For the year ended 31 March 2017 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Directors' responsibilities:

- the members have not required the company to obtain an audit of its accounts for the year in accordance with section 476,
- the directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts,
- these accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies' regime of the Companies Act 2006,
- as permitted by section 444 of the Companies Act 2006, the directors have not delivered to the Registrar a copy of the company's Directors' Report and Profit and Loss Account.

The financial statements were approved by the board of directors on 18 December 2017 and were signed on its behalf by:

N.A.R.MORRISON – DIRECTOR

(The notes on pages 3 to 7 form an integral part of these financial statements)

A.G.M. SERVICES LIMITED

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2017

1. STATUTORY INFORMATION

A.G.M.Services Ltd is a private company, limited by shares, registered in England and Wales. The company's registered number is 02868430 and its registered office address is Units 10-11 Southgate Industrial Park, Cross Street, Heywood, Lancashire OL10 1PW.

2. ACCOUNTING POLICIES

Basis of preparation of financial statements

These financial statements have been prepared in accordance with the provisions of Financial Reporting Standard 102, Section 1A "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Revenue

Revenue comprises the aggregate of the fair value of the sale of goods and services provided, net of value added tax. Sale of goods are recognised when the company has delivered products to the customer, the customer has accepted the products and collectability of the related receivables is fairly certain. Service revenues are recognised as those services are provided to customers. Turnover represents the value of goods sold and services provided, excluding VAT.

Tangible fixed assets

Tangible fixed assets are stated at cost, less depreciation.

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life:

Plant and machinery	25% on cost
Office equipment	25% on cost
Motor vehicles	25% on cost

Leased assets

Assets obtained under hire purchase contracts are capitalised at their fair value on acquisition and depreciated over their estimated useful economic lives. Obligations under such agreements are included in creditors net of finance charges allocated to future periods. The finance element of the rental payments is charged to the profit and loss account over the period of hire purchase contracts in proportion to the capital amount outstanding.

Rentals payable under operating leases are charged on a straight-line basis over the term of the lease.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow-moving items. Cost represents actual purchase price.

A.G.M. SERVICES LIMITED

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2017

2. ACCOUNTING POLICIES - continued

Deferred taxation

Deferred taxation is recognised on all timing differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible timing differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the periods in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax for the year is recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax is also recognised in other comprehensive income or directly in equity respectively.

Pension costs

The Company operates a defined contribution pension scheme. Contributions to the company's pension scheme are charged to profit or loss in the period to which they relate.

Research and development

Expenditure on research and development is written off in the year in which it is incurred.

Foreign currencies

Monetary assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

Financial instruments

The company only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities like trade and other accounts receivable and payable, loans from banks and other third parties and loans to related parties.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the income statement.

Basic financial liabilities are initially measured at transaction price and subsequently measured at amortised cost, being the transaction price less any amounts settled.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2017

2. ACCOUNTING POLICIES - continued

Critical accounting estimates and judgements

In the application of the company's accounting policies, the directors are required to make estimates and judgements. The estimates are based on historical experience and other relevant factors. Actual results may differ from these estimates.

The estimates are continually evaluated. Revisions to accounting estimates are recognised in the period in which the estimate is revised.

The estimates and assumptions which have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities are outlined below.

Estimating the useful economic life of an asset and the anticipated residual value are considered key judgement in calculating an appropriate depreciation charge.

In categorising leases as finance or operating leases, the directors make judgements as to whether significant risks and rewards of ownership have transferred to the company as lessee.

Making judgement based on historical experience on the level of provision required for impairment of stock. Further information received after the balance sheet date may impact on the level of provision required.

3. EMPLOYEES

The average number of employees during the year was 27 (2016: 18).
