NOTES TO THE ACCOUNTS FOR THE YEAR ENDED 31ST OCTOBER 2010**1.ACCOUNTING POLICIES**

The company's principal accounting policies are as follows:

FINANCIAL STATEMENTS

The financial statements have been prepared under the historical cost convention and in accordance with applicable accounting standards, and include the results of the company's operations described in the director's report, all of which are continuing.

The company has taken advantage of the exemption in the Financial Reporting Standard No 1 from the requirement to produce a cash flow statement on the grounds that it is a small company.

TURNOVER

Turnover represents the value of goods and services rendered in the ordinary course of business during the period, less returns and excluding value added tax

DEPRECIATION

Depreciation rates used by the company are

Fixtures and Fittings - 20% per annum on cost

DEFERRED TAXATION

Deferred taxation represents the corporation tax that would be payable on profits, but has been deferred due to timing differences between the rate at which allowances are claimed on fixed assets for tax purposes and the rate at which depreciation is charged on those assets in the accounts, together with other timing differences

The provision included in the accounts is based on the full potential liability

FINANCE AGREEMENTS

Assets on finance agreements are capitalised using the basis set out by the Statement of Standard Accounting Practice No 21. Financing costs are charged to revenue evenly over the primary term

2. TRADING RESULT

The trading result is stated after charging all expenses, including
