### **NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2020**

---

#### **1. General information**

National Shooting Centre Limited is a private company limited by shares incorporated in England and Wales. The registered office is Bisley Camp, Brookwood, Woking, Surrey, GU24 0PB.

#### **2. Accounting policies**

##### **2.1 Basis of preparation of financial statements**

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The following principal accounting policies have been applied:

##### **2.2 Going concern**

The Directors have reviewed the Company's forecasts, particularly cash flow forecasts including scenario planning, in the context of current plans to address the ongoing impact of Covid-19, and are satisfied that with continued short-term financial support from the National Rifle Association the Company can continue to meet its obligations as they fall due for the period of at least 12 months from the date of approval of these financial statements. The directors recognise that the COVID-19 pandemic impact has caused a loss of income in 2020 and an overall loss for the financial year, which has put a strain on liquidity and resulted in negative retained earnings at the yearend.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2020

---

#### 2. Accounting policies (continued)

##### 2.3 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must also be met before revenue is recognised:

###### Sale of goods

Revenue from the sale of goods is recognised when all of the following conditions are satisfied:

- the Company has transferred the significant risks and rewards of ownership to the buyer;
- the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably;
- it is probable that the Company will receive the consideration due under the transaction; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

###### Rendering of services

Revenue from a contract to provide services is recognised in the period in which the services are provided in accordance with the stage of completion of the contract when all of the following conditions are satisfied:

- the amount of revenue can be measured reliably;
- it is probable that the Company will receive the consideration due under the contract;
- the stage of completion of the contract at the end of the reporting period can be measured reliably; and
- the costs incurred and the costs to complete the contract can be measured reliably.

##### 2.4 Operating leases: the Company as lessee

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the lease term.

Benefits received and receivable as an incentive to sign an operating lease are recognised on a straight line basis over the lease term, unless another systematic basis is representative of the time pattern of the lessee's benefit from the use of the leased asset.

##### 2.5 Pensions

###### Defined contribution pension plan

The Company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Company pays fixed contributions into a separate entity. Once the contributions have been paid the Company has no further payment obligations.

The contributions are recognised as an expense in profit or loss when they fall due. Amounts not paid are shown in accruals as a liability in the Balance Sheet. The assets of the plan are held separately from the Company in independently administered funds.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2020

---

#### 2. Accounting policies (continued)

##### 2.6 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, as follows:

Depreciation is provided on the following basis:

Land and buildings Leasehold	- Over the period of the lease
Plant and machinery	- 2%, 5%, 10% or 25% on cost or valuation
Fixtures and fittings	- 25% on cost

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

##### 2.7 Stocks

Stocks are stated at the lower of cost and net realisable value, being the estimated selling price less costs to complete and sell. Cost is based on the cost of purchase on a first in, first out basis. Work in progress and finished goods include labour and attributable overheads.

At each balance sheet date, stocks are assessed for impairment. If stock is impaired, the carrying amount is reduced to its selling price less costs to complete and sell. The impairment loss is recognised immediately in profit or loss.

##### 2.8 Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

##### 2.9 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

##### 2.10 Creditors

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

---

## NATIONAL SHOOTING CENTRE LIMITED

---

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2020

---

#### 2. Accounting policies (continued)

##### 2.11 Gift aid payments

The company donates its taxable profits to its charitable parent company, the National Rifle Association, by means of a gift aid payment.

##### 2.12 Financial instruments

The Company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade debtors and creditors, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration expected to be paid or received. However, if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or in case of an out-right short-term loan that is not at market rate, the financial asset or liability is measured, initially at the present value of future cash flows discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost, unless it qualifies as a loan from a director in the case of a small company, or a public benefit entity concessionary loan.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Statement of Comprehensive Income.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate of the recoverable amount, which is an approximation of the amount that the Company would receive for the asset if it were to be sold at the balance sheet date.

#### 3. Auditors' remuneration

The Company has taken advantage of the exemption not to disclose amounts paid for non audit services as these are disclosed in the group accounts of the parent Company.

#### 4. Employees

The average monthly number of employees, including directors, during the year was 44 (2019 - 43).

	<u>899,284</u>	<u>957,411</u>

**9. Commitments under operating leases**

At 31 December 2020 the Company had future minimum lease payments due under non-cancellable operating leases for each of the following periods:

	2020 £	2019 £
Not later than 1 year	24,382	24,382
Later than 1 year and not later than 5 years	90,861	90,861
Later than 5 years	1,247,674	1,272,056
	<u>1,362,917</u>	<u>1,387,299</u>

**10. Financial commitments, guarantees and contingent liabilities**

On 10 July 2000, a 50 year debenture was created in favour of The English Sports Council, representing a fixed and floating charge over all the assets of the company, against the performance of the company's obligations under the Lottery Fund Agreement relating to the grant for the clay shooting complex for the 2002 Commonwealth Games. The amounts repayable to The English Sports Council in the event these obligations crystallise is £2,036,647 (2019: £2,036,647).

---

**NATIONAL SHOOTING CENTRE LIMITED**

---

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2020**

---

**11. Key Management Personnel Remuneration**

The key management personnel of the NSC are the Head Of Range Services, the General Manager Clay Shooting and the Commercial Operations Manager. The total employee benefits of the key management personnel of the entity were £206,253 (2019: £192,671).

**12. Post balance sheet events**

Since the year end Government COVID-19 restrictions obliged the Directors to close the Bisley ranges to civilian shooting from 5th January to 28th March 2021. During this lockdown most staff were placed on furlough leave, leaving a small team to service the firearms training requirements of police and MoD, and prepare for re-opening. All ranges were opened for civilian shooting on 29th March 2021 and have been busy with returning shooters. Directors continue to monitor and review management plans, performance and forecasts.

**13. Controlling party**

The parent of the Company is the National Rifle Association.

The ultimate controlling party are the Trustees of the National Rifle Association.

**14. Auditors' information**

The auditors' report on the financial statements for the year ended 31 December 2020 was unqualified.

The audit report was signed on 27 May 2021 by Jeremy Beard (Senior Statutory Auditor) on behalf of Haysmacintyre LLP.
