Directors' Report For the year ended 30 November 2003

The directors present their report together with the audited financial statements of Thermopol International Limited ("the Company") and its subsidiary undertakings (together "the Group") for the year ended 30 November 2003.

Principal Activity, Review of the Business and Future Prospects

Thermopol International Limited is the holding company for a multi national group engaged in the design, development, manufacture, distribution and sale of silicone rubber products, assemblies and systems for the automotive industry. Sales include products for commercial vehicles, specialist vehicles, high volume passenger cars and the sports utility vehicle market.

During 2003 the Group saw sales of £26.5 million an improvement of 6.5% on 2002, The growth in sales is attributed to substantial increase in sales of hoses to the passenger vehicle market.

Results and Dividend

The profit after taxation of the Group for the year ended 30 November 2003 was £745,415 (2002: £1,538,963).

Dividends for the year amounted to £122,676 on the Preferred Ordinary Shares (2002: £164,521) and £58,538 (2002: £79,460) on the Ordinary Shares in accordance with the Articles of Association.

Directors

The directors of the company at 30 November 2003 were:

MF Siney – Chairman JE Dudgeon AL Thesen SJ Levitt GB Newton

On 20 September 2004 Messrs MF Siney, JE Dudgeon, ALThesen, SJ Levitt and GB Newton resigned as directors. GI MacLeod and JEP Cooper were appointed directors on 17 September 2004.

Directors' Report For the year ended 30 November 2003

Directors' Interests

The interests of the directors and their families in the share capital of the Company as at 30 November 2003 were as follows:

| | Ordinary shares of £1 each | |
|---|----------------------------|---------------------------------------|
| | No 2003 | No 2002 |
| MF Siney Mrs PM Siney JE Dudgeon Mrs L Dudgeon | 231,000 | 200,000 31,000 30,000 30,000 |

Messrs AL Thesen, SJ Levitt and GB Newton did not have any interests in the shares of the Company or Group.

Events after 30 November 2003

In September 2004 the majority shareholder Mr M Siney sold his shares in the Company to Albemarle Street (Nominees) Limited. Additionally Albemarle Street purchased in aggregate a further 40,000 shares from Mr J Dudgeon and the Dudgeon Family Trust.

As a result of the change of ownership, a new management team has been appointed. Subsequent to this a number of changes have occurred in the UK operations of the Group to better focus that business on its core markets – unfortunately these changes have led to a redundancy program which was implemented in November 2004.

The new management and owners are very confident the Group is now well placed for further profitable growth.

Employees

It is group policy to employ registered disabled persons, and to retain employees who become disabled, wherever practicable, with the same training and career opportunities as are available to all other members of staff. It is group policy to maintain a high standard of safety and health for all employees and the involvement of staff in all safety matters is encouraged. Information on matters of concern to employees is given through bulletins and reports, which seek to achieve a common awareness on the part of all employees of the financial and economic factors affecting the Group's performance.

Directors' Report For the year ended 30 November 2003

Statement of Directors' Responsibilities

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and group and of the profit or loss of the group for that year.

In preparing these financial statements, the directors confirm they have:

- selected suitable accounting policies and then applied them consistently;
- made judgements and estimates that are reasonable and prudent;
- stated whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepared the financial statements on a going concern basis unless it is inappropriate to assume that the group will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and group and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and group, and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Auditors

A resolution to reappoint PricewaterhouseCoopers LLP as auditors to the company will be proposed at the annual general meeting.

December 2004

Independent Auditors' Report to the Members of Thermopol International Limited

We have audited the financial statements which comprise the group profit and loss account, the group and company balance sheets, the group cash flow statement, the statement of recognised gains and losses, the reconciliation of movement in shareholders' funds and the related notes.

Respective responsibilities of directors and auditors

The directors' responsibilities for preparing the annual report and the financial statements in accordance with applicable United Kingdom law and accounting standards are set out in the statement of directors' responsibilities.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and United Kingdom Auditing Standards issued by the Auditing Practices Board. This report, including the opinion, has been prepared for and only for the company's members as a body in accordance with Section 235 of the Companies Act 1985 and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the directors' report is not consistent with the financial statements, if the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions is not disclosed.

Basis of audit opinion

We conducted our audit in accordance with auditing standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Thermopol International Limited

Opinion

In our opinion the financial statements give a true and fair view of the state of affairs of the company and group at 30 November 2003 and of the profit and cash flows of the group for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

Notes to the financial statements for the year ended 30 November 2003

1 Accounting policies

The Group's financial statements have been prepared under the historical cost convention and in accordance with applicable accounting standards. The principal accounting policies, which the directors have adopted within that convention, are as follows:

Basis of consolidation

The results of all of the Group's subsidiary undertakings are included in the Group's financial statements from the date of acquisition.

