1. Progress of the Administration

Work undertaken during the period

I attach at **Appendix C** a schedule of work undertaken during the period together with a summary of work still to be completed. This report should be read in conjunction with my proposals dated 24 May 2019. My proposals were approved by creditors on 13 June 2019.

A sale of all of the business and assets except for the debtor ledger of the Company was effected on 21 May 2019 by the Administrators. Background information regarding the Company together with full details of the events that resulted in the appointment of the Administrators and this transaction taking place and why it was considered to be in the overall best interest of the creditors of the Company as a whole were covered by my proposals.

The key points remaining to be dealt with in the Administration were as follows:

- Reconcile the debtor ledger and assist HSBCIF to realise the book debts;
- Reassignment of debtor ledger if appropriate;
- Submission of Companies House form NM01 change of name by resolution
- Dealing with the occupation of the leasehold property under license by Gemini, liaising with the landlord and local authority.

A summary of each point is detailed below.

Debtor Ledger

HSBCIF have a fixed charge over the book debts of the Company. Following the appointment of the Administrators they have continued to collect the debts. As at the date of the administration HSBCIF were owed £278,720 against a ledger of £402,774. During the period I have dealt with a number of queries from HSCBIF in relation to the debtors. This has included customers claiming they have already paid, debtors who are also creditors and requests for copy invoices.

FPL Admın 2019 Limited (In Administration)
The Administrators' Progress Report

I am pleased to confirm that HSBCIF have collected sufficient debtor monies to repay their liability in full. In addition, they have paid funds to HSBC under their cross guarantee to settle their liability in full.

As at 6 November 2019, HSBCIF were holding surplus funds of £28,778.11 and once the reassignment of the debtor ledger has been completed these funds will be transferred to the administration bank account.

Once the ledger has been reassigned the Administrators will review and continue the book debt collection process.

Change of Name - NM01

Under the terms of the sale agreement, a resolution was passed changing the Company name from Foundry Press Limited to FPL Admin 2019 Limited. I can confirm Companies House form NM01 was filed at Companies House in order to effect the change of name on 19 June 2019.

Leasehold Property

Following the completion of the sale, the Administrators have liaised with Gemini and the landlord in respect of the license to occupy. Rent and service charges for the period of the license to occupy have been paid to the landlord.

Prior to the termination of the license, Gemini vacated the trading premises. The Administrators have agreed an informal surrender of the lease with the landlord.

The schedule of work details the work required to realise the following asset:

Reassigned book debt ledger

Attached at **Appendix E** is a receipts and payments account detailing both transactions for the period of this report and also cumulatively since my appointment as Administrator.

1. Progress of the Administration

Investigations

Part of my duties include carrying out proportionate investigations into what assets the Company has, including any potential claims against directors or other parties, and what recoveries could be made. I have reviewed the Company's books and records and accounting information, requested further information from the directors, and invited creditors to provide information on any concerns they have regarding the way in which the Company's business has been conducted.

Further details of the conduct of my investigations are set out in the schedule of work attached. I can confirm that no further investigations or actions were required.

Extension to the initial period of appointment

It is anticipated that an extension of the administration is not appropriate at this time.

Anticipated exit strategy

The administration will end automatically after 12 months from the date of appointment of the Administrators. This period can be extended with consent of the creditors for up to 12 months or longer by application to the Court as required.

If the Administrators think the Company has no property which might permit a distribution to its unsecured creditors, or if they also consider that an exit from the administration into liquidation is not appropriate they will send a notice to the Registrar of Companies in accordance with Paragraph 84 of Schedule B1 to the Insolvency Act 1986 to bring the administration to an end and three months after the filing of the notice the Company will be deemed to be dissolved.

If the Administrators are of the view that a dividend will become available to the unsecured creditors (other than by virtue of the prescribed part) it is appropriate for the Company to move from administration into CVL pursuant to Paragraph 83 of

Schedule B1 to the Insolvency Act 1986. If applicable, the Administrators will take steps to place the Company into CVL.

Should a dividend not become available to the unsecured creditors but it is still appropriate for the Company to enter liquidation, the Administrators will petition the Court pursuant to Paragraph 79 of Schedule B1 to the Insolvency Act 1986 for an order to bring the administration to an end with a consequential order for the compulsory winding up of the Company.

