## **Directors' report for the year ended 31 December 2006**

The Directors present their report and the audited financial statements for the year ended 31 December 2006

### **Principal activities**

The principal activity of the Company continues to be the provision of care

### **Review of business and future developments**

Both the level of continuing business and the year end position were satisfactory, despite the overall loss for the year. The Directors expect that the Company's performance will improve in the coming year.

The Company is part of the Craegmoor Limited Group that currently has certain security arrangements for its external funding. The Directors of the Group are of the view that the securitisation is no longer the most suitable financing structure for the Group and therefore announced in March 2007 that they were in exploratory discussions with banks regarding a more appropriate structure. Whilst the discussions are at an early stage the Directors believe there is a reasonable prospect of a successful outcome.

### **Results and dividends**

The profit and loss account shows a loss after tax for the year of £381,000 (2005 profit of £215,000). The Directors do not recommend the payment of a dividend for the year ended 31 December 2006 (2005 £Nil).

### **Principal risks and uncertainties**

From the perspective of the Company, the principal risks and uncertainties are integrated with the principal risks of Craegmoor Limited, its ultimate parent company, and are not managed separately. Accordingly, the principal risks and uncertainties of Craegmoor Limited, which include those of the Company, are discussed in the Directors' Report of Craegmoor Limited which does not form part of this report.

### **Key Performance Indicators ("KPIs")**

The Directors of Craegmoor Limited manage the Craegmoor Group's operations on a group-wide basis. For this reason, the Directors of the Company believe that analysis using key performance indicators for the Company is not necessary or appropriate for an understanding of the development, performance or position of the business of the Company. The development, performance and position of the Craegmoor Limited Group, which includes the Company, is discussed in the Directors' Report of Craegmoor Limited which does not form part of this report.

### **Directors**

The following directors have held office for the whole year unless otherwise stated

### **Changes in fixed assets**

Movements in tangible fixed assets during the year are set out in note 8 to the financial statements

# **Speciality Care (Rehab) Limited**

## **Directors' report for the year ended 31 December 2006 (continued)**

### **Financial instruments**

The Company's financial instruments primarily comprise debtors and creditors with other group companies arising directly from its operations. No trading in financial instruments has been undertaken.

There are no significant risks arising directly from the Company's financial instruments. However, the Company is reliant on the ongoing support of the Craegmoor Group, which has long term financing and overdraft facilities in place. The Board of Craegmoor Limited, the ultimate parent undertaking, has reviewed and agreed the policies for managing the risks related to these facilities as set out below.

### *Liquidity risk*

The Group has secured long term financing and overdraft facilities with financial institutions who have high credit ratings that are designed to ensure the Company has sufficient available funds for operations. The £334,410,000 of debt, in the form of loan notes, is repayable over 17 years.

### *Interest rate and cash flow risk*

The Group has entered into interest rate swaps to ensure certainty over future interest cashflows. As a consequence, 95% of the Group's borrowings are at fixed rates of interest.

### *Credit risk*

A fellow subsidiary company, Craegmoor Facilities Company Limited, bears the credit risk for the Company.

### **Statement of directors' responsibilities in respect of the Annual Report and the financial statements**

The Directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). The financial statements are required by law to give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing those financial statements, the Directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business, in which case there should be supporting assumptions or qualifications as necessary.

The Directors confirm that they have complied with the above requirements in preparing the financial statements.

The Directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

### **Statement of disclosure of information to auditors**

Each of the persons who are directors at the date that this report is approved confirm that

- so far as the Director is aware, there is no relevant audit information of which the Company's auditors are unaware, and
- each Director has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

## **Independent auditors' report to the members of Speciality Care (Rehab) Limited**

We have audited the financial statements of Speciality Care (Rehab) Limited for the year ended 31 December 2006 which comprise the Profit and Loss account, the Balance Sheet, the Statement of Total Recognised Gains and Losses and the related notes. These financial statements have been prepared under the accounting policies set out therein.