Turnover

Turnover represents the invoiced value of goods supplied and services provided during the year exclusive of value added tax.

Stocks

Stocks are stated at the lower of cost and net realisable value. Cost comprises materials and, where appropriate, direct labour and factory overheads.

Depreciation of tangible and intangible fixed assets

Fixed assets are stated at cost and are depreciated on a straight line basis so as to write off the cost of the asset over its expected economic useful life.

The depreciation rates used are at the following annual rates:

| Leasehold improvements | 4% and 10% |
|------------------------------------|------------|
| Short leasehold property | 10% |
| Plant and office equipment | 10% |
| Moulds and motor vehicles | 20% |
| Computer equipment | 17% |
| Intangible patents and trade marks | 6% and 10% |

Deferred taxation

Deferred taxation is provided in full on all timing differences that are not permanent, Deferred tax assets are only recognised where their recoverability is deemed more certain than not. The group has chosen not to discount deferred tax balances, as permitted by FRS 19.

Notes to the financial statements for the year ended 30 November 2003

1 Accounting policies (continued)

Foreign Currency

Assets and liabilities expressed in foreign currencies are translated into sterling at the rates of exchange ruling at the year end. Transactions during the year are translated at the rates ruling at the date of the transactions profits. Any profits or losses arising on exchange are dealt with in the profit and loss account.

The profits and losses of the overseas subsidiary undertakings are translated into sterling at the average rate prevailing during the year. Exchange differences arising from the retranslation of the opening net assets of overseas subsidiary undertakings are recorded as movements on reserves.

Pension costs

The group operates defined contribution pension schemes for its employees. Contributions to the schemes ar charged to the profit and loss account in the year in which they are payable.

Leases

Leases which entail the company retaining all, or substantially all of the risks and rewards of ownership are classified as finance leases. All other leases are classified as operating leases. Assets obtained under finance leases are included in tangible fixed assets at cost and are depreciated over their useful economic lives or tern of the lease, whichever is shorter. Future instalments under such leases, net of finance charges, are included within loans and borrowings. Rental payments are apportioned between the finance element, which is charged as interest to the profit and loss account, and the capital element, which reduces the outstanding obligations for future instalments, so as to give a constant rate of charge on the outstanding obligation. Rental payments under operating leases are charged to the profit and loss account on a straight line basis in arriving at the operating profit.

18 Called up share capital

The company's share capital as at 30 November 2003 and 2002 was as follows:

| | 2003 | | 2002 | |
|--------------------------------------|---------|---------|---------|---------|
| | No | £ | No | £ |
| Ordinary Shares of £1 each | 330,000 | 330,000 | 330,000 | 330,000 |
| Preferred Ordinary Shares of £1 each | 70,000 | 70,000 | 70,000 | 70,000 |
| | 400,000 | 400,000 | 400,000 | 400,000 |

Rights to dividends

The preferred ordinary shares have the right to receive, in priority to the holders of the ordinary shares, a fixed cumulative preferential dividend at the rate of 8% per annum on the amount paid up on each share and from 1 December 2000, a dividend of 5% of an adjusted profit distributed according to the amount paid up per share.

Ordinary shares of £1 each have the right to receive a dividend equal to 2½% of an adjusted profit distributed according to the amount paid up on each share.

Winding up

In the event of the Company being wound up, the preferred ordinary shareholders receive priority in respect of the repayment of paid up capital and any dividends accrued. Once ordinary shareholders receive paid up capital and dividends accrued, any remaining amounts are to be distributed amongst the holders of both types of pro rata according to the amount paid on them.

Voting rights

All shareholders are entitled to one vote for each share held, unless the company is in default over loan repayments, in which case the preferred ordinary shareholders are entitled to five votes for every share held, whilst the ordinary shareholders rights are unchanged. The loan to which this refers has been repaid.

25 Post Balance Sheet Events

In September 2004 the majority shareholder Mr M Siney sold his shares in the Company to Albemarle Street (Nominees) Limited. Additionally Albemarle Street purchased in aggregate a further 40,000 shares from Mr J Dudgeon and the Dudgeon Family Trust.

As a result of the change of ownership, a new management team has been appointed. Subsequent to this a number of changes have occurred in the UK operations of the Group to better focus that business on its core markets – unfortunately these changes have led to a redundancy program which was implemented in November 2004.

The new management and owners are very confident the Group is now well placed for further profitable growth.
