The notes on pages 4 to 6 form part of these abbreviated accounts

ABBEY GLASS (DERBY) LIMITED (REGISTERED NUMBER: 03042266)

NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 MAY 2013

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Preparation of consolidated financial statements

The financial statements contain information about Abbey Glass (Derby) Limited as an individual company and do not contain consolidated financial information as the parent of a group. The company has taken the option under Section 398 of the Companies Act 2006 not to prepare consolidated financial statements.

Turnover

Turnover represents net invoiced sales of goods, excluding value added tax, except in respect of service contracts where turnover is recognised when the company obtains the right to consideration.

Goodwill

Goodwill, being the amount paid in connection with the acquisition of a business in 1995, is being amortised evenly over its estimated useful life of twenty years.

Amortisation

Amortisation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset.

A franchise was purchased in 2010 and, in the opinion of the directors, the useful economic life of this asset was 5 years.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life or, if held under a finance lease, over the lease term, whichever is the shorter.

Short leasehold	- in accordance with the property
Plant and machinery	- 25% on reducing balance
Fixtures and fittings	- 15% on reducing balance
Motor vehicles	- 25% on cost
Computer equipment	- 33% on cost

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Hire purchase and leasing commitments

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to the profit and loss account over the relevant period. The capital element of the future payments is treated as a liability.

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to the profit and loss account in the period to which they relate.

1. ACCOUNTING POLICIES - continued

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.
