### **Statement of Directors' Responsibilities**

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company at the end of the financial year and of the profit or loss of the company for that period. In preparing those financial statements the directors are required to:

*select suitable accounting policies and then apply them consistently,  
make judgements and estimates that are reasonable and prudent,  
prepare the financial statements on a going concern basis unless it is  
inappropriate to presume that the company will continue in business.*

The directors are responsible for keeping adequate accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for prevention and detection of fraud and other irregularities.
