Directors' report

The directors (the "Directors") present their Directors' report and audited financial statements for Gengas Limited (the 'Company') for the year ended 31 March 2013

Principal activities

The principal activity of the Company is the generation of electricity from gas extracted from landfill sites

Review of business

The key performance indicators of the Company are the turnover and operating profit of its site which are £8,436,000 (2012 £7,935,000) and £885,000 (2012 £1,388,000) respectively, 6.3% higher and 36.2% lower than the prior year

The non-financial key performance indicator is the level of electricity generation which was 128,085 MWh in the year (2012 137,036 MWh). This represents a 6.5% decrease on the prior year

The principal operational risks and uncertainties faced by the Company are in relation to availability of landfill gas at the UK site resulting in less electricity generation and relationships with the site owners. Financial risks are detailed in the section on financial risk management

Results and dividend

The loss for the financial year of £924,000 (2012 £321,000 loss) will be taken to reserves. The Directors do not recommend the payment of a dividend (2012 £nil)

Future developments

No change in activities is anticipated in the future

Financial risk management

The group of companies of which the Company forms part has in place a risk management programme that seeks to limit adverse effects on the financial performance of the Company by monitoring levels of debt finance and the related finance costs

(a) Market risk

The majority of electricity generated is supplied under contractual arrangements which are either fixed price or fully or partially RPI index inflated. The remainder of electricity generated is sold at market related prices which are subject to market fluctuations

(b) Economic risk

The renewable energy sector is supported through the UK Government's renewable energy targets legislation. Any amendments to Government support for renewable energy sources may be detrimental to or benefit the Company's profitability. It is not possible for the Company to directly mitigate this risk, however it is felt that due to the continuing commitment of the EU to increase energy generation from renewable sources, any detrimental amendments are unlikely

(c) Credit risk

Although the Company only has four customers the credit risk is deemed to be low as these customers are either UK utilities with strong credit ratings or the UK nominated purchasing agency

The Company's exposure to foreign exchange risk is limited as the Company's proportion of total purchases made in foreign currencies is small. The Directors will consider hedging requirements should the Company's exposure to foreign currency movements increase

Directors' report (*continued*)

(d) Liquidity including cash flow and interest rate risk

The Company is not exposed to significant liquidity risk

Charitable and political donations

The Company made no political donations or incurred any political expenditure during the financial year (2012 £nil)
There were no charitable donations made during the year (2012 £nil)

Directors

The Directors of the Company during the year and up to the date of signing the accounts were as follows

E P M Machiels
S N Hardman
P J Gregson
S C Gibbins
G A Boyd

Directors' indemnity and insurance

An associated company has granted an indemnity to certain current Directors under which the associated company will indemnify them, subject to the terms of the deed of indemnity, against any liability or losses or expenses incurred by them in the performance of their duties. These are qualifying third party indemnity provisions for the purposes of the Companies Act 2006

The Company has also arranged directors' and officers' liability insurance

Statement of disclosure of information to auditor

The Directors who held office at the date of approval of this Directors' report confirm that, so far as they are each aware, there is no relevant audit information of which the Company's auditor is unaware and each Director has taken all the steps that they ought to have taken as a Director in order to make themselves aware of any relevant audit information and to establish that the Company's auditor is aware of that information

Auditor

In accordance with section 487 of the Companies Act 2006 KPMG LLP (a) was deemed to be reappointed as auditor of the Company for the financial year ended 31 March 2013 at the end of the last period for appointing the auditor and (b) is expected to be deemed to be reappointed as auditor of the Company for the financial year ended 31 March 2014 at the end of the next period for appointing the auditor

Statement of Directors' responsibilities in respect of the Directors' report and financial statements

The Directors are responsible for preparing the Directors' report and the financial statements in accordance with applicable law and regulations

Company law requires the Directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice)

Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that year. In preparing these financial statements, the Directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgments and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

Independent auditor's report to the members of Gengas Limited

We have audited the financial statements of Gengas Limited for the year ended 31 March 2013 set out on pages 5 to 13. The financial reporting framework that has been applied in their preparation is applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice).

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of Directors and auditor

As explained more fully in the Directors' responsibilities statement set out on page 3, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit, and express an opinion on, the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the Financial Reporting Council's web-site at www.frc.org.uk/auditscopeukprivate.

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the Company's affairs as at 31 March 2013 and of its loss for the year then ended,
- have been properly prepared in accordance with UK Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion the information given in the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of Directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit.

