AVALON TELEVISION LIMITED

STRATEGIC REPORT

FOR THE YEAR ENDED 30 JUNE 2021

The directors present the strategic report for the year ended 30 June 2021.

Review of the business

The company's principal business is that of the development and production of television and film projects.

The company achieved turnover of £53,943,844 (2020: £23,702,908), and delivered an operating profit of £8,204,338 (2020: £2,267,765).

Avalon Television's success is based on a strategy of developing and maximising the value of great brands. We do this by working with some of the best creative talent in the entertainment business, nurturing and developing new ideas and properties, delivering a strong television production slate, and by retaining rights to our programming. This strategy requires a significant level of reinvestment of profits back into the creative process. The high level of investment made over recent years is expected to lead to improved performance during the future period and beyond.

The Company has continued to maintain and develop a strong range of productions, and deliver a healthy performance in a challenging environment. The company continues to invest significantly in new TV developments and programming which is expected to lead to improved performance during the future period and beyond.

Principal risks

The principal risks faced by the company include competition from rival producers, retention and development of key talent, retention and exploitation of programming rights.

Key to the continued success of Avalon Television Limited is its ability to secure commission and re-commissions of its programmes. The Company tracks ratings undertaking further audience and market research where necessary and responds to rating performance by adapting programmes where required. The Company's creative relationships with third parties and key talent are important to the performance of the Company. These relationships are closely managed on a day to day basis.

The Directors feel confident that the financial risks thereof are managed appropriately.

On behalf of the Board

J Mowll

Director

7 June 2022

AVALON TELEVISION LIMITED

DIRECTORS' REPORT

FOR THE YEAR ENDED 30 JUNE 2021

The directors present their annual report and financial statements for the year ended 30 June 2021.

Principal activities

The principal activity of the company continued to be that of the development and production of television and film projects.

Development and performance

We have assessed the impact of COVID-19 on future revenues and are confident that it is unlikely to have a significant impact on the future development, performance and position of the company's business.

Directors

The directors who held office during the year and up to the date of signature of the financial statements were as follows:

R Allen-Turner

R Aslett

J Beresford

(Resigned 1 January 2022)

J Mowll

G Perkins

J Thoday

D Palmer-Brown

J Taylor

L Kennedy

Results and dividends

The results for the year are set out on page 4.

£8,150,000 dividends were declared and paid by Avalon Television Limited in the year ended 30 June 2021 (2020: £2,058,845).

£2,500,000 dividends were received from Avalon Distribution Limited in the year ended 30 June 2021 (2020: £Nil).

Post reporting date events

There have been no significant events affecting the company since year end.

Government Grants

Avalon Television Limited claimed government grants in the year through the Coronavirus Job Retention Scheme (CJRS) of £22,825 (2020: £126,506). Further details can be found on pages 11 and 12 of the financial statements.

AVALON TELEVISION LIMITED

DIRECTORS' REPORT (CONTINUED)

FOR THE YEAR ENDED 30 JUNE 2021

Director's Responsibilities Statement

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including FRS 102 "The Financial Reporting Standard applicable in the UK and the Republic of Ireland".

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable United Kingdom Accounting Standards, including FRS 102 have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the Company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Disclosure of Audit Requirements

The Company is a wholly owned subsidiary of Avalon Entertainment Limited and of its ultimate parent Tiverton 2 Limited, and is included in the consolidated financial statements of Tiverton 2 Limited, which are publicly available.

Consequently, the company has taken advantage of the exemption from statutory audit according to The Companies and Limited Liability Partnership (Accounts and Audit Exemptions and Change of Accounting Framework) Regulations 2012.

Small Companies Exemption

This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.

Going Concern

The directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the financial statements. Further details regarding the adoption of the going concern basis can be found in note 1 of the financial statements.

On behalf of the Board

J Mowl
Director

For the financial year ended 30 June 2021 the company was entitled to exemption from audit under section 479A of the Companies Act 2006 relating to subsidiary companies.

No members have required the company to obtain an audit of its accounts for the year in question in accordance with section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of financial statements.

These financial statements have been prepared in accordance with the provisions applicable to companies subject to the small companies' regime.

The financial statements on pages 4 to 18 were approved by the Board of directors and authorised for issue on 7 June 2022 and are signed on its behalf by:

AVALON TELEVISION LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2021

1 Accounting policies

1.1 General information

Avalon Television Limited develops and produces film and television projects.