### **Respective responsibilities of directors and auditors**

The Directors' responsibilities for preparing the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) are set out in the Statement of Directors' Responsibilities.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland). This report, including the opinion, has been prepared for and only for the Company's members as a body in accordance with Section 235 of the Companies Act 1985 and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you whether in our opinion the information given in the Directors' Report is consistent with the financial statements.

In addition we report to you if, in our opinion, the Company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and other transactions is not disclosed.

We read the Directors' Report and consider the implications for our report if we become aware of any apparent misstatements within it.

### **Basis of audit opinion**

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

### **Opinion**

In our opinion:

- the financial statements give a true and fair view, in accordance with United Kingdom Generally Accepted Accounting Practice, of the state of the Company's affairs as at 31 December 2006 and of its loss for the year then ended,
- the financial statements have been properly prepared in accordance with the Companies Act 1985, and
- the information given in the Directors' Report is consistent with the financial statements.

## **Independent auditors' report to the members of Speciality Care (Rehab) Limited (continued)**

### **Emphasis of Matter - Going concern**

In forming our opinion on the financial statements, we have considered the adequacy of the disclosures made in Note 1 to the financial statements (*Going Concern*) concerning the Directors' consideration of the ability of the Group to meet its future covenants under current financing arrangements, and the associated impact on the Company. The financial statements of the Company have been prepared on a going concern basis, the validity of which depends on the Group complying with its covenants or, should they be breached, the pursuit of alternative strategies which would result in the Group remaining a going concern. This condition indicates the existence of an uncertainty for the Company relating to going concern. The financial statements do not include any adjustments that would result from a failure to meet the covenant requirements. Our opinion is not qualified in this respect.

## **Notes to the financial statements for the year ended 31 December 2006**

### **1 Principal accounting policies**

The financial statements are prepared on the going concern basis, under the historical cost convention, as modified by the revaluation of certain tangible fixed assets, and in accordance with the Companies Act 1985 and applicable accounting standards in the United Kingdom. A summary of the principal accounting policies, which have been consistently applied, is set out below.

#### **Going concern**

The Company is reliant upon the ongoing support of the Craegmoor Limited Group in order to continue as a going concern, and the Group is subject to certain covenants as part of its current financing arrangements.

Whilst trading and cash flow of the Group has improved significantly since last year it is during 2007 that the Group's covenants return to the higher levels set at the time of the securitisation in 2003. Following due review of current trading and the outlook, the Directors are of the view that the headroom on the Group's covenants is limited at certain times and the ability to meet this is dependent on achieving forecast trading results. Those forecasts are inherently uncertain. In the unlikely event that a covenant was to be breached then a number of courses of action would be available to the securitisation bondholders including *in extremis* enforcement of security and debt repayment provisions.

The accounts have been prepared on a going concern basis as the Directors believe that the Craegmoor Limited Group will either achieve compliance with its covenants or alternative strategies could be pursued, which would result in the Company remaining a going concern.

#### **Turnover**

Turnover represents amounts invoiced and accrued for care services provided during the period in the UK, excluding Value Added Tax. Where services are invoiced in advance the related income is deferred to match the period in which the service is provided.

#### **Corporation tax**

UK Corporation Tax is provided at amounts expecting to be paid (or recovered) using the tax rates and bases that have been enacted or substantially enacted by the balance sheet date. Corporation tax payable is reduced wholly or in part by the surrender of losses by fellow group companies. Payments made, if any, to surrendering companies for losses are reflected in the tax charge.

#### **Deferred taxation**

Deferred taxation has been recognised as a liability or asset if transactions have occurred at the balance sheet date that give rise to an obligation to pay more taxation in future, or a right to pay less taxation in future. An asset is only recognised to the extent that the transfer of economic benefits in the future is deemed to be more likely than not. Deferred tax assets and liabilities recognised are not discounted.

#### **Finance leases**

Leasing agreements which transfer to the Company substantially all the benefits and risks of ownership of an asset, are treated as if the asset had been purchased outright. The assets are included in fixed assets and the capital elements of the leasing commitments are shown as an obligation under finance leases. The lease rentals are treated as consisting of capital and interest elements. The capital element is applied to reduce the outstanding obligations and the interest element is charged against profit so as to give a constant periodic rate of charge on the remaining balance outstanding at each accounting period. Assets held under finance leases are depreciated over the shorter of the lease terms and the useful lives of equivalent owned assets.

