BROWN & BROWN UK - GRP LIMITED (FORMERLY GRP UK BIDCO LIMITED)

STRATEGIC REPORT

FOR THE PERIOD ENDED 31 DECEMBER 2022

This Strategic Report has been prepared for Brown & Brown UK - GRP Limited and its subsidiaries ('the Group' or 'GRP') and therefore gives greater emphasis to those matters which are significant to the Group and its subsidiary undertakings when viewed as a whole.

Change in reporting period

The current reporting period relates to a 9 month period from 1 April 2022 to 31 December 2022. The comparatives relate to a 12 month period.

Key achievements and performance indicators

In the 9 month period to 31 December 2022 the Group continued its growth.

Key performance indicators		9 Month Period ended 31 December 2022	Year ended 31 March 2022
Turnover	£m's	£181.6	£201.0
Operating profit	£m's	£41.2	£71.3

The following are key highlights:

- On 1 July 2022 the Group was acquired by Brown & Brown, Inc., a company incorporated in the United States and listed on the New York Stock Exchange.

- Operating profit is the Group's preferred performance indicator and in the Directors view the most accurate method of assessing the underlying performance of the business. Operating profit is reported before non-cash charges of £78m, Interest of £20m and exceptional costs of £6.9m. After accounting for these charges the company reported a pre-tax loss of £63.6m.

- GRP has a strategy of acquiring high-quality UK insurance broking businesses and Managing General Agents ("MGAs") with *talented, entrepreneurial management teams*. *Acquisitions have supported the ongoing development of GRP's local distribution footprint as well as building client led propositions across an increasing number of specialisms.*

- The Group has acquired 18 businesses in the period ended 31 December 2022 (13 in the year to 31 March 2022).

- The Group has continued to invest in its scalable platform to support its future growth ambitions. An element of this has been the significant investment in market leading data led analytics capability which delivers quality management information and insight to inform, support and validate business decisions.

- Employee numbers have grown to more than 2,100 during the financial period.

- Third-party financing was repaid as part of the Brown & Brown, Inc. acquisition.

- Exceptional items totalling £6.9m relate to non-recurring one off items borne during the year that are not day to day costs of running the business. The costs primarily relate to Group Wide IT system improvements and deal costs relating to the Brown & Brown Inc. acquisition.

As a result of the developments above, the Group is now one of the largest commercial brokers in the UK.

BROWN & BROWN UK - GRP LIMITED (FORMERLY GRP UK BIDCO LIMITED)

STRATEGIC REPORT

FOR THE PERIOD ENDED 31 DECEMBER 2022

Overview

The Group is focused on a programme of growth through acquisition and integration of carefully selected regional retail, wholesale and health insurance brokers, MGAs, portfolios and teams.

Central to GRP's business model is the optimisation of client outcomes. This is delivered through the provision of compelling client focused propositions, specialist and niche products distributed through our local branch network and underwritten by a panel of leading insurer partners.

GRP has a significant pipeline of acquisitions, and discussions are ongoing with a number of businesses which meet GRP's stringent acquisition criteria. GRP drives a comprehensive improvement programme to grow the operating margins of the underlying businesses, embedding best practice processes and standards, underpinned by centralised support, oversight and governance.

STRATEGIC REPORT

FOR THE PERIOD ENDED 31 DECEMBER 2022

Business Review

The directors consider the outlook for the Group to be positive with an extensive pipeline of target business acquisitions coupled with steady growth projections for existing Group companies. The Group has a strong management team with extensive industry experience.

Principal Risks and Uncertainties

Management records the ongoing identification of risks and mitigating controls through its risk register, which is considered and updated at the regular Risk and Compliance Committee meetings. Mitigating controls are structured to bring risks within the Board's agreed risk appetite.

The Group is primarily exposed to the following risks:

Regulatory and Compliance Risk

There is the risk of financial loss or reputational impact through non-compliance with the relevant laws and regulations of the insurance intermediary sector. The Group manages this through an established control framework based on documented policies and procedures, compliance function monitoring and reporting, and ongoing monitoring at Board and Risk and Compliance Committee meetings.

Cashflow and Liquidity Risk

The Group is dependent on cash flows generated by its trading operations, which are in turn reliant on the commissions and fees earned by its subsidiaries. In addition, profit commissions are earned based on the underwriting results of the business written. The Group is therefore exposed to the cyclical nature of the insurance industry, both in terms of the size and performance of the market and in the lines which it writes.

The Group mitigates this risk by operating in niche, profitable lines, which are less subject to the cyclical nature of the wider market. The Group manages its business plans and cash flow forecasting to ensure that payments can be met when they fall due. In addition, the Group's activities expose it to the financial risks of changes in foreign currency exchange rates on insurance balances denominated in Euros and US Dollars and through changes in interest rates. To minimise the risk, foreign currency transactions are matched utilising foreign currency bank accounts. The Group regularly assesses foreign currency exposure and, where material, will endeavour to hedge as appropriate.

Interest bearing assets and liabilities are held at fixed rate to ensure certainty of cash flows.

