The Media Intelligence Bulletin Limited
ABBREVIATED BALANCE SHEET Continued

For the year ending 31 July 2010 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

The members have not required the company to obtain an audit of its accounts for the year in question in accordance with section 476.

The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.

These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime.

Signed:

Emmett Power
Director

29 March 2010

The Media Intelligence Bulletin Limited
NOTES TO THE Abbreviated ACCOUNTS
As at 31 July 2010

1 ACCOUNTING POLICIES

Accounting convention

The accounts are prepared under the historical cost convention

The company is exempt from the requirement to prepare group accounts by virtue of Section 248 of the Companies Act 1985

Fixed assets

All fixed assets are initially recorded at cost.

Depreciation

Depreciation is provided on all tangible fixed assets other than freehold land at rates calculated to write off the cost or valuation, less estimated residual value, of each asset evenly over its expected useful life, as follows

Freehold buildings - over 50 years

Leasehold land and buildings - over the lease term

Plant, machinery and computer equipment - over 3 to 10 years

Deferred taxation

Deferred taxation is provided using the liability method on all timing differences which are expected to reverse in the future without being replaced, calculated at the rate at which it is anticipated the timing differences will reverse. Advanced corporation tax which is expected to be recoverable in the future is deducted from the deferred taxation balance

Deferred tax balances are only recognised if they are expected to be recoverable without replacement by equivalent debit balances

Foreign currencies

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the balance sheet date.

All differences are taken to the profit and loss account.

Leasing and hire purchase commitments

Assets held under finance leases and hire purchase contracts are capitalised in the balance sheet as a liability. The interest element of the rental obligations is charged to the profit and loss account over the period of the lease and represents a constant proportion of the balance of capital repayments outstanding

Rentals payable under operating leases are charged to the profit and loss account on a straight-line basis over the lease term

Capital instruments

Shares are included in shareholders funds. Other instruments are classified as liabilities if they contain an obligation to transfer economic benefits and if they are not included in shareholders' funds. The finance cost recognised in the profit and loss account in respect of

capital instruments other than equity shares is allocated to periods over the term of the instrument at a constant rate on the carrying amount.
