Director's report

The directors present their annual report on the affairs of the company, together with the financial statements, for the year ended 31 December 2016.

This report has been prepared in accordance with the special provisions relating to small companies.

Principal activities

The principal activities of the company are oilfield logistics and supply chain management for the oil and gas industries. The company continues to act as a holding company and to provide management support to logistic contracts undertaken by subsidiaries.

Directors and their interests

The directors during the year and to the date of this report are as follows:

E Colmenares Finol

E Colmenares Michaelovsky

A de Losada Leon

T Marzuka Baddour

Going concern

The directors have considered the company's financial position and also the future prospects of the subsidiary undertaking. After making enquiries, the directors' believe that the company is well placed to manage its business risks successfully and therefore continue to adopt the going concern basis in the preparation of these financial statements.

Approved by the Board.

E Colmenares Michaelovsky

Director

23 January 2018

For the year ended 31st December 2016 the company was entitled to exemption under section 477 of the Companies Act 2006 relating to small companies

The director acknowledges his responsibility for:

- (1) the members have not required the company to obtain an audit of the accounts for the year in question in accordance with section 476,
- (2) complying with the requirements of the Act with respect to accounting records and the preparation of accounts. The accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies' regime.

These financial statements were approved by the board of directors on 23 January 2018 and were signed on its behalf by:

E Colmenares Michaelovsky

Director

Notes to the financial statements Year ended 31 December 2016

1. Accounting policies

The principal accounting policies are summarised below. They have all been applied consistently throughout the current and preceding year.

Basis of Accounting

The financial statements are prepared in accordance with applicable accounting standards in the United Kingdom. The particular accounting policies adopted are described below. The financial statements are prepared under the historical cost convention.

Functional currency

The functional currency of the company is considered to be the United States dollar.

Group financial statements

Under the provisions of section 400 of the Companies Act 2006, the company is exempt from preparing consolidated financial statements by virtue of the fact that the group headed by the company is a small group and is exempt from preparing group accounts.

Cash flow statement

The company has taken advantage of exemptions within FRS 1 "Cash Flow Statements (revised) 1996" and has not prepared a cash flow statement on the grounds that the company is a small company and also the group headed by the company qualifies as small.

Tangible fixed assets

Tangible fixed assets are stated at cost less depreciation and provision for impairment. Provision for depreciation of tangible fixed assets is made in equal annual instalments over the estimated useful lives of assets, as follows:

Leasehold improvements
Office equipment

5 years 3 – 5 years

Investments

Investments in subsidiaries held as fixed assets are stated at cost less provision for any impairment.

Taxation

Current tax, including UK corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the company's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

Notes to the financial statements (continued) Year ended 31 December 2016

1. Accounting policies (continued)

A net deferred tax asset is regarded as recoverable and therefore recognised only to the extent that, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax is measured on a non-discounted basis.

Foreign currency transactions

Amounts expressed in foreign currencies are translated into US\$ at the middle market rate of exchange ruling at the close of business at the year end. Transactions during the year are translated at the middle market rates prevailing at the date of the transactions. Exchange gains or losses are dealt with in the profit and loss account.

Turnover

Turnover represents amounts receivable for services provided in the normal course of business, net of trade discounts and other sales taxes.