Credit Risks

The Group's principal financial assets are bank balances and cash, trade and other receivables with credit risk primarily attributable to its trade receivables and bank balances. The credit risk on liquid funds is limited because the counterparties are banks with high credit-ratings assigned by International credit-rating agencies. There is no significant concentration of credit risk as the risks are spread over a number of counterparties.

BROWN & BROWN UK - GRP LIMITED (FORMERLY GRP UK BIDCO LIMITED)

STRATEGIC REPORT

FOR THE PERIOD ENDED 31 DECEMBER 2022

Principal Risks and Uncertainties (continued)

Underwriting Capacity Risk

The Group and its operations are exposed to potential changes of underwriting procedures and policy by its capacity providers, as the Group does not hold any capital risk. In addition, the underwriting performance determines the value of profit commission received.

Litigation Risk

There is the risk of litigation or legal action as a result of ongoing trading in subsidiaries. The Group manages this through a robust programme of controls across the Group commensurate to the size and nature of the business, based on the documented policies and procedures, combined with insurance.

Errors and Omissions Exposures

As a consequence of the business sector the Group operates in, claims alleging professional negligence may be made against the Group in the ordinary course of business. Some of these may have a material adverse impact on the Group's profitability, cash and capital. The Group mitigates this risk by ensuring that it has in place robust and risk-based governance and operational policies and procedures, and that staff are competent for the roles they perform and have access to appropriate training and development. In addition, the Group has taken out Errors & Omissions insurance cover.

Political Risk

The group has performed a review of political risk and is not significantly impacted. The situation continues to be closely monitored.

Cyber/IT Risk

The Group is exposed to potential IT failure as a result of a cyber-attack. The Group manages this through a comprehensive set of policies, procedures and controls including robust security protocols.

BROWN & BROWN UK - GRP LIMITED (FORMERLY GRP UK BIDCO LIMITED)

STRATEGIC REPORT

FOR THE PERIOD ENDED 31 DECEMBER 2022

Section 172

The Board of Brown & Brown (Europe) Limited ('the Board') considers the long term consequences of its decisions and these are guided by the Group strategy which seeks to ensure this is executed with due regard to our stakeholders and maintaining high standards of business conduct. Having shareholders represented on the Board means that shareholder engagement is robust. The strength of the Board and governance structure is further enhanced by the presence of independent directors. Key stakeholders also include our employees, customers, insurers and regulators. We engage with each of these as follows:

Employees

The Board recognises that employees are our biggest asset and through development and remuneration structures we reward performance at the individual business level. We seek to focus on our employees to promote an open and honest culture where every employee feels valued and trusted to do the right thing.

Customers

Positive customer relationships are key to the performance of the Group and we endeavour to achieve and maintain a high standard of customer satisfaction. We review our product offerings and services to ensure these continue to meet the high standards set and meet customer needs.

Insurers

Strong relationships with Insurers are central to the future success of the Group. Regular meetings are held with key insurance partners, introducers and network members to discuss performance and ways in which we can enhance the customer experience. With regular insurer engagement GRP is able to continue a high standards of service to customers.

Regulators

The Group's principal regulator is the FCA and the board operates an open and transparent relationship. The Group believes that having a strong, positive and open relationship with the FCA is essential for future strategy and growth.

Community and sustainability

The Group's commitment to minimising our impact on the environment is evidenced through encouraging recycling internally, using motion sensitive lighting in offices where available reducing emissions. The Group has 135 operational premises which used 1 Gwh of electricity and 0.4 Gwh of gas which equates to a 9 month CO2 consumption of 199 & 65 tonnes respectively. The data has been calculated by obtaining the electricity and gas consumption, across the Group property portfolio. The total annual CO2 of 264 tonnes produced by the Group equates to 1 tonnes per million pounds of revenue.

BROWN & BROWN UK - GRP LIMITED (FORMERLY GRP UK BIDCO LIMITED)

DIRECTORS' REPORT FOR THE PERIOD ENDED 31 DECEMBER 2022

The Director presents their annual report on the affairs of Brown & Brown UK - GRP Limited together with the financial statements and auditor's report, for the period ended 31 December 2022.

Review of the business, future developments, events after the balance sheet date and principal risks and uncertainties

GRP has chosen in accordance with Companies Act 2006, s.414C(11) to set out in the Company's Strategic Report information required by Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2008, Sch.7 to be contained in the directors' report. It has done so in respect of business activities, risks and future developments.

Results and dividends

The Group has reported a loss after taxation for the period of £63.4m. (year to 31 March 2022: £98.3m). The directors do not recommend the payment of a dividend.

Directors

The directors, who served during the year and to the date of this report, were as follows:

M Bruce

A Frey (resigned 1 July 2022)

H Ramos De Freitas (resigned 1 July 2022)

Directors' Indemnities

The Group and Company has made qualifying third party indemnity provisions for the benefit of its directors which were made during the year and remain in force at the date of this report. Additional cover for the Directors against personal financial exposure has been made under a directors' and officers' liability insurance policy.

Political Contributions

The Company made no political contributions during the current or prior years.