#### **Cash flow statement**

The Company is a wholly owned subsidiary of Craegmoor Limited, and the cash flows of the Company are included in the consolidated group cash flow statement of that company. Consequently, the Company is exempt under the terms of Financial Reporting Standard No. 1 (Revised) from publishing a cash flow statement.

# **Speciality Care (Rehab) Limited**

## **Notes to the financial statements**

### **for the year ended 31 December 2006 (continued)**

#### **1 Principal accounting policies (continued)**

##### **Tangible fixed assets**

The cost of fixed assets is their purchase cost, and any costs directly attributable to bringing them into working condition for their intended use. Freehold land and buildings are revalued by independent, professionally qualified valuers on a five year rolling basis, the first such valuation being five years after acquisition. These valuations are carried out on an existing use, open market value basis, and in the intervening years are updated by the Directors with the assistance of independent professional advice as required.

Increases in the revalued amounts of land and buildings are credited to revaluation reserves.

Freehold land is not depreciated. Subsequent to a revaluation, depreciation on freehold properties is based on revalued amounts. Depreciation on other tangible fixed assets is calculated to write off their cost, less estimated residual values, by equal annual instalments on the following bases:

Freehold buildings	-over 50 years
Building improvements	-over 20 or 50 years
Equipment	-over 7 years
Furniture and fittings	-over 3, 5 or 10 years
Motor vehicles	-over 4 years
Computer equipment	-over 4 years

Provision is made for any impairment in the period in which it arises. The impairment is calculated by comparing the carrying value to the recoverable amount as required by FRS 11, "Impairment of fixed assets and goodwill". The recoverable amount of land and buildings is taken to be the higher of realisable value and value in use. Value in use is determined by reference to the expected future cash flows of the care home, discounted at a risk weighted cost of capital of 10.0% (2005: 8.5%). Realisable value is determined by independent, professional valuers on an existing use, open market value basis.

Provisions for impairment in the carrying value of land and buildings are charged against revaluation reserves in the balance sheet to the extent that they relate to a reversal of prior increases. Impairments to below historical cost are charged to the profit and loss account.

#### **2 Prior period adjustments**

During 2005 it was noted that the historic trading position, assets and liabilities of an operation of a fellow subsidiary company of Speciality Care (Rehab) Limited had been incorrectly accounted for within the accounts of a Speciality Care (Rehab) Limited in prior years. The correction of this situation was misstated in the prior year accounts and therefore an adjustment to prior years' accounts has resulted in the current year. The effect of this adjustment was to reduce the net assets and reserves, at 1 January 2005, by £3,957,000 but had no adjustment on the prior year loss or charge for taxation.

#### **3 Directors' emoluments**

The emoluments of the Directors were paid by Craegmoor Healthcare Company Limited, a fellow subsidiary of Craegmoor Limited. The Directors were also directors of a number of other fellow subsidiaries during the year ended 31 December 2006 and 31 December 2005 and it is not possible to make an accurate apportionment of their emoluments in respect of each of the subsidiaries. Accordingly, the emoluments of the Directors are disclosed within the accounts of Craegmoor Healthcare Company Limited.

Reconciliation work was undertaken during the year to review the allocation of value to specific land and buildings owned by the Company where they had been acquired as a group of properties, and assess the accounting treatment of them in prior years. Estimations made in prior years were revised as in the opinion of the Directors the revised estimates results in a better representation of the individual asset values in the financial statements. The reclassifications shown above had no impact upon net assets and are necessary in order to bring the financial statements in line with the revised estimation techniques.

The net book value of motor vehicles includes £Nil (2005 £20,000) in respect of assets held under finance leases. Depreciation of £Nil (2005 £Nil) was charged in the year on these assets.

If freehold land and buildings had not been revalued they would have been included at the following amounts
