NOTES TO THE ABBREVIATED ACCOUNTS **FOR THE YEAR ENDED 31ST DECEMBER 2015**

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

Turnover

Turnover represents the amount receivable by the company in respect of annual service charges, together with any additional charges, rendered to lessees during the year.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Freehold property - not provided

It is the company's practice to maintain its freehold buildings in a continual state of sound repair and to make improvements thereto from time to time. Accordingly the directors' assessment of the lives of these assets and their residual values is such that any depreciation relating thereto would be immaterial. Consequently no charge for depreciation is made.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

4. DIRECTORS' ADVANCES, CREDITS AND GUARANTEES

As each director is also a lessee of the property, service charges and ground rent were levied on normal commercial terms. The amounts due by each director and the balances due either to the company or to the lessee as at the year end date are as shown below:

		2015 £	2014 £
B.A. Millan	Service charges, etc.	1,130	1,000
	Balance due to the lessee at the year end date	-	30
D.J. Bradbury	Service charges, etc.	1,130	1,000
	Balance due by the lessee at the year end date	50	525

Service charges and supplementary service charges shown above only relate to the period each individual was a director. None of these transactions are with the company directly but they are with the company acting as agent on behalf of the lessees.

5. RESTATEMENT

The company's 2014 accounts have been restated to account for the exclusion of transactions made as agent, involving the re-allocation of income and expenditure between that of the company and that as an agent, and of revenue reserves to amounts held in trust for lessees. Sums previously shown within the provisions account are now included as liabilities held within a Trust. Any surplus or deficit for the year is shown as a service charge balance on the service charge account. If there is an overall surplus the company holds these funds on Trust for the lessees.

The movement in the Trust account for the year is as follows, and the balance as at the balance sheet date effectively represents the net surplus, or deficit, or retained provisions to date:

	2015 £	2014 £
Balance at 1st January 2015	11,798	13,360
Surplus for the year		
- Service charge balance	<u>703</u>	<u>(1,562)</u>
Balance at 31 st December 2015	<u>12,501</u>	<u>11,798</u>