Employees

Disabilities

Applications for employment by disabled persons are always fully considered, bearing in mind the abilities of the applicant concerned. In the event of members of staff becoming disabled every effort is made to ensure that their employment with the Group continues and that appropriate training is arranged. It is the policy of the Group and the Company that the training, career development and promotion of disabled persons should, as far as possible, be identical to that of other employees.

Part Time and Fixed Term Work

Part time and fixed-term employees are treated the same as comparable full-time or permanent employees and enjoy no less favourable terms and conditions (on a pro-rata basis where appropriate), unless different treatment is justified.

BROWN & BROWN UK - GRP LIMITED (FORMERLY GRP UK BIDCO LIMITED)

DIRECTORS' REPORT FOR THE PERIOD ENDED 31 DECEMBER 2022

Employees (continued)

Discrimination

Employees must not unlawfully discriminate against or harass other people including current and former employees, job applicants, clients, customers, suppliers and visitors. This applies in the workplace, outside the workplace (when dealing with customers, suppliers or other work-related contacts), and on work-related trips or events including social events.

The following forms of discrimination are prohibited under this policy and are unlawful:

- Direct discrimination: treating someone less favourably because of a Protected Characteristic. For example, rejecting a job applicant because of their religious views or because they might be gay.
- Indirect discrimination: a provision, criterion or practice that applies to everyone but adversely affects people with a particular Protected Characteristic more than others, and is not justified. For example, requiring a job to be done full-time rather than part-time would adversely affect women because they generally have greater childcare commitments than men. Such a requirement would be discriminatory unless it can be justified.
- Victimisation: retaliation against someone who has complained or has supported someone else's complaint about discrimination or harassment.
- Disability discrimination: this includes direct and indirect discrimination, any unjustified less favourable treatment because of the effects of a disability, and failure to make reasonable adjustments to alleviate disadvantages caused by a disability.

Recruitment and Selection

Recruitment, promotion and other selection exercises such as redundancy selection are conducted on the basis of merit, against objective criteria that avoid discrimination. Shortlisting is done by more than one person if possible.

Vacancies are advertised to a diverse section of the labour market. Advertisements avoid stereotyping or using wording that may discourage particular groups from applying.

Job applicants are not asked questions which might suggest an intention to discriminate on grounds of a Protected Characteristic. For example, applicants are not asked whether they are pregnant or planning to have children.

Job applicants are not asked about health or disability before a job offer is made, except in the very limited circumstances allowed by law: for example, to check that the applicant could perform an intrinsic part of the job (taking account of any reasonable adjustments), or to see if any adjustments might be needed at interview because of a disability. Where necessary, job offers can be made conditional on a satisfactory medical check. Health or disability questions may be included in equal opportunities monitoring forms, and are not used for selection or decision-making purposes.

Breaches of this Policy

The Group takes a strict approach to breaches of this policy, which will be dealt with in accordance with our Disciplinary Procedure. Serious cases of deliberate discrimination may amount to gross misconduct resulting in dismissal.

If any employee believes that they have suffered discrimination, then they can raise the matter through our Grievance Procedure or Anti-harassment and Bullying Policy. Complaints are treated in confidence and investigated as appropriate.

Employees must not be victimised or retaliated against for complaining about discrimination. However, making a false allegation deliberately and in bad faith will be treated as misconduct and dealt with under our Disciplinary Procedure.

BROWN & BROWN UK - GRP LIMITED (FORMERLY GRP UK BIDCO LIMITED)

DIRECTORS' REPORT

FOR THE PERIOD ENDED 31 DECEMBER 2022

Employees (continued)

Employee Participation

The Group places considerable value on the involvement of its employees and has continued to keep them informed on matters affecting them as employees and on the various factors affecting the performance of the Group. The group-wide intranet informs employees about all material developments within the Group.

Employees are consulted regularly on a wide range of matters affecting their current and future interests. If required we arrange the election of employee representatives who we then consult with as appropriate.

Human Rights and Modern Slavery

The Group endorses the implementation and promotion of ethical business practices to protect workers from being abused and exploited. We are committed to preventing slavery and human trafficking in our corporate activities and to ensuring that our supply chains are free from slavery and human trafficking.

The Group performs an important role in the insurance distribution chain dealing with its end customers, brokers, underwriting agents, insurers and other insurance market participants. However, we believe that we are at low risk of human trafficking and slavery occurring within our business or supply chain as we do not have a supply chain that is reliant on factories or other entities that would normally be associated with slavery or forced labour. As a general rule, contractors and suppliers used by us are also not considered likely to be susceptible to this risk. However, employees responsible for managing suppliers and others involved with the Group are responsible for ensuring that our values and ideals are upheld. We continue to ensure that our contracts include appropriate protections and serious violations by suppliers would lead to the termination of the business relationship.

Energy and Carbon Reporting

This has been disclosed in the Strategic Report.

Going Concern

The financial statements of the Group set out on pages 19 to 74 have been prepared on a going concern basis. At 31 December 2022, prior to exceptional costs, amortisation, depreciation, share based remuneration and interest the Group reported an operating profit of £41.2m for the period ended 31 December 2022.