Pursuant to Paragraph 83 of Schedule B1 to the Insolvency Act 1986, should the creditors not nominate a Liquidator, the proposed Liquidators in a CVL are to be the Administrators or any successor office holder(s). Any act to be done by the Liquidators may be done by all or any one of them. Pursuant to Paragraph 83(7)(a) of Schedule B1 to the Insolvency Act 1986 and the Insolvency Rules, creditors may nominate a different person as the proposed liquidator, provided that the nomination is made after the receipt of these proposals and before these proposals are approved.

The Liquidators in a compulsory winding up will be appointed by the Court and may be the Administrators, or any successor office holder(s).

Currently, the Administrators are of the opinion that a dividend will be available to unsecured.

Accordingly, the Administrators will shortly take steps to place the Company into CVL.

Estimated Outcome for the creditors

The estimated outcome for creditors was set out in the Administrators proposals.

Outcome for the secured creditors

The Company has granted the following charges:

- HSBC Bank plc all assets debenture created 16 November 2004;
- HSBC Bank plc legal assignment created 8 February 2010;
- HSBC Invoice Finance (UK) Limited fixed charge on non-vesting debts created 23 November 2010.

Based on current information available:

- HSBCIF have been repaid in full, including termination charges and costs, from book debt realisations.
- HSBC have been repaid in full from the surplus from the book debt collection.

Outcome for the preferential creditors

I am not aware of any preferential creditors as a result of the sale of the business. The employees have transferred to Gemini and TUPE applies.

Outcome for the unsecured creditors

Based on the assumptions made in the estimated outcome statement it is currently estimated that there will be sufficient funds available to make a distribution to unsecured creditors in due course. This distribution will be paid by a subsequently appointed Liquidator. The costs of the liquidation cannot at this stage be estimated and therefore it is not possible to estimate the level of distribution that may be made.

The prescribed part is a carve out of funds available to the holder of a floating charge which is set aside for the unsecured creditors in accordance with Section 176A of the Insolvency Act 1986. The prescribed part only applies where the floating charge was created after 15 September 2003 and the net property available to the floating charge holder exceeds £10,000 and the cost of making a distribution to unsecured creditors would not be disproportionate to the benefits.

A prescribed part is not appropriate because it is anticipated that HSBC and HSBCIF will be repaid in full, from fixed charge realisations, and therefore there will be no holders of floating charges in this case.

Prescribed Part

The Administrators' Progress Report

3. Administrators' remuneration, disbursements, expenses and pre-appointment costs

Administrators' remuneration

Following circulation of the Administrators' proposals the creditors passed a resolution that the Administrators' remuneration should be calculated on a time cost basis basis. Details of remuneration charged during the period of the report are set out in the statement of expenses attached. To date fees of £30,000 excluding VAT have been drawn from the funds available.

A breakdown of our time costs incurred during the period of this report and to date is attached at **Appendix D**. The remuneration anticipated to be recovered by the Administrators based on time costs, is not likely to exceed the sum provided in the fees estimate circulated to creditors with the proposals.

Administrators' disbursements

The Administrators' disbursements are a recharge of actual costs incurred by the Administrators on behalf of the Company. Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the insolvency estate, are paid by FRP Advisory at the HMRC approved mileage rate prevailing at the time the mileage was incurred. Details of disbursements incurred during the period of this report are set out in **Appendix D**.

Administrators' expenses

An estimate of the Administrators' expenses was set out in the Administrators' proposals. I attach at **Appendix F** a statement of expenses that have been incurred during the period covered by this report. It is currently expected that the expenses incurred or anticipated to be incurred are not likely to exceed the details previously provided

Creditors have a right to request further information from the Administrators and further have a right to challenge the Administrators' remuneration and other expenses, which are first disclosed in this report, under the Insolvency (England and Wales) Rules. (For ease of reference these are the expenses incurred in the reporting FPL Admin 2019 Limited (In Administration)

The Administrators' Progress Report

period as set out in **Appendix F** only). Further details of these rights can be found in the Creditors' Guide to Fees which you can access using the following link https://creditors.frpadvisory.com/info.aspx and select the one for administrations. Alternatively, a hard copy of the relevant guide will be sent to you on request. Please note there is a time limit for requesting information being 21 days following the receipt of this progress report. There is a time limit of 8 weeks following the receipt of this report for a Court application that the remuneration or expenses are excessive.

Administrators' pre-appointment costs

Creditors agreed that pre appointment costs of £15,362 plus disbursements plus VAT could be settled from funds in hand. I can confirm these costs have been settled.
