1 Accounting policies

Basis of preparation

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents the value, excluding value added tax, of goods and services supplied to customers during the year.

Depreciation

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.

Leasehold property	over 5 years
Plant and machinery	20% straight line
Fixtures and fittings	33 1/3 % straight line

Stocks

Stock and work in progress is valued at the lower of cost and net realisable value.

Deferred taxation

Deferred taxation is provided on the liability method on all timing differences that have originated but not reversed at the balance sheet date

Leasing and hire purchase commitments

Assets held under finance leases and hire purchase contracts, which are those where substantially all the risks and rewards of ownership of the asset have passed to the company, are capitalised in the balance sheet and depreciated over their useful lives. The corresponding lease or hire purchase obligation is treated in the balance sheet as a liability.

The interest element of the rental obligations is charged to the profit and loss account over the period of the lease and represents a constant proportion of the balance of capital repayments outstanding.

Rentals paid under operating leases are charged to income on a straight line basis over the lease term.
