Based on the outcome of our investigations into the affairs of the Company to date, there are no matters identified that need to be reported to the creditors. However, we would be pleased to receive from any creditor any useful information concerning the Company that may assist us in our role as Joint Liquidators.

D Payments to the Joint Liquidators and their associates

SIP9 disclosure

This appendix has been prepared in accordance with the requirements of the Act, the Rules and SIP9. In summary, it covers:

- remuneration basis
- work done by the Joint Liquidators and their team during the Period
- statement of expenses incurred in the Period
- payments to associates
- relationships requiring disclosure
- sub-contracted work
- information for creditors (rights, remuneration, committees).

Remuneration basis of the Joint Liquidators

Please note that although we previously reported that we would be seeking fee approval from the secured creditor, whilst this was obtained, in accordance with rule 18.20 of the Rules we were also required to seek the approval of the general body of creditors and this was completed in the prior period. On 2 June 2022 the creditors resolved that our remuneration be fixed according to the time properly spent by the Joint Liquidators and their staff with a fee estimate of £118,718.

During the Period remuneration has been charged, based on time costs incurred, totalling £32,897 represented by 115 hrs at an average of 286 £/hr (as shown in the 'Work done' section below). This brings cumulative remuneration charged as at Period end to £202,754. A description of the work done in the Period is provided in the respective section below.

Remuneration charged (time costs incurred) exceed the time costs in the fees estimate and expenses are in line with the expense estimate, both of which were provided to the creditors in our report dated 18 September 2020. The reasons for the excess are as follows:

- Additional costs have been incurred in liaising with the secured creditor
- Unanticipated costs in communicating with Delv in respect of late payment settlements
- Costs incurred liaising with creditors in respect of claims
- Associated costs in maintaining the administration of the liquidation.

As at Period end, payment from the estate totalling £114,057 has been made towards our remuneration.

Work done by the Joint Liquidators and their team during the Period

We are required to detail costs of actual work done in the Period, including any expenses incurred in connection with it, against any fees estimate provided. Our fees estimate was included within our report to creditors dated 18 September 2020. We are also required to provide narrative explanation of the work done and why it was necessary. The following tables (narrative followed by numerical) set out this information for the Joint Liquidators' remuneration charged together with a numerical fees estimate variance analysis. Reasons for any excess of the fees estimate are included in the 'Remuneration basis' section above. Note, however, that the level of remuneration charged that is eventually paid may be less depending on the value of asset recoveries or successful claims, for example. Details of expenses incurred in connection with work done are provided in the 'Statement of expenses incurred in the Period' section below.

Unless otherwise stated the work done in the Period has been either to comply with legislation and/or best practice requirements and, where applicable, to secure, manage and realise assets/recover claims to help generate financial value for the benefit of the estate and for distributions to creditors to be made (should sufficient funds become available). The work added value to the insolvency process, if not financial value to the estate, and helped facilitate efficient case management.

- Please note that the actual time incurred in the Period may slightly differ to that reported in the table above. This is due to lags between time being recorded on our internal system by staff and then being posted to the case. We do not expect any differences to be material and any such discrepancies will be noted in our next report.

Expenses are any payments from the estate which are neither the Joint Liquidators' remuneration nor a distribution to a creditor or member, but they may include disbursements which are payments first met by and then reimbursed to the Joint Liquidators from the estate. Expenses fall into two categories:

Category 1 expenses

These are also known as 'out of pocket expenses' and are payments to third parties not associated with the Joint Liquidators where there is specific expenditure directly referable to the insolvent estate; they can be drawn without prior approval from creditors.

Category 2 expenses

These are expenses directly referable to the insolvent estate but payments that are either to an associate, or that include shared or allocated costs that may be incurred by the Joint Liquidators or their firm and that can be allocated to the appointment on a proper and reasonable basis. Category 2 expenses require approval in the same manner as the Joint Liquidators' remuneration.

There are no shared or allocated costs at this stage. For associates, please see the next section – Payments to associates.

Payments to associates

Where we have enlisted the services of others we have sought to obtain the best value and service.

To the extent that services have been enlisted from Grant Thornton's specialist teams, for example tax, pensions, digital forensics, or any others, the narrative for and cost of their work is included in the work done narrative and SIP9 time costs analysis details in the Work done by the Joint Liquidators and their team during the Period section above.

We confirm that in the Period, we have not enlisted any other services from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

Relationships requiring disclosure

We confirm that we are not aware of any business or personal relationships with any parties responsible for approving the Joint Liquidators' fee basis.

Sub-contracted work

We confirm that, in the Period, we have not sub-contracted any work that could otherwise have been carried out by us or our team.
