## **Directors' report**

The Directors present their report together with the audited financial statements of the Company for the year ended 31 December 2010

### **Principal activities**

The Company is a holding company of a group of companies which engage in projects relating to the tobacco industry in China

### **Review of the year to 31 December 2010**

The loss for the financial year attributable to B A T Far East Holding Limited shareholders after deduction of all charges and the provision of tax amounted to £4,000 (2009 £5,000)

The Directors expect the Company's activities to continue on a similar basis in the foreseeable future

### **Going concern**

The Directors believe that preparing the accounts on the going concern basis is appropriate due to the continued financial support of the intermediate parent company British American Tobacco (1998) Limited. This support is expected to continue for the foreseeable future. The Directors confirm that they have complied with the above requirements in preparing the financial statements.

### **Key performance indicators**

The Directors of British American Tobacco p l c , the ultimate parent company, manage the operations of the British American Tobacco Group (the "Group") on a regional basis. For this reason, and given the nature of the Company's activities, the Company's Directors believe that key performance indicators are not necessary or appropriate for an understanding of the Company's specific development, performance or the position of its business. However, key performance indicators relevant to the Group, and which may be relevant to the Company, are disclosed under the Business Review section in the Annual Report of British American Tobacco p l c and do not form part of this report.

### **Principal risks and uncertainties**

The principal risks and uncertainties of the Company, including financial risk management, are integrated with the principal risks of the Group and are monitored by audit committees to provide a framework for identifying, evaluating and managing risks faced by the Group. Accordingly, the key Group risk factors that may be relevant to the Company are disclosed in the Annual Report of British American Tobacco p l c and do not form part of this report.

### **Dividends**

The Directors do not recommend the payment of a dividend for the year (2009 £nil)

### **Statement of directors' responsibilities**

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the company for that period. In preparing these financial statements, the Directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

**Directors' report**

**Directors' declaration in relation to relevant audit information**

Having made enquiries of fellow directors and of the Company's auditors, each of the Directors confirms that

- (a) to the best of his or her knowledge and belief, there is no relevant audit information of which the Company's auditors are unaware, and
- (b) he or she has taken all steps that a director might reasonably be expected to have taken in order to make himself or herself aware of relevant audit information and to establish that the Company's auditors are aware of that information

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the Directors, and the overall presentation of the financial statements.

### **Opinion on financial statements**

In our opinion the financial statements

- give a true and fair view of the state of the Company's affairs as at 31 December 2010 and of its loss for the year then ended,

## **Notes to the financial statements for the year ended 31 December 2010**

### **1 Accounting policies**

#### **(1) Basis of accounting**

The financial statements are prepared on the going concern basis, under the historical cost convention, and in accordance with the Companies Act 2006 and applicable accounting standards in the United Kingdom

The Company is included in the consolidated financial statements of British American Tobacco plc which is incorporated in the United Kingdom and registered in England and Wales. Consequently, the Company has taken advantage of the exemption from preparing consolidated financial statements under the terms of section 400 of the Companies Act 2006.

The principal accounting policies have been applied consistently throughout the year and a summary is set out below.

#### **(2) Cash flow statement**

The Company is a wholly-owned subsidiary of British American Tobacco plc. The cash flows of the Company are included in the consolidated cash flow statement of British American Tobacco plc which is publicly available. Consequently the Company is exempt under the terms of FRS 1 (Revised) from publishing a cash flow statement.

#### **(3) Foreign currencies**

Turnover and profits expressed in currencies other than sterling are translated into sterling at average rates of exchange. Assets and liabilities are translated at closing rates of exchange. The difference between the retained profit of the overseas branch translated at the average and closing rates of exchange is taken to reserves, as are differences on exchange arising on the retranslation to sterling of foreign currency net liabilities at the beginning of the year. Other exchange differences, including those on remittances, are reflected in the profit and loss account.

#### **(4) Accounting for income**

Income is included in the profit and loss account when all contractual or other applicable conditions for recognition have been met. Provisions are made for bad and doubtful debts where there is an expectation that all or a portion of the amount due will not be recovered.

#### **(5) Taxation**

Taxation provided is that chargeable on the profits of the year, together with deferred taxation.

Deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date, where transactions or events that result in an obligation to pay more taxation in the future or a right to pay less taxation in the future have occurred at the balance sheet date.

A net deferred taxation asset is recognised as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits against which to recover carried forward taxation losses and from which the future reversal of underlying timing differences can be deducted.

Deferred taxation is measured at the average taxation rates that are expected to apply in the periods in which the timing differences are expected to reverse based on taxation rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred taxation is measured on an undiscounted basis.
