Where funds permit the officeholder will look to recover both category 1 and category 2 disbursements from the estate. For the avoidance of doubt, such expenses are defined within SIP 9 as follows:

Category 1 disbursements These are costs where there is specific expenditure directly referable both to the appointment in question and a payment to an independent third party. These may include, for example, advertising, room hire, storage, postage, telephone charges, travel expenses, and equivalent costs reimbursed to the officeholder or his or her staff.

Category 2 disbursements These are costs that are directly referable to the appointment in question but not to a payment to an independent third party. They may include shared or allocated costs that can be allocated to the appointment on a proper and reasonable basis, for example, business mileage.

Any disbursements to be paid from the estate are disclosed within the summary of disbursements above.

The only Category 2 disbursements that KPMG Restructuring currently charges is mileage, this is calculated as follows:

Mileage claims fall into three categories:

Use of privately-owned vehicle or car cash alternative – 40p per mile

Use of company car – 60p per mile

Use of partner's car – 60p per mile

For all of the above car types, when carrying passengers an additional 5p per mile per passenger will also be charged where appropriate.
