NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2007

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention

1.2 Compliance with accounting standards

The financial statements are prepared in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2005)

1.3 Turnover

Turnover represents the total value of service charges and other income contributed by residents in respect of certain specific expenditure incurred during the year

1.4 Restricted reserves

The company is required to ensure that certain areas external to the flats are kept in good repair and decorative order and this requires major works every few years. A Restricted Reserve is maintained to provide funds to meet the expected costs of the major works. Each financial year a transfer is made from unrestricted to restricted reserves at a value equal to the budgeted costs of major works. When the costs are incurred, the restricted reserves are released back into unrestricted reserves.

1.5 Unrestricted Reserves

Any profit or loss arising where the actual expenditure does not equal the budgeted expenditure is transferred to unrestricted reserves after taking account of the transfer to restricted reserves as explained in note 1.4. Therefore, each year, all of the profit and loss for that year is transferred to Restricted and Unrestricted reserves. If the total of the loss for the year and the transfer to restricted reserve is greater than the unrestricted reserve's balance brought forward then the excess is disclosed in the accounts as an excess service charge debtor and is recovered from the residents in the following financial year.

1.6 Taxation

Service charges receivable are received as capital in the company's capacity as trustee, under the Landlord and Tenant Act 1987 and are therefore outside the scope of Corporation Tax. The investment income in the form of interest received on surplus service charge funds is taxed on the trustee company at the rate applicable to trusts. This applies to both the funds held for the Restricted Reserve for major works and also the funds held for the Unrestricted Reserve covering future routine costs incurred. Any investment income in the form of interest received on deposits not representing surplus service charge funds, is taxed at the applicable rate of Corporation Tax.

2 Taxation	2007 £	2006 £
Domestic current year tax		
Tax on investment income	101	-
Current tax charge	101	-

These financial statements are prepared in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2005) and therefore take advantage of the exemption available to not disclose the financial effect of the factors affecting the tax charge for the year.