The Directors consider the going concern basis to be appropriate following their assessment of the Group's financial position and its ability to meet its obligations as and when they fall due. In making the going concern assessment the Directors have taken into account the following:

- The liquidity of the group and the transaction with Brown & Brown, Inc.
- Its limited exposure to any financial losses generated by the crisis in Ukraine.
- The business trajectory of organic growth and continued execution of the M&A strategy.

When assessing the presentation of the financial statements on a going concern basis, the Directors have considered the business plans and associated cash forecasts.

The insurance industry is a segment of the UK economy which has proven resilient in recent crises

In summary, the Directors are not aware of any material uncertainties that cast significant doubt on the Group's ability to continue as a going concern.

DIRECTORS' REPORT

FOR THE PERIOD ENDED 31 DECEMBER 2022

Auditor

Each of the persons who is a director at the date of approval of this report confirms that:

- so far as the director is aware, there is no relevant audit information of which the Group's auditor is unaware; and
- the Director has taken all the steps that he/she ought to have taken as a director in order to make himself/herself aware of any relevant audit information and to establish that the Group's auditor is aware of that information.

Deloitte LLP has indicated its willingness to be reappointed for another term and appropriate arrangements have been put in place for Deloitte LLP to be deemed reappointed as auditor in the absence of an Annual General Meeting.

Future developments and events after the balance sheet date

Future developments and events after the balance sheet date have been disclosed in the Strategic Report and note 27.

BROWN & BROWN UK - GRP LIMITED (FORMERLY GRP UK BIDCO LIMITED)

DIRECTORS' RESPONSIBILITY STATEMENT FOR THE PERIOD ENDED 31 DECEMBER 2022

The Directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland". Under Company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Group and of the profit or loss of the Group for that year. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that GRP will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Group's transactions and disclose with reasonable accuracy at any time the financial position of GRP and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are responsible for the maintenance and integrity of the corporate and financial information included on the GRP's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

BROWN & BROWN UK - GRP LIMITED (FORMERLY GRP UK BIDCO LIMITED)
INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF BROWN & BROWN UK - GRP LIMITED

Report on the audit of the financial statements

Opinion

In our opinion the financial statements of Brown and Brown UK – GRP Ltd (the 'parent company') and its subsidiaries (the 'group'):

- give a true and fair view of the state of the group's and of the parent company's affairs as at 31st December 2022 and of the group's loss for the period then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland"; and
- have been prepared in accordance with the requirements of the Companies Act 2006

We have audited the financial statements which comprise:

- the consolidated profit and loss account;
- the consolidated and parent company balance sheets;
- the consolidated and parent company statements of changes in equity;
- the consolidated cash flow statement; and
- the related notes 1 to 31.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report.

We are independent of the group and the parent company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (the 'FRC's') Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Our evaluation of the directors' assessment of the group's and parent company's ability to continue to adopt the going concern basis of accounting included:

- We evaluated management's method to assess going concern including an assessment of management's forward looking business plan;
- We obtained an understanding of the current financing of the Group and the impact of the completion of the acquisition of the Group by Brown & Brown Inc;
- We challenged future profit forecasts and forecast covenant calculations and assessed the reasonableness of assumptions used;
- We assessed the future profit forecasts against economic conditions including Climate Change and the Ukraine crisis;

BROWN & BROWN UK - GRP LIMITED (FORMERLY GRP UK BIDCO LIMITED)

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF BROWN & BROWN UK - GRP LIMITED

Conclusions relating to going concern (continued)

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the group's and parent company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the group's and the parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the parent company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

BROWN & BROWN UK - GRP LIMITED (FORMERLY GRP UK BIDCO LIMITED)

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF BROWN & BROWN UK - GRP LIMITED

Extent to which the audit was considered capable of detecting irregularities, including fraud

Extent to which the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

We considered the nature of the group's industry and its control environment, and reviewed the group's documentation of their policies and procedures relating to fraud and compliance with laws and regulations. We also enquired of management about their own identification and assessment of the risks of irregularities.

We obtained an understanding of the legal and regulatory frameworks that the group operates in, and identified the key laws and regulations that:

- had a direct effect on the determination of material amounts and disclosures in the financial statements. These included the Companies Act and tax legislation; and
- do not have a direct effect on the financial statements but compliance with which may be fundamental to the group's ability to operate or to avoid a material penalty. These included Financial Conduct Authority regulations

We discussed among the audit engagement team including significant component audit teams and relevant internal specialists such as tax and IT regarding the opportunities and incentives that may exist within the organisation for fraud and how and where fraud might occur in the financial statements.

As a result of performing the above, we identified the greatest potential for fraud in the following areas, and our specific procedures performed to address it are described below:

The group earns fees and commissions from its insurance broking activities and there is a fraud risk that brokerage is inappropriately accelerated or deferred between accounting periods.

We have assessed that there is a significant risk of material misstatement relating to revenue recognition which is pinpointed to the cut-off assertion specifically around the year end.

