NOTES TO THE ABBREVIATED ACCOUNTS

1 ACCOUNTING POLICIES

Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention and include the results of the company's operations, which are described in the Directors Report and all of which are continuing

The financial statements have been prepared on a going concern basis. This may not be appropriate because at the company's current liabilities exceeded its current assets by £4462 and total liabilities of the company were £4109. The company is reliant upon the continued support of its directors, bank and creditors, but there is no evidence to suggest that this will not continue and that further funds will not be provided as necessary, to enable the company to continue as a going concern.

Financial Reporting Standard Number 1

Exemption has been taken from preparing a cash flow statement on the grounds that the company qualifies as a small company.

Turnover

Turnover represents net invoiced sales of services, excluding value added tax.

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.
