1 Accounting Policies

Basis of measurement and preparation of accounts

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008.

Turnover policy

Turnover represents amounts receivable for goods and services net of VAT and trade discounts.

Other accounting policies

Going concern.

Although the profit and loss account is in deficit by £14,856, the directors have given their assurance that their loans will not be repaid within the next accounting period to the extent that it would prejudice the company's ability to continue trading. On this basis, the directors consider it appropriate to prepare the financial statements on a going concern basis.