- We have obtained an understanding of the revenue process, including procedures for determining the commission percentages in accordance with policies and binder agreements and the flow of financial information into the general ledger;
- Assessed the design and implementation of controls in the revenue process specifically focusing on the controls that address revenue recognition cut-off; and
- Perform analytics on revenue trends over the year and specifically in December 2022 and January 2023 to identify any transaction which may have been erroneously recognised as revenue in the incorrect period indicating an increased risk of cut-off;
- Performed additional sample testing for transactions processed around the year-end date and within the first month of the new financial year, multi-annual policies recorded in installments and balances accrued for at year end to identify any transactions which may have been erroneously recognised as revenue in the incorrect period to address the risk of cut-off; and
- Reviewed cancellations in January 2023 listing and tested as a separate population to address the 'fraud risk' that transactions may be fictitiously booked in December 2022 and reversed out in January 2023.

In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override. In addressing the risk of fraud through management override of controls, we tested the appropriateness of journal entries and other adjustments; assessed whether the judgements made in making accounting estimates are indicative of a potential bias; and evaluated the business rationale of any significant transactions that are unusual or outside the normal course of business.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF BROWN & BROWN UK - GRP LIMITED

Extent to which the audit was considered capable of detecting irregularities, including fraud (continued)

In addition to the above, our procedures to respond to the risks identified included the following:

- reviewing financial statement disclosures by testing to supporting documentation to assess compliance with provisions of relevant laws and regulations described as having a direct effect on the financial statements;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;
- enquiring of management internal audit and in-house legal counsel concerning actual and potential litigation and claims, and instances of non-compliance with laws and regulations; and
- reading minutes of meetings of those charged with governance, as well as reviewing internal audit reports and FC correspondence.

Report on other legal and regulatory requirements

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the group and of the parent company and their environment obtained in the course of the audit, we have not identified any material misstatements in the strategic report or the directors' report.

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report in respect of the following matters if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in respect of these matters.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

BROWN & BROWN UK - GRP LIMITED (FORMERLY GRP UK BIDCO LIMITED)

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 DECEMBER 2022

1 Significant accounting policies

The principal accounting policies are summarised below. They have all been applied consistently throughout the period ended 31 December 2022.

a. General information and basis of accounting

Brown & Brown UK - GRP Limited (formerly GRP UK Bidco Limited) ("the Company") is a private company limited by shares incorporated in England and Wales under the Companies Act 2006. The registered office address is 7th Floor Corn Exchange, 55 Mark Lane, London, United Kingdom, EC3R 7NE. The registered company number is 12434508. The nature of the Group's operations and its principal activities are set out in the strategic report on pages 3 to 9.

The financial statements have been prepared under the historical cost convention, modified to include certain items at fair value, and in accordance with Financial Reporting Standard 102 ("FRS 102") issued by the Financial Reporting Council.

The functional currency of the Group is considered to be pounds sterling because that is the currency of the primary economic environment in which the Group operates. The consolidated financial statements are also presented in pounds sterling and are rounded to the nearest whole thousand £, except where otherwise indicated.

No profit and loss account is presented for the Company as permitted by section 408 of the Companies Act 2006. The Company's loss for the period is disclosed in the balance sheet.

The Company meets the definition of a qualifying entity under FRS 102 and has therefore taken advantage of certain disclosure exemptions available to it in respect of its financial statements.

In accordance with FRS 102, the Company in its individual financial statements has taken advantage of the exemptions from the following disclosure requirements:

- Section 4 'Statement of Financial Position' – Reconciliation of the opening and closing number of shares;
- Section 7 'Statement of Cash Flows' – Presentation of a Statement of Cash Flow and related notes and disclosures;
- Section 11 'Basic Financial Instruments' & Section 12 'Other Financial Instrument Issues' – Carrying amounts, interest income/expense and net gains/losses for each category of financial instrument; basis of determining fair values; details of collateral, loan defaults or breaches, details of hedges, hedging fair value changes recognised in profit or loss and in other comprehensive income; and
- Section 33 'Related Party Disclosures' – Compensation for key management personnel.

b. Basis of consolidation

The Group financial statements consolidate the financial statements of the Company and its subsidiary undertakings drawn up to 31 December each period.

Subsidiaries are consolidated from the date of their acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases. Control comprises the power to govern the financial and operating policies of the investee so as to obtain benefit from its activities.

Business combinations are accounted for under the purchase method. Where necessary, adjustments are made to the financial statements of subsidiaries to bring the accounting policies used into line with those used by the Group. All intra-group transactions, balances, income and expenses are eliminated on consolidation.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE PERIOD ENDED 31 DECEMBER 2022

1 Significant accounting policies (continued)

b. Basis of consolidation (continued)

Contingent consideration

The cost of the combination includes the estimated amount of contingent consideration that is probable and can be measured reliably and is adjusted for changes in contingent consideration after the acquisition date.

c. Going concern

The financial statements of the Group set out on pages 19 to 74 have been prepared on a going concern basis. At 31 December 2022, prior to exceptional costs, amortisation, depreciation, share based remuneration and interest the Group reported an operating profit of £41.2m for the period ended 31 December 2022.

