DIRECTOR

ELCRIS MOTORS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2003

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention.

The company meets its day to day working capital requirements through an overdraft facility which is repayable on demand. On the basis of discussions with the directors they consider that the company will continue to operate within the facility currently agreed. On this basis, the directors consider it appropriate to prepare the financial statements on the going concern basis. The financial statements do not include any adjustments that would result from a withdrawal of the overdraft facility by the company's bankers.

The company has taken advantage of the exemption in Financial Reporting Standard No 1 from the requirement to produce a cashflow statement on the grounds that it is a small company.

1.2 Turnover

Turnover represents amounts receivable for goods and services net of VAT and trade discounts.

1.3 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Plant and machinery	20% straight line
Motor vehicles	25% straight line

1.4 Leasing

Rentals payable under operating leases are charged against income on a straight line basis over the lease term.

1.5 Stock and work in progress

Stock and work in progress are valued at the lower of cost and net realisable value.

1.6 Deferred taxation

Deferred taxation is provided at appropriate rates on all timing differences using the liability method only to the extent that, in the opinion of the directors, there is a reasonable probability that a liability or asset will crystallise in the foreseeable future.