Avalon Television Limited is a private company limited by shares incorporated in England and Wales. The registered office is 4a Exmoor Street, London, W10 6BD.

1.2 Statement of Compliance

The individual financial statements of Avalon Television Limited have been prepared in compliance with United Kingdom Accounting Standards, including Financial Reporting Standard 102, "The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland" ("FRS 102") and the Companies Act 2006.

1.3 Summary of significant accounting policies

The principal accounting policies of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less accumulated depreciation and accumulated impairment losses. Cost includes the original purchase price and costs directly attributable to bringing the asset to its working condition for its intended use. Depreciation is provided on all tangible fixed assets, other than investment properties and freehold land, at rates calculated to write off the cost or valuation, less estimated residual value, of each asset over its expected useful life, as follows:

Production equipment	Straight line over 4 years
----------------------	----------------------------

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is credited or charged to profit or loss.

1.5 Investments

Except as stated below, fixed asset investments are shown at cost less provision for impairment. Current asset investments are stated at the lower of cost and net realisable value.

In the company balance sheet, for investments in subsidiaries acquired for consideration including the issue of shares qualifying for merger relief, cost is measured by reference to the nominal value only of the shares issued. Any premium is ignored.

1.6 Impairment of fixed assets

At each reporting period end date, the company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

AVALON TELEVISION LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 30 JUNE 2021

1 Accounting policies

(Continued)

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Recognised impairment losses are reversed if, and only if, the reasons for the impairment loss have ceased to apply. Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

1.7 Cash and cash equivalents

Cash and cash equivalents are basic financial assets and include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.8 Financial instruments

The company has chosen to adopt Sections 11 and 12 of FRS 102 in respect of its financial instruments.

Financial instruments are recognised in the Company's Balance Sheet when the Company becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Impairment of financial assets

Financial assets, other than those held at fair value through profit and loss, are assessed for indicators of impairment at each reporting end date.

AVALON TELEVISION LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 30 JUNE 2021

1 Accounting policies

(Continued)

Basic financial liabilities

Basic financial liabilities, including creditors, bank loans, loans from fellow group companies and preference shares that are classified as debt, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future receipts discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Interest-bearing bank loans and overdrafts are recorded at the proceeds received, net of direct issue costs. Finance charges, including premiums payable on settlement or redemption and direct issue costs, are accounted for on an accruals basis in the profit or loss account using the effective interest method and are added to the carrying amount of the instrument to the extent that they are not settled in the period in which they arise.

1.9 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

1.10 Taxation

Taxation expense for the period comprises current and deferred tax recognised in the reporting period. Tax is recognised in the profit and loss account, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case tax is also recognised in other comprehensive income or directly in equity respectively.

Current tax

Current tax, including UK corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Tax credits in relation to High-End Television Tax Relief, where successfully applied for, are included within cost of sales.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the Company's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

A net deferred tax asset is regarded as recoverable and therefore recognised only to the extent that, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

AVALON TELEVISION LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 30 JUNE 2021

1 Accounting policies

(Continued)

Deferred tax is not recognised when fixed assets are revalued unless by the balance sheet date there is a binding agreement to sell the revalued assets and the gain or loss expected to arise on sale has been recognised in the financial statements. Neither is deferred tax recognised when fixed assets are sold and it is more likely than not that the taxable gain will be rolled over, being charged to tax only if and when the replacement assets are sold.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax is measured on a non-discounted basis.

1.11 Retirement Benefits

Eligible Company employees are offered membership of a defined contribution pension scheme which is operated by Avalon Management Group Limited. Contributions payable to the Company's pension scheme are charged to the profit and loss account in the period to which they relate.

Differences between contributions payable in the year and contributions actually paid are shown as either accruals or prepayments in the balance sheet. The assets of the plan are held separately from the Company in an independently administered funds.

1.12 Government grants

Government grants are recognised at the fair value of the asset received or receivable when there is reasonable assurance that the grant conditions will be met and the grants will be received.

A grant that specifies performance conditions is recognised in income when the performance conditions are met. Where a grant does not specify performance conditions it is recognised in income when the proceeds are received or receivable. A grant received before the recognition criteria are satisfied is recognised as a liability.

2 Judgements and key sources of estimation uncertainty

In the application of the company's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

No material judgements or estimates have been used in the preparation of the Company's financial statements.