The Directors consider the going concern basis to be appropriate following their assessment of the Group's financial position and its ability to meet its obligations as and when they fall due. In making the going concern assessment the Directors have taken into account the following:

- The liquidity of the group and the transaction with Brown & Brown, Inc.
- Its limited exposure to any financial losses generated by the crisis in Ukraine.
- The business trajectory of organic growth and continued execution of the M&A strategy.

When assessing the presentation of the financial statements on a going concern basis, the Directors have considered the business plans and associated cash forecasts.

The insurance industry is a segment of the UK economy which has proven resilient in recent crises

In summary, the Directors are not aware of any material uncertainties that cast significant doubt on the Group's ability to continue as a going concern.

BROWN & BROWN UK - GRP LIMITED (FORMERLY GRP UK BIDCO LIMITED)

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE PERIOD ENDED 31 DECEMBER 2022

1 Significant accounting policies (continued)

d. Intangible assets - goodwill

Goodwill arising on the acquisition of subsidiary undertakings and businesses, representing any excess of the fair value of the consideration given over the fair value of the identifiable assets and liabilities acquired, is capitalised and written off on a straight-line basis over its useful economic life, which has been estimated to be 10 years. Provision is made for any impairment.

e. Intangible assets acquired in a business combination

Intangible assets acquired in a business combination and recognised separately from goodwill are initially recognised at their fair value at the acquisition date (which is regarded as their cost).

Subsequent to initial recognition, intangible assets acquired in a business combination are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

f. Tangible fixed assets

Tangible fixed assets are stated at cost or valuation, net of depreciation and any provision for impairment. Depreciation is provided on all tangible fixed assets, which are not considered to be in development, on a straight-line basis over its expected useful life, as follows:

Computer hardware:	4 years
Office equipment:	4 years
Furniture and fixtures:	4 years
Motor vehicles:	4 years
Leasehold improvements:	3 years
Freehold property:	2% straight line

Residual value represents the estimated amount which would currently be obtained from disposal of an asset, after deducting estimated costs of disposal, if the asset were already of the age and in the condition expected at the end of its useful life.

Intangible fixed assets

Intangible fixed assets are shown at purchase cost and amortised through the profit and loss account in equal instalments over the estimated useful life of the asset as follows:

Computer software:	4 years
Intellectual property:	6 years
Research and design:	3-5 years
Software licenses:	4 years
Website:	4 years
Customer relationships:	10 years

Cost associated with assets under construction are held within tangible fixed assets as they are incurred and qualify for depreciation at such time that they are complete.

Development costs have been capitalised in accordance with FRS 102 Section 18 Intangible Assets Other Than Goodwill and are therefore not treated, for dividend purposes as a realised loss.

A provision is made for any impairment.

BROWN & BROWN UK - GRP LIMITED (FORMERLY GRP UK BIDCO LIMITED)

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE PERIOD ENDED 31 DECEMBER 2022

1 Significant accounting policies (continued)

g. Financial instruments

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities.

(i) Financial instruments

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial assets and liabilities are only offset in the statement of financial position when, and only when there exists a legally enforceable right to set off the recognised amounts and the Group intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

The debt instruments held by the Group provide a fixed rate of return to the holder over the life of the instruments and there are no contractual provisions that could, by their terms, result in the holder losing the principal amount or any interest attributable to the current period or prior periods. These instruments are subsequently measured at amortised cost using the effective interest method.

(ii) Investments in subsidiaries

Investments in subsidiaries are measured at cost less provision for impairment. A subsidiary is an entity in which the Group has an interest of more than one-half of the voting rights or otherwise is able to demonstrate the power to exercise control over its operations. Investments in subsidiaries are recognised from the date at which control over their operations is transferred to the Group and will be derecognised at the date at which control ceases.

(iii) Cash and equivalents

Cash and equivalents comprise cash in hand and deposits which are readily available and which are subject to insignificant risks of changes in value and have an original maturity of three months or less at acquisition. The carrying amount of assets is approximately equal to fair value.

BROWN & BROWN UK - GRP LIMITED (FORMERLY GRP UK BIDCO LIMITED)

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE PERIOD ENDED 31 DECEMBER 2022

1 Significant accounting policies (continued)

h. Taxation

Current tax, including UK corporation tax and foreign tax, is provided at amounts expected to be paid using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the Group's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax liabilities are recognised for timing differences arising from investments in subsidiaries and associates, except where the Group is able to control the reversal of the timing difference and it is probable that it will not reverse in the foreseeable future.

Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date that are expected to apply to the reversal of the timing difference.

Where items recognised in other comprehensive income or equity are chargeable to or deductible for tax purposes, the resulting current or deferred tax expense or income is presented in the same component of comprehensive income or equity as the transaction or other event that resulted in the tax expense or income.

