**Notes to the Abbreviated Accounts  
For The Year Ended 31 March 2015**

**1. ACCOUNTING POLICIES**

**Accounting convention**

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

**Turnover**

Turnover represents the net sales value of goods supplied and services rendered during the year, exclusive of value added tax. Turnover includes the value of contract work completed at the year end but not invoiced.

**Tangible fixed assets**

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life or, if held under a finance lease, over the lease term, whichever is the shorter.

Alterations to tenanted property	- 4% straight line
Plant and machinery	- 10% straight line
Fixtures and fittings	- 33% straight line and 10% straight line
Motor vehicles	- 25% straight line

**Stocks**

Stocks and work in progress are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items. Cost includes direct materials, labour and production overheads. Net realisable value is based on estimated selling price less further costs to completion and selling costs.

**Long Term Contracts**

Turnover is recognised at the value of work performed. Profit is recognised appropriately for the stage of completion of each project. Any losses foreseen are provided in full immediately.

**Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

**Hire purchase and leasing commitments**

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to the profit and loss account over the relevant period. The capital element of the future payments is treated as a liability.

**Pension costs and other post-retirement benefits**

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to the profit and loss account in the period to which they relate.

**Government grants**

Grants received in respect of capital expenditure are credited to the profit and loss account in equal annual instalments over the estimated useful lives of the assets concerned.

Grants received in respect of revenue expenditure are credited to the profit and loss account in the same period as the related expenditure.
