Notes to the Abbreviated Accounts

for the Year Ended 31 December 2013

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements have been prepared in accordance with applicable accounting standards and estimation techniques.

Accounting convention

The financial statements have been prepared under the historical cost convention as modified by the valuation of properties held for investments. Compliance with Statement of Standard Accounting Practice Number 19 (SSAP 19) - Accounting for Investment Properties requires departure from the requirement of the Companies Act 2006 relating to depreciation as explained below.

Financial reporting standard number 1

Exemption has been taken from preparing a cash flow statement on the grounds that the company qualifies as a small company.

Turnover

Turnover represents net invoiced sales of goods, excluding value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Freehold property - 2% on cost Short leasehold - 10% on cost Kiosk - 11% on cost

Fixtures and fittings - 10% on reducing balance
Motor vehicles - 25% on reducing balance

Amusement machines - 25% on cost

In accordance with Statement of Standard Accounting Practice Number 19, no depreciation is provided on investment properties. The departure from the requirements of the Companies Act 1985, for all properties to be depreciated is, in the opinion of the directors, necessary for the financial statements to give a true and fair view in accordance with applicable accounting standards, as properties are included at their open market value.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to the profit and loss account in the period to which they relate.