Current tax assets and liabilities are offset only when there is a legally enforceable right to set off the amounts and the Group intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Deferred tax assets and liabilities are offset only if: a) the Group has a legally enforceable right to set off current tax assets against current tax liabilities; and b) the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future year in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

BROWN & BROWN UK - GRP LIMITED (FORMERLY GRP UK BIDCO LIMITED)

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE PERIOD ENDED 31 DECEMBER 2022

1 Significant accounting policies (continued)

i. Turnover

Turnover represents brokerage, profit commission and fees net of any commission payable to third parties. It arises on the placement of insurance contracts by the Company.

Brokerage is recognised when the company's contractual right to such income is established and to the extent that the Company's relevant obligations under the contracts concerned have been performed. For the Company's broking activities, this means that brokerage is recognised at the inception of the underlying contract of insurance concerned, subject to a deferral of brokerage in respect of post-placement services that constitutes obligations of the company under those contracts.

Where the amount of brokerage is dependent on the achievement of contractual targets, the minimum amounts under the contract are recognised on inception, and the incremental amounts arising are recognised when their targets concerned are achieved.

Where the amount of brokerage is dependent on the results of the business placed, the minimum amounts under the contract are recognised at inception, and any incremental amounts are recognised only to the extent that a reliable estimate of the amounts concerned can be made. Such estimates are made on a prudent basis that reflects the level of uncertainty involved.

Profit commission arising from the placement of insurance contracts or the exercise of an underwriting agency by the Company is recognised when the right to such profit commission is established through a contract, but only to the extent that a reliable estimate of the amount due can be made. Such estimates are made on a prudent basis that reflects the level of uncertainty involved.

Turnover also represents sales to insured backed tenancy deposit protections under a membership scheme arrangement.

Revenue that has been credited in the Company's books, but not yet recognised as income in accordance with the policies described above, is credited to the deferred income account within accruals and deferred income in the Company's balance sheet.

Revenue that is recognised in accordance with this policy before it has been credited in the Company's books is included in insurance debtors in the Company's balance sheet.

In the case of proportional treaty insurance business and binding authorities, brokerage is recognised when the accounts are received. Fees are credited to the profit and loss account when invoiced to the client.

j. Leases

Rentals under operating leases are charged on a straight-line basis over the lease term, even if the payments are not made on such a basis. Benefits received and receivable as an incentive to sign an operating lease are similarly spread on a straight-line basis over the lease term.

BROWN & BROWN UK - GRP LIMITED (FORMERLY GRP UK BIDCO LIMITED)

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE PERIOD ENDED 31 DECEMBER 2022

1 Significant accounting policies (continued)

k. Foreign currency

Transactions in foreign currencies are recorded at the rate of exchange at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are reported at the rates of exchange prevailing at that date.

For the purpose of presenting consolidated financial statements, the assets and liabilities of the group's foreign operations are translated from their functional currency to Sterling (£) using the closing exchange rate. Income and expenses are translated using the average rate for the period, unless exchange rates fluctuated significantly during that period in which case the exchange rates at the dates of the transactions are used. Exchange differences arising on the translation of group companies are recognised in other comprehensive income and are not reclassified to profit or loss.

l. Insurance intermediary assets and liabilities

Some of the group subsidiaries act as underwriting agents and as such are insurance intermediaries. Insurance intermediaries, generally, are not liable as principals for the amounts arising from such transactions. As such, insurance liability balances are shown net of the related insurance debtors to the extent to which the Group bears no risk.

m. Exceptional items

Exceptional items are material items possessing a high degree of abnormality which arise from events or transactions that fall outside the ordinary activities of the reporting entity and which are not expected to recur. An ongoing priority for the Group continues to be the integration of certain back office functions within each of the GRP businesses. As a result, the Company is subjected to one-off, non-recurring expenses which have been deemed exceptional and have been reported separately.

n. Share based payments

Equity Settled Share Based Payments

The Group issues share award to employees. Equity-settled share-based payments to employees and other providing similar services are measured at the fair value of the equity instruments at the grant date. The fair value excludes the effect of non-market based vesting conditions. Details regarding the determination of the fair value of equity-settled share-based transactions are set out in note 11.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Group's estimate of the number of equity instruments that will eventually vest. At each reporting date, the Group revises its estimate of the number of equity instruments expected to vest as a result of the effect of non-market-based vesting conditions. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to reserves.

n. Share based payments (continued)

Cash Settled Share Based Payments

The Group has cash settled share based payments as a result of shares held by employees in the Group's subsidiaries. The fair value of the cash-settled share based payment is measured at grant date and is recognised as an expense over the vesting period, which ends on the date on which the relevant employees become fully entitled to the award. The provision vests upon a future realisation event if the award holder is still employed by Group at that date. Fair value is determined using an internally developed valuation model that discounts the expected future payment to the award holder. This amount was estimated by projecting the future performance and position of the group and discounted using an appropriate discount rate.

At each balance sheet date before vesting, the cumulative expense is calculated, representing the extent to which the vesting period has expired and management's best estimate of the achievement of the vesting conditions. The movement in cumulative expense since the previous balance sheet date is recognised in the consolidated profit and loss account, with a corresponding adjustment to provisions.

2 Critical accounting judgement and estimates and key sources of estimation uncertainty

In the application of the Group's accounting policies, which are described in note 1, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. No critical accounting judgements have been identified.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of the revision and future years if the revision affects both current and future years.

