## Notes to the Abbreviated Accounts for the year ended 30 June 2010

#### 1 ACCOUNTING POLICIES

#### Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

#### Turnover

Turnover represents net invoiced sales of goods, excluding value added tax

#### **Development costs**

Costs directly attributable to the development of the central heating control system are capitalised and amortised over 10 years on a straight line basis. The first period for amortisation is the current period as the product is fully developed and ready for the market

All other development costs are pure research and are written off in the year in which the expense occurs

#### Intellectual property rights

Amortisation is calculated so as to write off the cost of the asset over its useful economic life of 10 years

#### Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life

Office equipment

25% on cost

Fixed assets are initially recorded at cost

#### Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items

#### Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date

#### Going concern

The financial statements have been prepared on a going concern basis. The company is dependant on the continued support of its directors and shareholders

#### **Investments**

Investments are included at cost less amounts written off Profits or losses arising from disposal of fixed asset investments are treated as part of the result from ordinary activities
