NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31ST JULY 2011

1. ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accounts have been prepared under the historical cost convention

The company has taken advantage of the exemption in Financial Reporting Standard No 1 from the requirement to produce a cash flow statement on the grounds that it is a small company

DEPRECIATION

Depreciation is provided by the company to write off the costs less the estimated residual value of the tangible fixed assets over their estimated economic lives.

No depreciation is provided on Freehold properties. It is the company's practice to maintain these assets in a continual state of sound repair and to extend and make improvements thereto, as considered necessary, and accordingly the directors consider that the lives of these assets are so long and residual values so high that depreciation is insignificant

DEFERRED TAXATION

Deferred tax is provided for under the liability method using the tax rates estimated to arise when the timing differences reverse and is accounted for to the extent that it is probable that a liability or asset will crystallise. Unprovided deferred tax is disclosed as a contingent liability.

Debit balances arising in respect of advanced corporation tax on dividends payable or proposed are carried forward to the extent that they are expected to be recoverable

2. FIXED ASSETS
