 2005).

Financial Reporting Standard for Smaller Entities (effective January 2005)

The adoption of FRSSE 2005 has no material impact on the financial statements.

Turnover

The turnover shown in the profit and loss account represents amounts invoiced during the year, exclusive of Value Added Tax.

In respect of long-term contracts and contracts for on-going services, turnover represents the value of work done in the year, including estimates of amounts not invoiced. Turnover in respect of long-term contracts and contracts for on-going services is recognised by reference to the stage of completion.

Fixed assets

All fixed assets are initially recorded at cost.

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Fixtures & Fittings	- 25 % reducing balance
Motor Vehicles	- 25 % reducing balance

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Hire purchase agreements

Assets held under hire purchase agreements are capitalised and disclosed under tangible fixed assets at their fair value. The capital element of the future payments is treated as a liability and the interest is charged to the profit and loss account on a straight line basis.

BRITANNIA SERVICES (UK) LIMITED
NOTES TO THE ABBREVIATED ACCOUNTS
YEAR ENDED 30 APRIL 2006

1. ACCOUNTING POLICIES *(continued)*

Finance lease agreements

Where the company enters into a lease which entails taking substantially all the risks and rewards of ownership of an asset, the lease is treated as a finance lease. The asset is recorded in the balance sheet as a tangible fixed asset and is depreciated in accordance with the above depreciation policies. Future instalments under such leases, net of finance charges, are included with creditors. Rentals payable are apportioned between the finance element, which is charged to the profit and loss account on a straight line basis, and the capital element which reduces the outstanding obligation for future instalments.

Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax, with the following exceptions:

Provision is made for tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold.

Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.