Notes (forming part of the financial statements)

1 Accounting policies

Basis of preparation

The financial statements have been prepared on the going concern basis, under the historical cost convention and in accordance with the Companies Act 2006 and applicable accounting standards in the United Kingdom. A summary of the more important accounting policies, which have been applied consistently throughout the year, is set out below.

Going concern

The financial statements have been prepared on the going concern basis, notwithstanding net current liabilities of £12,555,000 (2011: £12,510,000), which the Directors believe to be appropriate for the following reasons. The Company is dependent for its working capital on funds provided to it by other companies in the group comprising Infinis Energy Holdings Limited (the 'Intermediate Parent') and its subsidiaries (the "Intermediate Infinis Group") including specifically the benefit of a loan between Novera Energy (Holdings 2) Limited as lender and the Company as borrower pursuant to a loan agreement dated 17 December 2004 under which there is as at 31 August 2013 £21,491,710 principal including capitalised interest outstanding (together with interest accrued from time to time, the "Loan") and which is, on the terms of such agreement, repayable on demand. Infinis Energy Holdings Limited has indicated that for a period of 12 months from the date of approval of these financial statements, it will ensure that no call for repayment of the Loan is made by Novera Energy (Holdings 2) Limited if the effect of calling for such repayment would be likely to give rise to an inability of the Company to meet its financial liabilities and obligations as they fall due. The Directors consider that this should enable the Company to continue in operational existence for the foreseeable future by meeting its liabilities as they fall due for payment. As with any company placing reliance on other group entities for financial support, the Directors acknowledge that there can be no certainty that this support will continue although, at the date of approval of these financial statements, they have no reason to believe that it will not do so. Based on this undertaking the Directors believe that it remains appropriate to prepare the financial statements on a going concern basis.

Cash flow statement

The Company is a wholly-owned subsidiary of the group headed by Infinis Holdings (the "Infinis Holdings Group") and is included in the consolidated financial statements of Infinis Holdings. Consequently, in accordance with paragraph 5 (a) of FRS 1 (revised 1996) the Company is not required to publish a cash flow statement.

Related party exemption

As the Company is a wholly-owned subsidiary of the Infinis Holdings Group, the Company has taken advantage of the exemption contained in FRS 8 and has therefore not disclosed transactions or balances with entities which form part of the Infinis Holdings Group. The consolidated financial statements of Infinis Holdings can be obtained from the address given in note 17.

Turnover

Turnover is the amount derived from the sale of electricity and associated renewable certificates and embedded benefits in the normal course of business, measured at the fair value of consideration received or receivable, net of value added tax and trade discounts.

Operating leases

Costs in respect of operating leases are charged on a straight-line basis over the lease term.

Taxation

The charge for taxation is based on the loss for the year and takes into account deferred taxation because of timing differences between the treatment of certain items for taxation and accounting purposes.

Deferred tax is provided in full on timing differences that result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax, at a future date, at rates expected to apply when they crystallise based on current tax rates and law. Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered. Deferred tax assets and liabilities are not discounted.

Notes (continued)

1 Accounting policies (continued)

Fixed assets

Depreciation is provided to write off the cost less the estimated residual value of tangible fixed assets by equal instalments over their estimated useful economic lives as follows

Plant and equipment 3 - 15 years

Assets in the course of construction are not depreciated until commissioned. On completion these assets will be transferred to the main fixed assets category.

2 Turnover

Turnover consists entirely of sales made within the United Kingdom.

The tax assessed for the year is different from the standard rate of corporation tax in the UK 24% (2012 26%)

The differences are explained below

Loss on ordinary activities before taxation	<u>(556)</u>	<u>(53)</u>

The 2011 Budget on 23 March 2011 announced a reduction in the main rate of Corporation Tax rate of 28% over a period of 4 years from 1 April 2011. The rate was expected to reduce from 28% to 23% over this period. The first reduction from 28% to 26% was substantively enacted on 29 March 2011 and was reflected in the deferred tax figures used in the Company's 2011 financial statements.

A reduction to 24% (effective from 1 April 2012) was substantively enacted on 26 March 2012 and was reflected in the deferred tax figures used in the Company's 2012 financial statements.

A further reduction to 23% (effective from 1 April 2013) was substantively enacted on 3 July 2012 and this rate change has therefore been reflected in the deferred tax figures of these financial statements.

The March 2013 Budget announced that the main rate of Corporation Tax of 23% will further reduce to 20% by 2015 in addition to the planned reduction to 21% by 2014 previously announced in the December 2012 Autumn Statement.

It has not yet been possible to quantify the full anticipated effect of the announced further 3% rate reduction, although this will further reduce the Company's future current tax rate and reduce the Company's deferred tax balances accordingly.