Estimates in applying the Group's accounting policies

The following are estimations, that the directors have made in the process of applying the Group's accounting policies and that have the most significant effect on the amounts recognised in the financial statements.

(i) Discount Factor (Estimate)

The discount factor has been used to determine the present value of goodwill and intangible assets when looking at possible impairments. As at 31 December 2022, the goodwill has been valued at £275.7m and intangible assets at £571.42m.

The discount factor expresses the time value of money to calculate the present value of the expected future cash flows of the deferred consideration and goodwill and intangible asset impairment testing and can differ from periods, therefore, is reasonably possible, based on existing knowledge, that outcomes within the next financial year that are different from assumptions could require a material adjustment to the carrying amount of the affected goodwill.

2 Critical accounting judgement and estimates and key sources of estimation uncertainty

(ii) Goodwill (Estimate)

The Group has assessed the useful life of goodwill and customer relationships arising on acquisition, taking into account a number of key factors including:

- a) projected cash flows;
- b) profit margins;
- c) renewal book retention giving rise to an accurate assessment of the number of years the existing business will remain in force;
- d) market conditions and how this impacts the business model;
- e) business reputation; and
- f) operational infrastructure mixed with the experience and knowledge retention of the key staff.

As a result of this assessment, the Group has determined that the useful life of goodwill and customer relationships is ten years and has calculated amortisation on this basis unless there is an indication of impairment, in which case a provision is made as required.

11 Share based payments

Cash settled share based payments

As part of certain business combinations, ordinary shares were issued by the acquiring intermediate holding company with service conditions attached. These conditions include that if a holder of these shares leaves employment from the Group before a realisation event, the Group has the opportunity to buy back the shares at the lower of the fair value or the price paid by the shareholders for the original shares.

The issue of shares with service conditions are treated as a cash-settled share based payment as the Group is obliged to buy the shares back. The share-based payment liability is calculated using a discounted cash flow model. The shares are assumed to vest on a realisation event.

Equity settled share based payment charges

Share options in the ultimate parent company are granted to directors and employees of the Group. The exercise price of the granted options is equal to the market prices of the shares less a 15% discount on the date of grant. Options are conditional on the employee completing three years of service. The options are exercisable starting three years from the grant date. The company has no legal or constructive obligation to repurchase or settle the options in cash.

The following amounts have been recognised in relation to share based payments:

	9 Month Period ended 31 December 2022	Year ended 31 March 2022

The provision for deferred consideration is measured at fair value through profit and loss and after applying an appropriate discount rate. Changes in fair value attributable to changes to the Group's own credit risk are not considered material. Payment is made based on the timings included in the share purchase agreements.

The provision for contingent consideration is recognised when the payment is probable and can be measured reliably. Changes in the value of the liability are adjusted to the cost of the combination. Payment is expected to be made based on the timings included in the share purchase agreements.

The provision for share based payments relates to the expected future payout to shareholders who obtained shares outside of the original business combination. Full payment was made on 1 July 2022.

On 3 March 2021, it was announced in the Budget that the UK tax rate will increase from 19% to 25% from 1 April 2023 onwards. The deferred tax balance has been calculated at the rate expected at the date of amortisation.

As a consequence of the business sector the Group operates in, claims alleging professional negligence may be made against the Group in the ordinary course of business. Some of these may have a material adverse impact on the Group's profitability, cash and capital. The Group mitigates this risk by ensuring that it has in place robust and risk-based governance and operational policies and procedures, and that staff are competent for the roles they perform and have access to appropriate training and development. In addition, the Group has taken out Errors & Omissions insurance cover.

Deferred tax assets and liabilities are offset only where the Group has a legally enforceable right to do so and where the assets and liabilities relate to income taxes levied by the same taxation authority on the same taxable entity or another entity within the group.

Deferred tax balances have been provided at 19%, to the extent that they are expected to reverse in periods to which that rate of corporation tax applies. As an increased rate of 25% has been substantively enacted by the Balance Sheet date and applies to profits and losses arising on or after 1 April 2023, that increased rate has been applied to deferred tax assets and liabilities that are expected to remain outstanding at 1 April 2023.

Deferred tax assets totalling £2,296,128 have not been recognised in respect of timing difference relating to tax losses and other amounts available for carry forward where it is not probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

The Group has an unprovided deferred tax asset, relating to corporate interest restrictions that will be available as deductions in future, of £5.3m (calculated at the rate anticipated to apply to any reversal, of 25%). Forecasts have been prepared for The Group and to consider the scope to recognise deferred tax assets in each of the subsidiary companies. These forecasts demonstrate that The Group will generate substantial EBITDA. However, given that, going forward, the group aims to broadly match its debt and equity funding, it is anticipated that the level of on-going interest costs will mean that previous corporate interest restrictions will take some time to reverse. Furthermore, it has been decided that any such reversals will first be taken in Brown & Brown UK Holdco Ltd. Accordingly, it is not anticipated that the corporate interest restrictions carried forward in these companies will reverse in the foreseeable future.
