Dear Sir,

We refer to our application for a block transfer order in connection with the insolvency cases in respect of which Matthew Bowker is the outgoing office-holder. In the draft order we have asked for the costs of this block transfer application to be paid as an expense of the various insolvency proceedings, either:

1. An equal share between the estates concerned (there being 37); or
2. As we may decide; and
3. With a maximum of 10% of the value of the available assets of a particular estate.

The purpose of this letter is to provide more information in relation to the funds available in the transferring cases to the honourable court.

1. Value of assets comprised in those cases;

The value of realisations in any particular case varies over time. At present, on a very quick analysis using the most recent Receipts and Payments accounts we have put together a schedule (enclosed) to provide an answer to that question. However, it will continue to vary depending on the success and quantum of further realisations.

2. Value and extent of the costs involved;

The costs of the application are as follows:

Solicitors - £2,000 plus VAT;

Court fee - £165; and

Counsel's fee - £500 plus VAT.

Including VAT that totals £3165. Between 37 estates that would be approximately £85.27 per case.

However, the court might wish to apply the costs based upon the pro rata value of each estate. Using the enclosed schedule we have inserted a second column which adjusts the contribution to costs based upon the value of the assets.

We hope this assists the court when deciding whether it is appropriate to order that the costs be paid as an expense.

Yours faithfully

Julia Ellis
Director
