Director's report

The director presents the annual report and the financial statements for the year ended 31 March 2009

Principal activities and business review

Enquiries from potential customers regarding bespoke *objets d'art* that are also functional continue to be received. However due to the high cost of manufacture in the UK, these enquiries have not been converted into sales. With the recent effective devaluation of the British Pound, it is hoped that these items are that much more competitively priced and so may find buyers in the South Asia region. Efforts continue.

During the year the office equipment owned by the company that consisted of a laptop and desktop computer purchased many years ago were scrapped as these machines could not run the software available today and so could not even be given away to a good cause.

Director

The director who served during the year and his beneficial interest in the issued shares of the company was :-

Ordinary shares of £1 each 31.3.2009 31.3.2008 1 1

S. Chatterjee

Auditors

Due to the provisions of the Companies Act 1985, Section 249A(1), the account did not require to be audited. Hence, no auditor had been appointed.

This report was approved by the board on 11 November 2009 taking advantage of exemptions available to small companies.

Signed on behalf of the director.

continuation to the Balance Sheet as at 31 March, 2009

The directors have:

- 1. Taken advantage of the Companies Act 1985 in not having these accounts audited under Section 249A(1) [total exemption].
- 2. Confirmed that no notice has been deposited under Section 249B(2) of the Companies Act 1985.
- Acknowledge their responsibilities for ensuring that the company keeps accounting records which comply with Section 221 of the Companies Act 1985.
- 4. Acknowledge their responsibilities for preparing accounts which give a true and fair view of the company and of its loss for the year then ended in accordance with the requirements of Section 226 of the Companies Act 1985, and which otherwise comply with requirements of this Act relating to accounts, so far as applicable to this company.

The directors have also:

(i) taken advantage of the exemptions conferred by Part III of Schedule 8 of the Companies Act 1985

and

(ii) in their opinion the company is entitled to those exemptions on the basis that it qualifies as a small company.

Approved by the board of directors on Lie. November 2009 and signed on their behalf.

Signed
S. Charley (Director)

Date 2/11/2009

Notes to the financial statements for the year ended 31 March 2009.

1. Accounting Policies.

Basis of preparation.

The financial statements have been prepared in accordance with applicable accounting standards and under the historical cost convention.

The financial statements have been prepared on a going concern basis which assumes that the company will continue to trade. The validity of the going concern basis is dependent upon the continuous support of the loan creditor.

Tangible Fixed assets and depreciation.

Depreciation is provided by the company to write off the cost less the estimated residual value of the tangible fixed asset over their estimated useful economic lives to the business as follows:

Equipment including Office equipment - 25 % per annum Reducing balance.

Stock

The stock which was physically counted at the end of the accounting year is valued at the lower of cost or net realisable value. Cost includes all direct costs involved in bringing the stock to the company's warehouse facility.

Taxation

The charge for taxation is based on the profit for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes. Provision is made for deferred taxation only to the extent that it is probable that an actual liability will crystallise.

Turnover

Turnover represents the amounts (excluding value added tax) derived from the provision of goods and services to customers during the year.

Foreign currencies

Transactions in foreign currencies are translated into Sterling at the rate ruling on the date of the transaction.
