### **DIRECTORS' REPORT**

The directors present to the members their report and the financial statements of the Corporation for the year ended 31 December 2011

### **PRINCIPAL ACTIVITIES AND REVIEW OF THE BUSINESS**

The Corporation is engaged in providing pension trustee services

There have not been any significant changes to the principal activities during the year. The directors are not aware at the date of the report of any likely changes in the company's activities in the next year.

Turnover has increased by 7.6% (2010: 2.6% decrease) and profit before tax increased by 10.9% (2010: 3.1% increase).

### **PRINCIPAL RISKS AND UNCERTAINTIES**

In its role as independent trustee, the company contributes to the deliberations and responsibilities of pensions trustee boards. There is a risk that if this were contributed negligently, then claims could arise.

The directors ensure that proper professional training is in place for all staff; there is appropriate consultation between our employees and where necessary external legal, actuarial and financial advice is taken.

### **RESULTS**

The Corporation's profit after taxation for the year was £2,142,152 (2010: £1,839,022), which is equal to the final dividend proposed by the directors and approved by the shareholder on 20 December 2011.

There are no accumulated reserves carried forward.

### **PAYMENT OF SUPPLIERS**

The company is committed to seeking best terms possible for all types of business and hence there is no single policy as to the terms used. During the year, the company had no trade creditors. Special arrangements exist for suppliers of certain legal services, where the company charges these costs to its clients.

### **FINANCIAL INSTRUMENTS**

The company does not actively use financial instruments as part of its financial risk management. It is exposed to the usual credit risk and cash flow risk associated with selling on credit and manages this through credit control procedures. The nature of its financial instruments means that they are not subject to price risk or liquidity risk.

### **STATEMENT OF DIRECTORS' RESPONSIBILITIES**

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.
